The Department of Education has issued
the following for the use of trustees and
teachers.

I. CHANGE OF TEXT-BOOKS.

The following text-books are authorized
for use in the schools:

(1) "The New Brunswick Readers,"
First Primer, Second Primer, Readers Nos.
1, 2, 3, and 4 instead of the Primer and
Royal Readers of the same numbers hereto-
fore in use.

(2) "The New Canadian Geography" in-
stead of "The Modern School Geography."
"The New Canadian Geography" is now
under revision and will be ready for use in
the course of a few weeks.

(3) The revised Edition of "Algebra for
Beginners" (Todhunter and Loney) N. B.
Edition. The answers to the problems, which
are not given in the Text-Book, may be ob-
tained by Teachers in separate binding.

In introducing the above books, or any of
them, Teachers and Trustees are especially
requested to observe the following instruc-
tions:

The Readers, Geography and Algebra now
in use in any of the schools may continue to
be used during the present year in any class,
provided the pupils of such class are now
supplied with them or can be supplied with-
out the purchase of new books; but whenever
it becomes necessary to purchase new books
in order that all the pupils of any class may
be provided with the same text-book, in such
case the new Readers and Geography, as
authorized in paragraphs (1) and (2) of this
section must be used. Teachers are request-
ed to exercise careful discretion in this
matter so that parents and pupils may not be
called upon to incur unnecessary expense.

Royal Reader No. 5 and the French-Eng-
lish Readers for the Acadian Schools will
continue in use until further notice.

**II. CHANGE OF SCHOOL YEAR, AND OF THE
DATE OF THE ANNUAL SCHOOL MEETING.**

By the provisions of the School Act passed
at the last session of the Legislature, and
which comes into effect on the First day of
January, 1901, the School Year is made to
begin on the First day of July instead of the
First day of January; and the annual school
meeting is to be held on the Third Saturday
of June instead of the Second Saturday of
October.

It follows that the term beginning on Janu-
ary 1st and ending on June 30th, 1901, will
be an interim Term between the school year
ending on December 31st, 1900, and the
school year beginning on July 1st, 1901.

To obviate difficulties that might arise
from these changes, Trustees are requested
to observe the following instructions:

(a) At the Annual School Meeting to be
held in each District on the 9th day of Oc-
tober next, a sufficient sum of money should
be voted to meet the existing liabilities of
the District and to provide for prospective
school expenditure up to the 30th day of
June, 1901. Money voted at the October
School meeting should be assessed and levied
upon the District before the close of the
Term ending June 30th, 1901.

(b) At the Annual School Meeting to be
held in each District on the Third Saturday
of June (June 18th) 1901, moneys should be
voted for all prospective School expenditures
for one year, up to June 30th, 1902. At the
same meeting Trustees whose term of office
would not expire (under the provisions of the
present law) until October 1901 will vacate
office, and an election shall be held to fill the
vacancy or vacancies.

(c) All Teachers' Contracts will be termin-
able on June 30th, 1901—notice of termina-
tion having been given by either party to the
other on or before May 31st, 1901. In the
absence of such notice the existing Contracts
will not be terminable until June 30th, 1902.

A new Manual of the School Act of 1900,
with Regulations, will be sent to Trustees
and Teachers before the close of the present
year.

III. RELATING TO POOR DISTRICTS.

Attention of Teachers and Trustees is
directed to the Regulation which prohibits
the employment of Third Class Teachers in
Districts having an assessable valuation of
\$15000 or upwards, unless the written con-
sent of the Chief Superintendent has been
first obtained.

First Class Teachers employed in Poor
Districts will take notice that, in addition to
the regular First Class Provincial grant, they
will receive poor aid only to the amount
reckoned on the grant of a Second Class
Teacher.

J. R. INCH,
Chief Superintendent of Education.

Education Office, August 15th, 1900.

Where are the Skeptics?

