NEWS FROM THE COUNTY.

NOTICE TO CORRESPONDENTS.

Correspondents must send their names with each contribution, or their matter will not be printed. The names will not be published unless the contributor is known to be reliable. The Dispatch must know who is responsible for everything that is inserted in its columns.

LAKEVILLE.
The roads are very soft from the recent rain, and for the past two weeks the weather has been so changeable, causing much sickness. There seems to be much sickness in the vicinity of the doctors are kept busy.

The many friends of Miss Anne Gillis will be glad to hear she is recovering from a somewhat serious illness under the skilful treatment of Dr. Rankin of Woodstock.

Miss Bessie Armstrong is quite ill. News has just reached us of the death of Samuel Clark. Mr. Clark was formerly a resident of Belleville.

A number of people went from here to Centreville to attend the Sunday school convention which was held there Friday last.

Mr. Corbett of Woodstock is spending a few days with friends here.

Miss Minnie Anderson entertained a number of friends on Monday evening.

Report says we are soon to hear wedding bells.

EVERETT.

We are glad to report that the roads are in a bad condition and have been during the winter. While the water son of Mrs. James Watters who was quite sick for a few days seems a little better again. We hope he will continue to improve.

The home of Leonard Everett was made happy by the arrival of a stranger. Its a boy, Miss Effie Everett returned home Thursday to a few weeks. She has lately been employed by W. Gibson's tailor shop, Woodstock. All glad to welcome her back if only for a short time.

S. E. Hayden, of Riley Brook, made a flying visit to Plaster Rock and home again Thursday.

Prof. H. Hale passed through this place on his way to Plaster Rock. Business called him to his camp at the head of Tobique.

Podiatrists and ministers are the order of the day here some thick and fast.

A party of young folks of this place took a trip to the Forks of Tobique on Sunday last. We hope that they did not freeze to death.

Charles Hayden passed by here with his wood team.

R. A. Estey has been spending a few days in this place and visiting his camps which are handy.

Mr. Ross the Presbyterian minister of Andover made a trip to Riley Brook last week. He had service in the Presbyterian church Tuesday evening.

Miss Mary McGlaughlin accompanied by Mr. McLaughlin passed here enroute for Riley Brook.

Our old standby Mr. Griffith is still on the job. He was on his way down today.

Farney Doohan is still in the land of the living, he spent a few days here this week.

J. O. Everett is still going to school. We wish every success in his studies.

MEDUCTIC.

Revs. Messrs. MacDonald commence special services on Monday evening at Lower Southampton.

During the past week the skating has been thoroughly enjoyed.

Little Miss Myrtle, daughter of John Young, of Greenbush, had her leg seriously hurt while skating last week. She is doing well under the treatment of Dr. Hand.

S. U. Steeves, of Woodstock, held a very successful gramophone concert in the town hall on Friday. All the program was good some parts were exceptionally able.

E. Moore is now convalescent after an attack of rheumatic fever.

Mrs. Henry McLellan, of Upper Woodstock, has been visiting her sister, Mrs. Moore, returned home on Saturday.

Mrs. Lela Edwards intends spending some weeks with her sister, Mrs. Charles McKenna, of Andover.

F. N. Patterson visited Fredericton on Friday to work an examination in connection with his studies.

NORTHAMPTON.

Miss Etta Cluff, eldest daughter of Hubert Cluff is very ill with rheumatic fever.

The oyster and bean supper held at the residence of D. S. Gibson, terminated very pleasantly Wednesday evening, the spacious parlors being completely filled with people from the town and surrounding country. Although cold, the weather was fine and the roads all that could be desired, so therefore the several sled loads from the former places spent a very agreeable evening. About 25 dollars were realized.

A raid, which is quite on a plane with one of the best, after taking into consideration the amount of plunder secured took place in this community one night recently. The marauders, of whom there must have been several had a team, lanterns, "gimmies" and everything else useful to professional crackmen. Their field of operation was very extensive, extending in fact from Gibson's mills to Grafton. Robert Brown was

visited and contributed—quite unknowingly—a fur robe and a large quantity of oats, also a whalebone whip. Harrison Rogers' granary was "cracked" and a lot of oats, beans, and a quarter of beef was confiscated. Chas. W. Connell, for whose harness a perfect mania has existed in times past among thieves, was again called upon and contributed as his share of the plunder one horse blanket off the animal's back, a great coat belonging to his man Brannon, some bags of grain and as a matter of course some harness. Warren C. Bull on visiting his barn in the morning noted the loss of a raw hide whip, some rope and some pines of harness. These outrages are getting to be of common occurrence over this way, and it would not be a surprising fact to learn of the organization of a vengeance committee some of these days, for protection against a common nuisance.

FORESTON.

