## NEWS FROM THE COUNTY.

### NOTICE TO CORRESPONDENTS

Correspondents must send their names with their contribution, or their matter will not be published. The names will not be published in the Dispatch must know who is responsible for everything that is inserted in its columns.

#### KIRKLAND.

Wife of Thomas A. Greer presented her child with a young son on the 6th inst. The child had a severe storm the roads have been out making roads with their sleds.

Mr. Bistard, Sr., had his ankle sprained. We are pleased to see him out again. The Rev. Mr. Kennedy has been hauling the mill.

Wade has come home from the woods. A meeting of the Orange lodge was held on Friday evening and was largely attended.

The Veterans has returned from Lawrence. The meeting was held at the home of Mr. and Mrs. Greer, Jan. 28.

#### UNION CORNER.

A share of the big snow storm last Monday of the season that caused us to turn back roads.

Went to Woodstock Saturday evening and got back until Tuesday evening.

Went to the mill where the toes were amputated. He has not placed them yet.

Daughter of Benson Potter is very ill. Henry Carpenter had the same disease but we think he is recovered.

Went to the mill where the toes were amputated. He has not placed them yet.

Went to the mill where the toes were amputated. He has not placed them yet.

Mrs. Stephen Broad and Mrs. I. Clyde was called on friends in the Munquart Settlement this week.

Miss Kate Dugan of the firm of Dugan & Co., is on a business trip to Johnville. We wish her good luck and a safe return.

We are sorry to report the illness of our aged and respected miller, G. A. Giberson sen. He has been in the Milling business upward of forty years. We wish him a speedy recovery to health again.

John Hall has gone to the forks of Tobique with his peddling outfit, this is his third trip this winter. John is a hustler and Tobique must be a Klondike.

#### MEDUCTIC.

Miss Verna McQueen, of Hay Settlement, visited the Misses Dougherty during the week.

Rev. G. B. MacDonald returned from Calais on Tuesday.

Wm. Oldham, of Southampton, is very sick, his sister, Miss Norah, a trained nurse of Worcester, Mass., has been sent for.

On Wednesday evening a number of the friends of the Misses Dougherty were entertained to a bean supper at the parsonage, Jersey street.

The Revs. Messrs. Clements and Gaskin attended the funeral of Mrs. Carr, of Canterbury, on Friday week.

Rev. Mr. Clements preached here a week ago. He, assisted by Evangelist Gaskin, held special services at Canterbury last week and expect to continue them.

E. Moore leaves for Ganonoque, Ontario today. The home of Mr. and Mrs. Cyrus Farnham was gladdened during the past week by the arrival of a little stranger, a son.

Evangelist Hackett preached in the Hillman church last Sunday.

Mrs. Gilbert Brown has gone to the Victoria Hospital at Fredericton for treatment.

The Rev. Messrs. MacDonald are continuing special services at Lower Southampton.

The Parish of Canterbury S. S. Convention has been called to meet in the F. B. church at Meductic on Monday, March 19th, the Rev. Mr. Lucas expects to be present.

#### The Eye, Ear, Nose and Throat.

Dr. I. W. N. Baker, having lately completed special courses at the Manhattan Eye, Ear, Nose and Throat Infirmary of New York and at the Post Graduate Medical School and Hospital also of New York, is now prepared to treat all diseases of the eye, ear, nose and throat in a modern and scientific manner.

He makes a scientific estimation of the error in refraction of the eyes and its consequent correction by the proper adjustment of spectacles. Dr. Baker may be consulted during office hours at his office and residence on Chapel St. opposite the Victoria Ice Rink, Woodstock, N. B. For office hours see professional card on another page.

#### A BUILDING INSPECTOR.

It would be an excellent idea for the town council to proceed at once with the appointment of a building inspector. He should be a thoroughly capable man, one appointed solely for his capabilities and not because of his political leanings.

In these days of rapid work, when the rapidity with which the work is done, is considered sometimes of more importance than the thoroughness of the work, the public has a right to be defended from the result of perhaps too hasty work.

Rapid transit is a very good thing in its way, but rapid transit may become too rapid sometimes. Let's have a building inspector and the sooner the better.

#### Successful Dairying.

Henry Van Dreser of Cobblekill, N. Y., told his hearers at a meeting of the Maine board of agriculture that his cows average 300 pounds of butter per cow per year.

Butter is made in one pound prints and sold in the New York market at 25 and 30 cents per pound. His cows are tested each month, and the Babcock test is the measure of quality in this herd.

Milk is perfect food. For the best development of the milk producing capacity the cow should have the best of care. The dairy cow is a machine. The dairyman should study his machine. While the enormous figures of over 1,100 pounds of butter in a year had been attained by a Holstein cow, breeding is yet in its infancy. Discount a cow with a fleshy udder. Such cows are more susceptible to garget.

Farmers pay too little attention to breeding. There are too many scrubs in the country. Scrub cows mean financial ruin. All cannot buy thoroughbred cows to start from, but all can weed out the poorest cows and breed from the best ones.

The thoroughbred bull was a necessity to success in breeding up to higher usefulness in the dairy. Always discard the scrub bull. Pedigree is all right as far as it goes, but in individuality and performance are of more consequence.

#### New Steamer.

The Fredericton correspondent of the St. John Sun writes:

Residents of Southampton, Dumfries, Prince William and other up-river parishes are seriously to king of building a steamer to operate between this city and Woodstock.