In spite of all the evidences published in the
daily press and even in spite of the testimony of
your best friends you may still be skeptical regard-
ing the unusual virtues of Dr. Chase's Ointment.
Nothing short of an actual trial will prove to you
beyond the possibility of doubt that Dr. Chase's
Ointment is an absolute cure for piles. A single
box will be sufficient to make you as enthusiastic
as your neighbor in praising Dr. Chase's Ointment,
for it is certain to cure you.

High Heeled Shoes.

The high heeled shoes, which is considered
by many people to be the author of so many
diseases and so much trouble to women, is no
new invention. It first appeared in the
reign of Louis XIV., when it was carried to

**A Victim
of Piles**

by Dr. Chase's Ointment.

In vain did Mrs. Jas. Brown, of Hin-
tonburgh, near Ottawa, search for a
cure for piles. In Europe and America
she tried every remedy available, but
it relieved her of Dr. Chase's Ointment
to effect a cure.

Mrs. Brown writes:—"I have been a
constant sufferer from nearly every
form of piles for the last twenty years,
and during that time both here and in
the Old Country have tried most every
remedy."

"I am only doing justice to Dr.
Chase's Ointment when I say that I
believe it to be the best remedy ob-
tainable for bleeding and protruding
piles. I strongly recommend Dr.
Chase's Ointment to mothers, or indeed
to any person suffering from that
dread torment—piles."

Physicians and druggists recommend
Dr. Chase's Ointment as the one pre-
paration that will never fail to cure
piles. It is guaranteed to positively
cure piles, whether itching, bleeding,
or protruding. 60 cents a box, at all
dealers, or Edmanson, Bates and Co.,
Toronto.

such excess that the heels were five inches in
height, so that walking was not only difficult
but painful. But as women evidently knew
then, as they know now, that pride must be
pinched, dutifully followed fashion and bore
the pain without a murmur.

Green Corn—So many cooks spoil corn in
cooking that I would like to say, green corn
will cook in three minutes after it once comes
to a boil. It takes a generous kettle of water
for green corn, and this should be boiling
briskly, and a good fire kept under the
kettle after the corn is added, as it cools the
water very much. Have the corn husked
and the silks removed, put into the water
and cook as described. Serve at once with
little pats of well salted butter. Corn is
sweeter served on the cob than in any other
way, but it is very good creamed.

DR. A. W. CHASE'S 25c.
CATARRH CURE...
Is sent direct to the diseased
parts by the Improved Blower.
Heals the ulcers, clears the air
passages, stops droppings in the
throat and permanently cures
Catarrh and Hay Fever. Blowers
free. All dealers, or Dr. A. W. Chase
Medicine Co., Toronto and Buffalo.

Baron Almater
32913,

THE fashionably line bred Wilkes-Mambri-
no Patchen Stallion, Standard Bred, Rule 1, American
Trotting Register, Vol. 15, with the Double
Wilkes cross, three crosses of Mambri-
no and double cross of the great brood mare Alma
Mater, with 8 in the 2.30 list—5 producing sons and
3 producing daughters; being sired by Baron Alex-
ander 2833 (who was destroyed by fire when young)
a full brother to Alfonso, with 11 in the 2.30 list at 9
years of age, son of Baron Wilkes 2.18, and Alma
Mater; dam, Rachel, dam of Blackbird 2.26, at 5
yrs., and a full sister to Raven 2.19 and Esna Cook
2.12, by Alcantara 2.23, son of George Wilkes and
Alma Mater; granddam, Rachel B. 2.28, by Allie
West 2.25—was the champion 5 year old stallion of
his time and considered the best son of Almont.
BARON ALMATER is a young horse, his oldest colts
were only 3 years old last season, and in October
last one of his colts trialed a mile in 2.18 and sold
for \$1500.00, and another trialed a mile in 2.22 and
sold for \$750.00, and a pair of his colts took first
prize at Long Point and show last fall and sold
for \$1300.00, for a gentleman's double hitch.—BARON
ALMATER has got no record, for the reason he never
started in a race or started for record, but has gone
a mile in his work in 2.23 as a 4 year old. But he is
going to be limited to 40 mares, this season and
started in the fall for a record.—BARON ALMATER
has got the double cross of the blood that produced
the two champion pacers of 1899. Searchlight 2.03,
and Lady of the Manor 2.04, have the Alcyone-Al-
cantara cross, which Baron Almater gets direct
from his dam; so has Coney 2.07, the fastest and
most successful of the green pacers out last season,
having won 5 races. A combination of blood which
in one sea-on has two champions and carries three
green pacers and a green trotter below the 2.10
limit in work; and you can get this winning
combination from Baron Almater.

