## Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE Chemists,

## Kruger's Reception.

Paris, Nov. 4.—Paris, while giving full vent to her pent-up feelings of sympathy with and admiration for the Boers in its reception to Mr. Kruger, who arrived at 10.40 a. m. today, comported herself with wisdom and prudence. While a few isolated instances of anti-British vociferations were unavoidable, never once throughout the day was there any semblance of an organized demonstration against Great Britain to mar the unrestrainedly enthusiastic but essentially reassuring character of the reception; it was with a feeling of relief that the authorities went to bed after the gloomy forebodings inspired by the unfortunate incidents which had marked previous welcomes given to Mr. Kruger en route to the French capital.

Replying to the address of the Paris Boer committee at the railroad station, Mr. Kruger said:

"I am deeply touched by the sympathy the population of all the French towns I have passed through has displayed towards me by such striking demonstrations. I have seen gathered on my soil thousands of Frenchmen and I thereby realized that all Frenchmen, like myself, are convinced of the justice of our cause. We are hoping to maintain our independence, feeling that the independence of the people in itself guarantees peace. It is in order to obtain this peace, founded on liberty and justice, that we are struggling on the soil of the two republics, and that I, myself, have come to Europe. Never will I dream of soliciting the least favor of an unjust character. I have clearly proved this by never ceasing to ask for arbitration and that is what I still demand.

"In order to accomplish this work I rely on the good officers of the people, and especially on the sympathy of the French people."

Mr. Kruger, at his hotel, received in rapid succession a number of deputations, including one from the national deputies headed by M. Millever Lasie. He afterwards received the perfect of police, M. Lepine, and M. De Villebois-Mareuil, a brother of the famous French colonel who was killed in South Africa while fighting for the Boers.