For some time past there has been great dissatisfaction among up-river residents, over the steamboat service, and now they are organizing a company to put on a boat that will give better satisfaction. The dimensions of the proposed boat will be 100 feet in length and a 20 foot beam. She will be a side-wheeler, flat bottom and will draw about six inches of water. Her capacity will be 200 passengers and 40 tons of freight.

Ex-Councillor Brown of Southampton is promoting the enterprise, and is meeting with every encouragement. The proposed capital stock is to be \$20,000, and residents of Southampton and Dumfries have already pledged about \$5,000. Little difficulty is anticipated in disposing of the balance of the stock.

Don't forget the races in the Roller Rink on Thursday night.

## PERSONAL.

Miss Minnie Burt is visiting friends in Centreville.

J. Arch Connell is able to be out again after a short illness.

Holland Estey, Florenceville, was in Woodstock this week.

Hon. George W. White, Centreville, was in Woodstock on Monday.

Miss Alice Goodspeed, Peniac, is the guest of her sister Mrs. E. B. Jewett.

A. I. Teed, Manager of The A. I. Teed Co. St. Stephen, was in Woodstock last week.

Miss Bessie Harper, Jacksonville left on Friday for Kilburn to visit her sister Mrs. Kilburn.

Miss Chapman, sister of Rev. Father Chapman, is visiting Miss McGaffigan, Florenceville.

Miss Fannie Palmer who has been the guest of Miss Collins left on Saturday for her home in Fredericton.

George Y. Dibblee, Fredericton, was in Woodstock last week having been called here by the illness of his mother.

Miss McDermott who has been visiting her sister Mrs. A. J. Evans here has returned to her home in St. Stephen.

Mr. C. G. Connell still continues very ill at his home. There has been no change in his condition the past week.

Capt. John R. Tompkins, commanding officer of the Brighton Engineers went to Fredericton on Tuesday to take the equitation course.

R. B. Welch is confined to his house through injuries he received from slipping and falling on the platform at Green River Station.

Miss Minnie Gibson, Northampton, returned Saturday, after spending a few weeks with her sister, Mrs. J. H. Stairs, St. Andrews.

E. A. Savage an old Centreville boy has just returned from Costa Rica. He will not return but will settle down now in this, his own County. He has been in the railroad business for about a dozen years in Costa Rica, and at the time he left he was the conductor of a fast express. He was home last spring visiting his friends.

#### Public Meeting.

A public meeting was held in the Town Hall, Woodstock, on Monday evening presided over by Mayor Murphy. The object of the meeting was to take action on a telegram received from James F. Garden, Mayor of the City of Vancouver, announcing that at a public meeting of that city it had been unanimously resolved that the Dominion Government be requested to offer the Imperial authorities 10,000 Mounted Infantry for service in South Africa, and requesting the citizens of the Town of Woodstock to discuss the matter and if they favoured the scheme, to send a recommendation to the Dominion Government to that effect.

It was moved by J. T. Allen Dibblee seconded by J. T. Garden,

RESOLVED, That the citizens of Woodstock heartily endorse the action of the citizens of Vancouver in asking the Dominion Government to offer the Imperial authorities ten thousand Mounted Infantry as a further Canadian contingent for South Africa, and further,

RESOLVED, That His Worship the Mayor be requested to wire the Premier Sir Wilfrid Laurier and F. H. Hale, Esq., M. P., that the citizens of Woodstock are in hearty accord with the citizens of Vancouver in asking the Government to offer ten thousand Mounted Infantry and express the hope that the Government will make the offer to the Imperial authorities at once and further,

RESOLVED, That His Worship the Mayor be also requested to wire the Mayor of Vancouver the action of this meeting.

#### Ready With His Chalk.

When Poole, the famous tailor, was an old man he was at Brighton on a vacation, and one afternoon went out to walk upon the pier. A young man was also upon the pier with a couple of young ladies, to whom he said as he saw Poole coming:

'Now you wouldn't take that good looking man for a tailor, but he is. Just listen while I take him down a notch or two. I'll tell him my coat, which I have just had from him, doesn't fit.'

As he spoke, Poole approached and politely acknowledged the salutation of his customer, who, walked up to him said.

'Here, Poole, now do take a look at me. Does this coat fit?'

Poole took in the situation. 'It certainly does not fit,' said he, and pulling out a piece of French chalk, he proceeded liberally to mark and cross the coat all over, and then observed with the utmost urbanity: 'Now if you will kindly send that coat to my shop the alteration will be attended to.'

#### Worth Thinking Over

Here is a problem which the Waterville Mail presents to its readers for solution: A man hands a clerk a five dollar bill and requests that it be changed. The clerk cannot make the change and the man, who wants a little money at once says to the clerk, 'you take this five dollar bill and let me have a dollar.'

This the clerk agrees to do and does. Later on the man returns and hands the clerk four dollars and calls for his five dollar bill. Who makes anything and how much does he make?

A MEASURING SOCIETY will be held at the residence of H. E. Burt, Green street, on Thursday evening under the auspices of the Albert Street Baptist Church. Each person will pay as an admission fee two cents for each foot of his or her height and one cent for each inch over the even feet. A good program will be furnished.

It's  
One  
Way  
Or the  
Other!

The Watchmaker who repairs your Watch at half price, either uses inferior material or slights the work. You cannot get gold dollars for seventy-five cents, neither can you get a dollar's worth of repairing for seventy-five cents. We charge a dollar for a hundred cents worth of work, and it is worth it, too. Our workmanship is first-class, and we use the best quality of material. Let us do your next repairing, then when you look at your Watch you are sure to get the correct time, it won't be stopped. Don't forget, we do everything in hand Engraving, and legally issue Marriage Licenses.