At the present time there are few places in the county that are more lively or busy than our little village on the banks of the Miramichi, as every day there are a hundred and more teams passing, such as the farmer of all sections hauling and delivering their produce at the market in the lumber woods away eighty or ninety miles from their homes.

The election has been the topic of conversation for some time past, but all I have to say is that I am indeed very glad to know that our friend Mr. Flemming is so ably supported in our parish and county, although I have much sympathy with the disappointed ones.

The war also is discussed with a very deep interest here, and I must say we are indeed proud to have our county so grandly and so nobly represented. We praise and uphold our Carleton County boys because to know of their patriotic spirit to so bravely volunteer their services in the support of their country and their flag. Leaving their homes and loved ones for so dangerous a calling. God will protect them in time of war and reward them by peace sweet peace.

Mrs. D. Lynch and daughter Miss Gertrude of Fredericton are visiting their relatives the family of W. H. Staten of the Foreston House.

Prof. Fox has a very successful class of vocalists at Argyle as well as a limited number of instrumental pupils at Argyle and Foreston.

The men are beginning to come out of the woods. The yarding being completed the large number of men is unnecessary.

Frank Staten, of Boston, who has been visiting his parents Mr. and Mrs. W. H. Staten is soon to depart for his business quarters in Boston I believe.

We had a call from Rev. B. Colpitts, Woodstock, a few days ago. He was on a mission of the Canada Temperance Act.

We are glad to see Mrs. W. A. Biggar out again after her recent illness.

J. Moore, Fredericton, spent a few days with friends here recently.

We are glad to hear favorable reports of our friend John McCormac who is in the Yukon region.

35 cts. vs. Doctor—Some people have spent fortunes seeking to repair the "inroads of disease which have had origin in the simplest of beginnings—food fermentation and indigestion—a disordered stomach—the money's gone—the physicians have failed to cure—but Dr. Von Stan's Pincapple Tablets have proved the little "specialists" in a thousand cases—and a box of 60 of them have made a cure—costs just 35 cents.

Will There be Warships in the Great Lakes?

A Washington despatch to The New York Post says: Advice state that the British authorities have planned a battery defence for every lock in the new St. Lawrence Canal system. It is recognized that from a military standpoint Great Britain has suddenly acquired an immense advantage in the north. An examination of her navy list shows that nearly 140 modern ships of war are now able to carry the British flag from the Atlantic into the waters of the great lakes. So long as the United States and Great Britain remain on friendly terms, the foregoing fact may not cause embarrassment, but it is recognized that with batteries growing up around each lock on the St. Lawrence River the English, at any rate, are not taking chances. Whatever argument held good in the past, officers say, for the defence of the important lake ports holds doubly good now.

Whereas Great Britain, before the opening of the new locks, could only pass gun-vessels and torpedo boats into the great lakes, today she can send thither heavy cruisers and even a number of turret and iron-clad ships. The opening of the new locks makes England absolutely master of the great lakes. All talk and speculation of a possible destruction of the canal locks in the event of war is declared by military men to be idle. England is preparing to defend the new locks with as much determination as if they were naval bases, and the proof of the assertion is to be found in her battery plans. In view of the

PERSONAL.

Mr. Arch. Connell, has arrived home from Chatham.

Miss Blair, St. John, is visiting at Mrs. A. R. Carr's.

Stan E. Hue, Montreal is at the Carlisle, arrived Monday.

R. G. Delue, Toronto arrived at the Carlisle on Saturday.

H. H. Austin, St. John, registered at the Carlisle on Monday.

T. W. Dibbon, McAdam, registered at the Carlisle on Monday.

Mr. C. G. Connell has been confined to his home for the past week through sickness.

Mayor Murphy returned to Woodstock on Saturday night, after a pleasant visit in Queens County and St. John.

Miss Rose Gallagher arrived from her home in Oakland, Cal., on Tuesday, and is visiting her brother, J. J. Gallagher in town.

Fred B. Greene left on Monday for an extended trip through the maritime provinces in the interests of the Maritime Pure Food Co.

Mrs. W. R. Snow was called to St. Andrews last week by the serious illness of her sister, Mrs. N. Treadwell, who is now improving.

At the Carlisle.—W A Lochart, F H Barr, P Master, W E C Jones, W B Howard, A J Heath, J F Tillow, F W Wedderburn, G Robertson, H H Austin, St. John; Iram R Sprague, Boston; L W Ervin, S M Rose, M B McIlroy, B C Smith, F P Clark, R McDonald, Mrs G S Gentle, Houlton; T S Aspinall, W T Fosdick, J Morrison, J H Evans, F L Kahn, J Hamilton, F R Smith, R G Delue, Toronto; E R Teed, A R MacKenzie, St. Stephen; W G Clark, R T Phillips, Fredericton; J S Bissell Union City N B; E F Wilson, Truro N S; T H Frauley, Brooklin Mass; Dr and Mrs F Brown, Centreville; T H Haley, Yarmouth; W Ball, Glassville; J Choquette Quebec; F C Dennison, W E Boon, Stan E Hue, Montreal; P Graham, Hartland; S W Dibbon, McAdam.

