Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

BATH.

A very enthusiastic meeting of the rate-payers was held last Saturday night in Patrick Corbett's store, to discuss the prospects of building a waterworks system in this village. Patrick Corbett was chairman and Michael Bohan secretary. Jos. Fewer, of Woodstock, an expert in putting in water systems was present and gave much valuable information. All present were friends of the scheme. A committee of five, Weldon Melville, Mike Bohan, C. E. Giberson, Patrick Corbett, and Dr. M. E. Commings were appointed to get business in shape for incorporation. It has been calculated that the interest on the cost of placing in hydrants and hose for fire protection would be more than covered by the reduction in insurance rates.

Sunday night the grim reaper visited two neighboring houses in the Giberson Settlement and ended the lives of two people of the same age, viz, sixty and in the same hour. One, Frederick Gee had been sick for over two weeks with cholera morbus and the other, Mrs. William Broad, was taken unconscious in the night and died within 24 hours from what the doctors call anaemic coma. They both leave families which are, however, grown up, and these have the sympathy of the whole parish.

On Saturday next, Bishop Casey, of the diocese of St. John, will administer the Sacrament of Confirmation to the young people at St. John the Evangelist's Church, Johnsville.

A Siege

The matrons of the Edison Orphanage at Lowell, Mass., U.S.A., wrote they had a siege of whooping-cough in their institution. They said that every case was promptly relieved by Vapo-Cresolene. Its value in coughs and colds was so great they always kept it ready for use. You know how it's used, don't you? 'Tis heated by a vaporizer and you inhale it. Write us for a book that tells all about it. 2

Vapo-Cresolene is sold by druggists everywhere. The Vaporizer and Lipp, which should last a lifetime, and a bottle of Cresolene complete, \$1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. Vapo-Cresolene Co., 180 Fulton St., New York, U.S.A.

Town Council.

At the meeting of the town Council on Monday evening, all the members were present.

The resignation of Benj. H. Smith as a member of the Board of Health was accepted and Mayor Belyea was elected in his place.

The warehouses of Merritt Bros. & Co., and the A. I. Teed Co. were made legal places for the storage of oil in quantities.

Coun. Dibblee announced that T. Lynch, F. B. Carvell, John Bohan and Michael Bohan were going extensively into the hay business, and that they were buying two steam presses. He had asked them if they could be induced to operate one of these presses at Woodstock. They said that if the town would give them some concessions in the way of cheap water rates they would consider it. Couns. Dibblee, Balmain and R. B. Jones were appointed a committee to interview the hay company and see what they would do.

Coun. Lindsay called attention to the fact that some of the small boys about town were smashing the electric light globes. He wanted it understood that if any of these chaps were caught they would get the limit of the law.

A petition was presented asking that the sewer on St. John street be extended to the end of the street. Coun. R. B. Jones said that although the appropriation was already over run to the extend of \$200.00 yet he was in favor of making the extension. The matter was referred to the sewer committee.

The Lesson of Health

IS ONE TAUGHT US BY THE EXPERIENCE OF OTHERS.

Learn This Lesson Well and the Ravages of Disease Will No Longer be so Prevalent—The Story of One Who Has Been Benefitted and Who Offers Her Experience to Aid Others.

From L'Sorelois, Sorel, Que.

Among the multitude of ailments that afflict humanity there are few that cause more acute misery than indigestion or dyspepsia, as it is variously called. Both young and old are susceptible to its attack, and its victims throughout the country are numbered by tens of thousands. Among the disagreeable symptoms which accompany dyspepsia and make it easily recognizable, are weight, uneasiness and a heavy feeling in the stomach after eating, a feeling of weariness, sick headache and dizziness, pains in the stomach, offensive breath, irritability, etc. Ordinary medicine will not cure dyspepsia. They may relieve its symptoms temporarily, but the trouble always returns and each time in an intensified form. Dr. Williams' Pink Pills is the only medicine which will thoroughly and effectively cure dyspepsia. These pills act not merely upon the symptoms, but on the disease itself through the blood, hence through the stomach, which is strengthened and restored to its normal functions.

Mrs. Alp. Lussier, a lady well known in Sorel, Que., is one of the many who have been released from the clutches of dyspepsia through the use of Dr. Williams' Pink Pills, and in the hope that her experience will be of benefit to some other sufferer she gives the following story for publication: "For over two years I was a sufferer from dyspepsia or bad digestion. The disease became chronic and I was an almost continual sufferer from headaches, heartburn and heart palpitation. All sense of taste left me and at times my stomach was so weak that I was unable to keep any food on it, and this caused me more distress than one could imagine. Although I tried several remedies, none of them gave me any relief, and I began to regard my life as a burden, rather than a joy as it should be. One day while reading I came across a case similar to my own, cured through the use of Dr. Williams' Pink Pills, so in the hope that I would receive similar benefit I decided to give the pills a trial. I had not taken the pills long before I could see that my hopes for recovery were being realized. By the time I had taken half a dozen boxes all symptoms of the trouble had disappeared and I was able to enjoy life as I did before being seized with the malady. I have no hesitation in saying that I think Dr. Williams' Pink Pills are the best known cure for dyspepsia, and I would strongly advise all sufferers to give them a trial.

The old adage 'experience is the best teacher' might well be applied in cases of dyspepsia, and if sufferers would only be guided by the experience of those who have suffered but are now well and happy through the use of Dr. Williams' Pink Pills, there would be less distress throughout the land. Dr. Williams' Pink Pills can be had at all dealers in medicine or by mail, post paid, at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
