

## TEACHERS' TROUBLES.

How Teachers May Prevent the Breakdown of the Nervous System which often Threatens.

The worry and work, the strain and anxiety of a teacher's life are such as to tell severely on the nervous system. Time and again teachers have had to give up good positions on account of run down health

and shattered nerves. To such we confidently recommend Milburn's Heart and Nerve Pills, and in doing so we are supported by the testimony of Mrs. Reilly, Colborne Street, Chatham, Ont., who made the following statement:—"Milburn's Heart and Nerve Pills are, beyond question, the best remedy for nervousness and all exhausted conditions of the system I know of. My daughter, as a result of over study and close application to her duties as school teacher, became much run down and debilitated and was very nervous. Two months ago she began taking Milburn's Heart and Nerve Pills. They acted quickly and effectually in her case, making her strong and building up her entire system." Milburn's Heart and Nerve Pills cure Palpitation, Nervousness, Sleeplessness, Anaemia, Female Troubles, After Effects of Grippe, Debility, or any condition arising from Disordered Nerves, Weak Heart or Watery Blood. Price 50c. a box.

## From The Lumber Woods.

NORTH BRANCH, Penobscot.

To one unacquainted with the lumber trade or its ways a visit to the camps of J. M. McNulty would be quite a revelation as to the extent of the lumber and pulp wood business on the Penobscot. Although still a young man there is no man better known in Maine lumber circles than McNulty. As to his popularity one has only to meet him in the city to understand why he is spoken so highly of. As a gentleman, a business man, or an employer he has few equals on the river. Last year he was elected president of the P. L. D. Co. after a hard fight and during his year of office succeeded in cutting the running expenses of the company down some three thousand dollars and reduced the expense of driving by eight cents per thousand. This year at the annual meeting he was elected by so large a vote as to make it nearly unanimous. Mr. McNulty is operating in all twenty-one camps this winter, is working some two hundred horses and over seven hundred men and is easily the largest individual operator on the West Branch. Honest in his dealings, courteous to his employees, and generous almost to a fault, no man on the river is more highly spoken of by the labouring class (the best judges) than is "Jim."

We will try and give a brief description of a few of the camps on the North Branch hoping that it may prove interesting to some of our provincial readers. Starting from St. Zacharie-la-Beauce we drive over a one horse portage to the camps situated on the very head waters of the Penobscot only sixteen miles from the Quebec boundary. At "No. 1" or the "Depot" camp we find a regular little town quite aptly called "Forest City." There is a camp or set of camps 120x30 feet consisting of two sleeping camps and a cook room, one store house 40x110 feet, another 30x40 and still another under construction all of which will be filled with provisions for another year. There is stable room for twenty-four horses beside tote horse stables, also a large blacksmith and woodworking shop. There are also two offices or cottages one for the scalers and clerk and the other the residence of Mr. and Mrs. McLeod. Bob Lynch, of Edmondston, is camp boss and right well he fills his place. Many of the readers of THE DISPATCH need no introduction to him as he is a St. John river boy well known. "Bob" is a hustler and does not intend to be far behind behind the best of them. For cook he has Louis April who has been with him four winters in succession a fact that speaks well for his abilities. "Louey" is all right. The scalers are Messrs. Stairs and Wedgewood both of Oldtown, Me. Mr. Stairs is a former N. B. boy. Alex. McLeod is walking boss and it is needless to comment on his abilities as the fact of his holding the position assures that he is the right man in the right place. He has a snug little cottage where an evening spent with him and his wife cannot fail to be enjoyable. When attending to his work he is all business but after work is done and he settles down for a quiet evening one cannot help enjoying his pleasant stories or fine singing with which he occasionally entertains his friends. Mrs. McLeod is book-keeper for the firm and attends to the work in a way that leaves no doubt as to her fitness for the position. She is the first lady book-keeper we have ever met in the woods and we must admit it is a pleasant innovation. Pleasant, sociable and agreeable she is a perfect lady in the highest sense of the word. Verne Jackson is general clerk at the camps and is generally kept pretty busy in receiving and delivering goods. Quite often he has as many as twenty-five or thirty teams on his hands at once. Verne is a C. C. boy and has been with Mr. McNulty two seasons now. Before that time he was with G. McCollum & Son a number of years.

At No. 2 camp we find John Ranney, of Winn, in charge with fourteen horses. Jack is not going to get left in the rush if he can help it. He has for cook Chas. Tardy who can do about as good a job in the culinary line as any man we ever saw in a cook room. He (Mr. Tardy) has with him his wife and little daughter a child of seven and one of the cutest little fairies that ever graced a camp. "Of such a little one at home the woodsman often dreams."

