Wool-Producing Countries.

The great wool-producing countries of the world (in order of production) are Australasia (Australia and New Zealand), Argentina, the United States, Russia, Great Britain and Ireland, France, South Africa and Uruguay. Lessor, but still important, wool producers are the British West Indies, Spain, Asiatic Russia, Germany, Austria-Hungary, Italy, Canada and Portugal. The approximate figures of production are as follows:

	Pounds.
Australasia (average of ten years ended 1897-98):	
Australia	490,000,000
New Zealand	119,000,000
Argentina (the clip of 1897-98, the largest known)	460,500,000
Uruguay	112,000,000
Brazil, Peru, etc.	8,500,000
The United States (average of 10 years ended 1898)	283,000,000
Canada	12,000,000
Russia	139,000,000
Great Britain and Ireland	125,000,000
France	60,000,000
Spain	55,000,000
Germany	55,000,000
Austria-Hungary	22,000,000
Italy	10,500,000
Portugal	4,500,000
Belgium	4,000,000
Sweden	9,000,000
Remainder of Europe	12,000,000
British East Indies (principally India)	72,000,000
Asiatic Turkey	66,000,000
Afghanistan, Beluchistan, Thibet	40,000,000
Persia	12,000,000
South Africa	4,000,000
Egypt	130,000,000
All other countries	3,000,000
Total production	2,650,000,000

"The above figures for the main countries of production are accurate enough, as representing the 'general average production' of the countries they refer to. But for other countries, especially the countries of the interior of Asia, they are mere estimates."

KIDNEY BURDENS

Vanish Under the Treatment of That Greatest of Kidney Specifics, South American Kidney Cure.

Mrs. W. S. Bissett, 62 Cameron St., Toronto, was troubled with severe pains in the small of her back which doctors said was caused by kidney trouble, and which produced intense suffering at times. She used many remedies without any lasting benefit until she tried the South American Kidney Cure. A few doses proved a wonderful benefit, and after taking three bottles all traces of the trouble were gone. Sold by Garden Bros.

Be Careful in Bonusing.

The town of Levis has got a lesson as to what bonusing factories means, or at least agreements to pay bonuses and then not paying them. On Monday or Tuesday last a seizure was placed on all the property and effects, hose, reels, engines, police stations, funds in the bank, etc., of the town corporation of Levis, Que. The trouble arises out of the difficulties between the corporation and the J. D. King Boot and Shoe Company, which latter recently remoded from Levis, closing its factories there and removing its plant, owing to the corporation's refusal or neglect to pay the bonus of \$1,000 a year which it had agreed to pay to the company for a certain number of years, in consideration of the King establishment being placed within its limits. Finally, the company sued and got judgment in its favor, but the corporation appealed. The appeal, however, was set aside, and still the corporation neglected to pay. Then the King Company took out an execution, and executed it as aforesaid.

A Good Cure.

THE GRODER DYSPEPSIA CO.'S LTD.
ST. JOHN, N. B.

GENTLEMEN,—For over one year I suffered with what the four doctors I consulted in N. H., called dyspepsia. For hours at a time every day I suffered the most excruciating pains. The cramps would double me up so that I would have to groan. I would vomit up everything I ate for days at a time. I was terribly wasted and so weak that I could scarcely raise a teacup to my mouth. Nothing I could get would do me any permanent good. Finally a friend persuaded me to try Groder's Botanic Dyspepsia Syrup. I took four bottles and am now able to do a good day's work. It is six weeks since I finished the last bottle. I eat anything I ever was fond of and suffer no inconvenience. I send you this voluntary testimonial, hoping that you may use it and that some one who reads it may be benefitted by the use of Groder's Botanic Dyspepsia Syrup as I have been.

Yours truly,
