Past Record  
of  
Life Saving.Paine' Celery Compound  
Is Now and Will Ever Be  
the Great Home  
Medicine.

The past record of Paine's Celery Compound will live long in the hearts of tens of thousands of our Canadian men and women.

They can never forget the fact that it was Paine's Celery Compound that brought back strength, health and new vigorous life after failures with the many common advertised remedies, as well as with physicians and hospital treatment.

Among the most notable and marvellous records of cures effected by Paine's Celery Compound in the year just closed are the cases of thousands who had been given up by physicians as hopeless.

These hopeless cases were men and women suffering from kidney and liver diseases, stomach troubles, rheumatism, nervous prostration and long standing dyspepsia—all on the brink of the dark grave.

At the eleventh hour, when hope had fled, and deep, black despondency reigned supreme, Paine's Celery Compound was recommended by some good friend as a last resort.

It did not require weeks or months for Paine's Celery Compound to show its powers and virtues. A few hours or days sufficed to convince every sufferer that he or she had in truth found a medicine that could cope with disease and death.

This past record of life saving is maintained and fortified by thousands of the strongest testimonials written by men and women now enjoying the full blessings of good health.

This glorious past record of Paine's Celery Compound as a disease banisher has given the wondrous medicine a place in the majority of the homes in Canada, where it is known as "The home physician," "The home protector against disease."

Are you a sufferer from any of the troubles mentioned above? Are you weak and nervous? Are you sleepless, despondent or morose? Have you periodical headache, poor appetite or faulty digestion? If so, try what Paine's Celery Compound can do for you. A bottle or two will give you satisfaction and delight.