At No. 3 camp J. A. Dubay, of Oldtown, is foreman and has thirty-two horses and a good sized crew of men. Jimmy was only married last summer and brought his wife to the woods with him in August they have a very cosy little cottage home and it is a pleasure to call on them at all times. Mrs. J. H. Dubay also is at the camp with her sons. Mrs. Jimmy was formerly of Van Buren and was one of the best known and most highly spoken of young ladies of that place. F. A. Dubay is cook and although this is his first year, Fred can give lots of old cooks pointers on good cooking.

Frank Prouty, of Mattawamkeag, has charge at No. 4 and also has his wife with him to make things more comfortable and home like. How much woman's influence is felt wherever they go is shown by the fact that at all four of these camps profanity is a thing seldom heard, showing that even when in the woods we remember we have mothers or sisters or wives and sweethearts of our

own and try to prove ourselves worthy of them.

At No. 5 camp Louis Pollette, of St. Come, Que., does the "pushing" and is doing good work. A large percentage of his operation is pulp wood which will go to the Great Northern Pulp and Paper Co. at Millinocket. Too much can not be said in praise of Robbie Hughes of No. 6 camp Mr. Hughes is a resident of St. Come-de-Kennebec and is one of the shrewdest most energetic log cutters we have on the waters. Gentlemenly, agreeable and courteous he is one of the best foreman we have ever had the pleasure of meeting. After leaving No. 6 we find no more camps until we reach Pine stream where there are four more but we have said enough about the camps for this time. Mr. McNulty hauls most of his supplies from Moosehead Lake across which it is steamboated in the fall. He has at present twenty horses hauling from North West Carry to the North Branch and a number more from the North East to Pine stream. His Shin Pond camps are supplied from Patten while some of the others North Swim for instance get supplies direct by rail. Probably no man on Penobscot waters employs as many provincial men as Mr. McNulty, nearly half his crew being from N. B. or Quebec. His North Branch drive will be the longest on the river this spring and will in all probability take over fifty days. John Hutchinson, of Millford, head scaler is at the camps now on his monthly trip. Howard Wood supply clerk at North West Carry was up on a flying visit to the camps on Sunday last. Mr. McNulty himself also paid us a short visit last week his genial face seemed to have taken a few extra smiles. "I wonder why?"

V. P. JACKSON.

## The Blues in Spring.

Despondent, Melancholic and Tired People are Made

Active and Strong by

Paine's Celery Compound

Rundown and Half-dead Men and

Women Obtain Health and

Strength from the

Great Medicine

The blues, despondency and melancholy make thousands of lives miserable in spring time.

Men and women around us complain of tired feelings, nervousness, sleeplessness, stagnant circulation and general rundown condition.

Though not confined to bed, the condition of the thousands of despondent, melancholic, sleepless, nervous and rundown people is sufficiently alarming to demand immediate care and attention. The symptoms and feelings alluded to are the sure forerunners of disease and death.

This particular season should be a time of cleansing, recuperating and strengthening for run down and ailing people.

Paine's Celery Compound will quickly banish the blues, despondency and melancholia, and tired feelings will give way to life, buoyancy and full health.

It is suicidal for sickly men and women to mope around in a half-dead condition and shut their eyes to the marvellous blessings that are offered by Paine's Celery Compound. It is the one great medicine in spring time with all classes of our population. Try a bottle and see how rapidly you get rid of every physical burden. Paine's Celery Compound is the kind that "makes sick people well."

## The Savage Bachelor.

"There is one thing I would like to know," said the savage bachelor.

"Is that possible?" asked the sweet young thing, with some acerbity, this occurring at the breakfast hour, when lovely woman is at her unsweetest.

"Yes. I want to know why nearly all the women who have distinguished themselves by a display of brains look so much like men."—Indianapolis Press.

## Thin, Watery Blood.

When the blood is thin and watery, the nerves are actually starved and nervous exhaustion and prostration soon follow. Feed the nerves with Dr. A. W. Chase's Nerve Food and you will impart to them the new life and vigor of perfect health. Face cut and face-like signature of Dr. A. W. Chase on every box of the genuine.

## Of Two Evils.

Mrs. Youngpop—Dear, we must get one of those burglar alarms.

Mr. Youngpop—What for?

Mrs. Youngpop—What do you suppose? You know if any one tries to break into the house it will go off—

Mr. Youngpop—Yes, and wake the baby. Not much!—Philadelphia Press.

## CURES CROUP.

Every Mother knows how dangerous Croup is. On the first sign of the Croupy Cough use Haggard's Yellow Oil. It will cure this dangerous disease when nothing else will.

## LAXA LIVER PILLS

You can't be healthy if your bowels are constipated and your system clogged with poisonous material. There should be a natural movement every day, and the best way to secure it is to take Laxa-Liver Pills. The most obstinate cases yield to their action. They neither gripe, sicken nor weaken, are easy to take and prompt to act.
