A FALSE SCENT.

Tricks in all Trades, Even In Life Insur-

"I received a cip the other day," said the life insurance agent, "that there was a man staying at one of our prominent hotels who was a promising candidate for some of my unexcelled life insurance. The tip was very vague, and I did not know his name, but I went to the hotel where I was told he was staying with the hope that I might run across him by accident.

"While there I made the acquaintance of a pleasant spoken gentleman, and I immediately jumped to the conclusion that he was the man I was after. I sounded him a little on life insurance, and he nibbled enough at the bait to excite me to further endeavors. He said he was a stranger and was spending a few days in the city on a vacation. I kindly volunteered, seeing that he was a stranger, to show him about town, and he accepted with many expressions of thanks.

"For the next week I hardly allowed that man to get out of my sight for fear that some other agent might get his claws on him. Every time I led the question around to life insurance \$25,000 seemed to be the figure that he was the most interested in, and that fact kept me screwed up to the highest pitch of enthusiasm. I kept that fellow at my expense for a week. Everything that the city boasted in the line of eatables and drink was his. I nearly drove my horse to death driving about the city, while he lolled back and smoked expensive cigars at my expensive.

"One day he got away from me and disappeared, and I have just discovered that I have been grossly imposed upon. That fellow was a revival agent from another town in pursuit of the same man that I was after. He kept me busy on a false scent, using the few minutes when I was away to stalk his game. He got him too. Twentyfive thousand dollars was the amount."

SMOTHERING SENSATION.

A Kingston Lady's Experience with Milburn's Heart and Nerve Pills in Relieving this Distressing Con-

"I have suffered for some years with a smothering sensation caused by heart disease. The severity of the pains in my heart caused me much suffering. I was also very nervous and my whole system was run down and debilitated.

"Hearing that Milburn's Heart and Nerve Pills were a specific for these troubles, I thought I would try them, and got a box at McLeod's Drug Store. They afforded me great relief, having toned up my system and removed the distressing symptoms from which I suffered. I can heartily recommend these wonderful pills to all sufferers from heart trouble.

WOODSTOCK.

I am a farmer located near Stony Brook, one of the most malarious districts in this State, and was bothered with malaria for years, at times so I could not work, and was always very constipated as well. For years I had malaria so bad in the spring, when engaged in plowing, that I could do nothing but shake. I must have taken about a barrel of quinine pills besides dozens of other remedies, but never obtained any permanent benefit. Last fall, in peach time, I had a most serious attack of chills and then commenced to take Ripans Tabules, upon a friend's advice, and the first box made me all right and I have never been without them since. I take one Tabule each morning and night and sometimes when I feel more than usually exhausted I take three in a day. They have kept my stomach sweet, my bowels regular and I have not had the least touch of malaria nor splitting headache since I commenced using them. I know also that I sleep better and wake up more refreshed than formerly. I don't know how many complaints Ripans Tabules will help, but I do know they will cure any one in the condition I was and I would not be without them at any price. I honestly consider them the cheapest-priced medicine in the world, as they are also the most beneficial and the most convenient to take. I am twenty-seven years of age and have worked hard all my life, the same as most farmers, both early and late and in all kinds of weather, and I have never enjoyed such good health as I have since last fall; in fact, my neighbors have all remarked my improved condition and have Said, "Say, John, what are you doing to look so healthy?"

WORK FOR YOU WINTER AND SUMMER.

Read Carefully and Become a Shareholder.

This Syndicate has been formed for the purpose of manufacturing knitted goods cheaper than any existing company, to keep down prices, and to oppose the large knitting combines and companies which have joined hands to raise prices. To do this successfully it will be necessary to get yarn at the first cost and to manufacture the goods with the least possible expense. Therefore—

1. The Syndicate will manufacture its own yarn and machines for which it has a mill and every facility.

2. The Syndicate will have all goods made by shareholders knitting at their own homes.

IN EBUSINESS OF THE SYNDICATE

We have a syndicate will not only benefit its shareholders surplied with yarns for doing the various kinds of work required, and it is also in a position to dispose of all goods knitted from these yarns through large jobbers and to the general trade as fast as it is sent in by its shareholders.

we have a factory for the purpose of manufacturing machines and yarn only, all knitted goods being made by our shareholders at their own homes, no knitting being done on the precises. It will be seen that to manufacture goods on so large a scale it would be necessary to have a number of knitting factories, which would mean the investment of thouseholders, be sides taxes, insurance and interest on same. We can, therefore, not only manufacture goods cheaper and in larger quantities, but down the Combines and pay our shareholders a handsome dividend semi-annually.

THE MACHINE the Syndicate furnishes is a high speed family searnless knitting machine, and will last a lifetime with ordinary usage, in fact the Syndicate will guarantee the machine for twenty years. It will knit from the finest imported yarns to the coarsest of Canadian wool yarn the same as hand work, but eighty times faster. With each machine a full outfit is sent, together with a supply of yarn to commence at once. The guide accompanying machine is so plain and the operation so simple, that any one of ordinary intelligence can make any of the knitted goods required by the Syndicate such as Gents' Socks, Ladies' Stockings, Golf and Bicycle Hose, Knickers, Leggings and Toques for Children.

THE PRICES the Syndicate pays for knitting these goods are :—Socks, \$5.00 per 100 pairs; Ladies' Stockings, \$10.00 per 100 pairs; Gents' Golf and Bicycle Hose complete, \$10.00 per 100 pairs; Leggings and Footless Bicycle Hose, \$5.00 per 100 pairs; fine Toques, \$5.00 per 100.