BARON ALMATER is a horse of rich breeding, for
he has the golden double cross of Wilkes from two
of the best sons of that great progenitor of extreme
speed. Baron Wilkes is admittedly the most popu-
lar stallion of the day, and well he may be—for look
at the race horses he sires, and the speed that is
coming from his sons and daughters. Popular as
Baron Wilkes is—Alcantara being an older horse,
has a much larger list of winners, and more speed
producing sons and daughters. These stallions tie
for honors, as the champion sires of 2.12 performers,
both having the same number; but Alcantara leads
all stallions as the sire of 2.15 race horses. Baron
Wilkes is the paternal, and Alcantara the maternal
grand sire of Baron Almater, and Baron Almat-
er's sire is from the dam of Alcantara. There can
be no stronger combination of blood lines than
these.

It is well known that the great "nick" for the
Mambri- no Patchen mares was George Wilkes.—
These mares have more speed producing stallions
sired by other stallions than by Wilkes. But the
sons of George Wilkes from Mambri- no Patchen
mares have sired more 2.15 speed than the others
have in 2.30. The Wilkes-Mambri- no Patchen union
is more fruitful of 2.10 speed than all other lines
of blood combined. George Wilkes has 176 descen-
dants in 2.10 and Mambri- no Patchen 145. Baron
Almater has the three best lines from Mambri-
no Patchen, including a double cross of Alma Mater,
his most successful daughter, and one of the most
famous of speed perpetuators.

This magnificent inheritance is further strength-
ened by the blood of Allie West, through his per-
forming and great speed producing daughter,
Rachel B. 2.28, the grand dam of Baron Almater. Allie
West 2.25 was the champion 5 years old stallion of
his time and considered the best son of Almont,
but died in his sixth year. The few foals he left
were highly prized, and their speed producing
descendants a valuable stock and more—especially
by Kentucky breeders. Baron Almater has the
best line from Allie West 2.25.

Back of all this Baron Almater has a cross to
William's Mambri- no, who sired the dam of that
sterling race horse, and sire of game trotters,
Santa Claus 2.17; Ericsson, sire of William's Mam-
brino, was the champion 4 year old trotter of 1899
and sired the dam of Moquette 2.10 champion 4
years trotter of 1892.

Alcantara it will be remembered was the fastest
4 year old of 1890 and George Wilkes the champion
trotting stallion from 1868 to 1871.

BARON ALMATER'S inheritance is rich as the richest
and strong as the strongest both in performing
and producing blood. For further details call and
get tabulated pedigree and the speed table in cir-
cular.

This horse is Wilkes on both sides.
This fashionably bred Stallion will make the season
of 1900 at owners' Livery Stable Woodstock, N. B.
Service Fee, \$20.00.
H. E. & J. W. GALLAGHER,
Owners.

If God made the country and man made
the town, the devil made the little country
town. There is nothing equal to the smallness
of a small town.—TENNYSON.

Prof. Gollwin Smith is down on partyism.
He writes: "The fact is that she (Italy) is
trying to run the party system without parties
or any solid foundation on which parties
can be based. Her Prime Minister has con-
stantly to devote himself to the propitiation
of personal influences by jobbery or to coun-
tertermining the operations of cabals by which
one ministry after another is overthrown.
The Liberals are even heard to express the
wish that the Blacks, as the clerical liegemen
of the Vatican are called, would renounce
their abstention and come into national poli-
tics, so that they might form a party in Par-
liament against which Liberals would be
forced to combine. The fundamental fact,
however, is that party government, an acci-
dent of English history, engendered by the
struggle between the Hanoverians and the
Stuarts, is, in its application to nations in
general, a manifest failure, and will have to
be everywhere replaced by a more rational,
moral and stable system. What that system
is to be is the grand political problem of our
age."