SLEEPLESS NIGHTS, caused by a persistent rasping cough. Pyny-Pectoral quickly cures the most severe coughs. It soothes, heals, never fails to cure. Manufactured by the proprietors of Perry Davis' Pain-Killer

immense superiority suddenly acquired by the English, it is thought not unlikely that the old agitation may soon again break out calling for an abrogation of the 1814 treaty, under which both countries are practically prohibited from having war vessels in the great lakes.

Meeting of Legislature.

The New Brunswick legislature will meet on the 15th of February.

HUNTING FOR NEW WRITERS

A Magazine Finds but 30 Worthy Manuscripts out of 8000 Read in a year.

Eight thousand manuscripts were received by The Ladies' Home Journal during the year just closing. Each was given a careful reading, but out of the entire number only eight were found worthy of publication. The Manuscript Bureau of The Ladies' Home Journal is operated at a large expense but the hope of discovering new writers or some aspirants with undeveloped talent warranted the outlay. It can be seen that the articles secured by such a careful winnowing process brings the cost of each up to and above the remuneration paid our best writers.

These facts bring refutation to the oft repeated but none the less erroneous assertion that only well-known writers of established literary reputation are able to find a place for their work in the magazines. Exactly the contrary is true. The Ladies Home Journal, through the manuscripts considered, has discovered three or four new writers of excellent merit and great promise, and this "find" its editor regards as fully warranting the largest outlay of maintaining an expensive bureau for reading all the manuscripts submitted.

It's One Way Or the Other!

The Watchmaker who repairs your Watch at half price, either uses inferior material or slights the work. You cannot get gold dollars for seventy-five cents, neither can you get a dollar's worth of repairing for seventy-five cents. MOST MIRACULOUS HEART CURES

Mr. Thos. Cooke, of Kingston, After Suffering Intensest Pain and Distress of the Heart for Seven Years, Is Cured Almost Miraculously by

Dr. Agnew's Cure for the Heart
--A Remedy which Saves Lives
Everyday that Have Been Proclaimed.

By Physicians Beyond Human Aid—it is a Powerful, harmless Heart Specific and can Work Wonders in Half-an-Hour.

Kingston, April 26, 1899.—Mr. Thos.

Cooke, 260 Johnston street, Kingston, tells this wonderful story of his sickness from heart disease, and what he considers his almost miraculous recovery by the aid of that good angel of modern medical science—Dr. Agnew's Cure for the Heart. He says: "I suffered seven years from a very acute form of heart disease. I experienced great weakness; had smothering sensations; palpitation

so badly that one in the same room could hear the heart thumps. I had great nervousness and depression at times, suffered excruciating shooting pains. Could not stand the slightest exertion or excitement. I tried many remedies recommended to me, and consulted best physicians on my ailments, and nobody gave me any hope of permanent recovery. But one day I read of a cure by this wonderful remedy which seemed just to be my own case repeated. I got a trial bottle and derived great benefit from it. I concluded to continue, as it promised a complete and permanent cure, and when I had used six bottles not a vestige of the trouble remained, and although that is a year and a half ago there has never been the slightest symptom of a return of the trouble."

You can readily verify this or any other testimony of the curative powers of Dr. Agnew's Cure for the Heart, for the commendations for it come spontaneously and

unsolicited, and in ninety-nine cases out of a hundred are given out of the "fullness of the heart" in being snatched from the snare of so distressing an ailment as heart disease in any form.

If modern medical science has given to the world a remedy—a cure—that thousands have used and have tested the curative powers of after having suffered for years, and had been pronounced hopeless case—if, as a last resort, even it has proved such a boon, what an amount of suffering would be spared if when the slightest uneasiness of the heart is experienced Dr. Agnew's Cure for the Heart were used! It has never failed to do what it promises. It gives relief in the most acute forms of the diseases in less than 30 minutes. It not only stimulates a healthy heart action, but it heals the diseased organs, gives vitality, tones the whole system, and it's not claiming too much to say "IT MOST WORKS MIRACLES."

Dr. Agnew's Catarrhal Powder relieves cold in the head in ten minutes—it will cure the most acute and disgusting forms of Catarrh, no matter how long standing.

Dr. Agnew's Ointment acts like magic on Itching, Irritating Skin Troubles, such as Eczema, Scald Head, Salt Rheum, and will cure Piles in from 3 to 5 nights—35cts.

Dr. Agnew's little pills for Constipation, Sick Headache and Biliousness—20 cts for 40 doses.
