We are all glad to know that more peaceful times may be looked for in this year 1900 and the old times of a word and a blow in many cases the blow first has gone forever and now when a man is badly whipped he has only to invoke the aid of the law and the satisfaction he could not get out of his enemy's hide he gets out of his pocket book in the shape of "Golden Ointment."

I think we can all say that we have profited by your ministrations, your earnest devotion to duty and the hearty interest you have ever manifested in our welfare as a people. As you go to your new field of labour may He who has guided you in the past, be your chief counsellor in the future, and may you find life prove a blessing and a help to those among whom you shall mingle. IN THE PHILIPPINES.

Alleged Fate of Lieut. Gilmore—Americans Need Reinforcements.

MANILA, July 16.—It is reported from Baler that the Americans have captured some insurgents who assert that they witnessed the burial alive of a number of the party of Lieut. Gilmore of the Yorktown, captured there by the Filipinos in the spring of last year.

"More soldiers" is the demand which is coming to Gen. MacArthur from every department of the islands. Recent events have worked to vindicate General Lawton's judgment that 100,000 troops would be needed to establish American sovereignty over the Philippines. Until they attempted to hold provinces of two or three hundred thousand hostile people with a regiment or two the American commanders hardly realized the size of the Philippine islands. Officers best acquainted with conditions in Mindanao and the Sulu islands tell the Associated Press correspondent that they consider serious fighting there inevitable. The military authorities have ordered the formation of four troops of native cavalry to be recruited from the Macabebes and officered by Americans. Major Batson, the originator of the idea of employing the Macabebes tribesmen as scouts, is to be commander of the squadron of Filipino horse. The Macabebes have long been used as scouts and their value in such work has already been demonstrated.

Preachers have told us that we should reform in order to prepare for death. The wise teacher tells men that they should forsake sin, so as to prepare for life.