Defining civilization, the late Chief Justice
of England said: "Its true signs are thought
for the poor and suffering, chivalrous regard
and respect for woman, the frank recognition
of human brotherhood, irrespective of race
or color or nation or religion, the narrowing
of the domain of mere force as a governing
factor in the world, the love of ordered free-
dom, abhorrence of what is mean and cruel
and vile, ceaseless devotion to the claims of
justice. Civilization in that, its true, its
highest sense, must make for peace."

Speaking on the lines above referred to by
Goldwin Smith, one is disposed to ask what
principles divide the parties in the local
legislature. Everyone knows that in order
to find an "issue" it was necessary to intro-
duce federal politics. This was done to help
the parties, not to help the province. How
long will the electors be led by the nose, by
the politicians? It is almost pathetic to see
how easily the great public is fooled these
days by party bosses.

A CARD.

We, the undersigned, do hereby agree to
refund the money on a twenty-five cent
bottle of Dr. Wills' English Pills, if, after
using three-fourths of contents of bottle, they
do not relieve Constipation and Headache.
We also warrant that four bottles will per-
manently cure the most obstinate case of
Constipation. Satisfaction or no pay when
Wills' English Pills are used.

A Great War Impossible.

[From the Pittsburg Chronicle.]
Nervous persons who have had their fears
aroused by contemplating the possibility of a
great conflict between European nations
growing out of the situation in China should
calm themselves. A greater essential than
men and munitions to the successful conduct
of war is money. The keenest observers of
events have long maintained that the destinies
of Europe are more fully in the control of
the great continental bankers than in the
hands of the nominal rulers. The experience
of Great Britain last week in floating an in-
significant war loan of \$50,000,000 furnished
the best evidence that could be desired that
foreign financiers do not feel disposed to fur-
nish the money for extensive military opera-
tions. The chancellor of the British exche-
quer was compelled to come to American
bankers to assure the success of his loan.
The credit of Great Britain is far higher than
that of any other foreign government, and if
Great Britain experienced difficulty in float-
ing a small war loan, other debt-laden nations,
whose subjects are groaning under the burden
of taxation, will be less successful. Unless
its momentary needs are assured in advance,
it is safe to say that no nation will plan a
campaign the consequence of which cannot
be foreseen.

Summer Colds.

No cold is so hard to cure as the summer cold.
It hangs on in spite of all ordinary treatments and
frequently develops into consumption. It matters
not what means have failed you can rely abso-
lutely on Dr. Chase's Syrup of Lisuad and Turpen-
tine to promptly and thoroughly cure every kind
of cough and cold. It is a universally used in the
best families all over this great continent. 25 cents
a bottle. Family size 60 cents.

Mrs. Peckham—I never told you how my
husband proposed to me, did I?
Mrs. Dashum—No; did he propose to you?

**Dizzy Spells
and Headache**

Weak, Nervous, and Run Down, would
Shake with Nervousness—A Terrible
Case—A Remarkable Cure.

Mrs. Chas. H. Jones, Pierceton, Que.,
writes:—"For years I have been a
great sufferer with my heart and
nerves. I would take shaking spells and
a dizzy, swimming feeling would come
over me. Night after night I would
never close my eyes, and my head
would ache as though it would burst.
At last I had to keep to my bed, and
though my doctor attended me from
fall until spring, his medicine did not
help me.

"I have now taken 2 boxes of
Dr. Chase's Nerve Food, and it has
done me more good than I ever believed
a medicine could do. Words fail to ex-
press my gratitude for the wonderful
cure brought about by this treat-
ment."

Dr. Chase's Nerve Food makes pale,
weak, nervous men, women, and chil-
dren strong, healthy, and happy. In
pill form, 50 cents a box, at all dealers,
or Edmanson, Bates & Co., Toronto.

**Every Woman
