**UNION CORNER.**

The marriage of Mr. Frederick Furse to  
Miss Lena Pearl McNeerlin took place on the  
evening of Sept. 18th in the church, which  
was beautifully decorated for the occasion.  
Rev. A. H. Hayward was the officiating  
clergyman, assisted by Bro. E. LeRoy Dakin.  
The bridal party entered the church to the  
strains of the wedding march from the organ  
presided over by Mrs. B. Carpenter and took  
their places beneath an arch made of ever-  
greens intermingled with flowers. The bride  
was given in marriage by her father, Mr.  
George McNeerlin, and attended by her sister,  
Maude. Mr. Thaddeus Furse, brother of the  
groom was groomsmen. The ushers were B.  
Carpenter and J. R. Barton. At the con-  
clusion of the impressive ceremony the newly  
married couple returned to the home of the  
bride's parents followed by the invited guests  
to the number of seventy or eighty where  
they sat down to a sumptuous repast pre-  
pared for the occasion. The wedding presents  
were too numerous to mention here, suffice  
it to say they were costly and magnificent.  
After tea the groom took his bride to his  
beautiful home where they intend spending  
their lives together, followed by the well  
wishes of all who knew them.

Six candidates received the ordinance of  
baptism on Sunday, Sept. 15th and seven on  
the 22nd, making a total of sixty since the  
meetings began.

Mr. and Mrs. M. A. Sypher left for their  
home in Marietta, Ohio, last Monday.

**RED RAPIDS.**

A number of the Red Rapids folks attend-  
ed a chicken supper at Henry Gallop's one  
evening last week, and reported a very  
pleasant time.

Mr. and Mrs. Charles Hassel, of South  
Sebec, have been visiting friends here.

Miss Hattie Roberts and her brother,  
Harry, attended the wedding of Miss Louis  
Lawson, at her home, St. Almo, on Wednes-  
day.

Mrs. Archibald is visiting her mother,  
Mrs. G. Price, of this place.

Miss Lella Laugen spent Saturday and  
Sunday with her friend, Miss Hattie Roberts.

Fred Estey passed through here on his  
way to Perth the other day.

Mrs. Charles Roberts drove to Van Buren  
Monday and intends spending a few days at  
Grand Falls on her return.

her brother at Fort Fairfield for some time

**Children's  
Fertilizer.**

That's a good name for  
Scott's Emulsion. Children  
are like young plants. Some  
will grow in ordinary soil.  
Others need fertilizers.

The nature of some children  
prevents them from thriving  
on ordinary food. Such chil-  
dren grow right if treated right.

All they need is a little fer-  
tilizer—a little extra richness.  
Scott's Emulsion is the right  
treatment.

Fertilizers make things grow.  
That's just what Scott's Emul-  
sion does. It makes children  
grow in flesh, grow in strength,  
grow rich blood, grow in mind,  
grow happy. That's what we  
make it for.

Emily Langen who has been visiting her  
friend, Miss L. Roberts, for the past three  
weeks returned to her home Wednesday.

Mrs. O. C. Boyer and Hattie Roberts  
made a flying trip to Perth Tuesday.

Claude Knapp and Cad Leonard returned  
home Saturday after a week's sporting up  
Tobique.

G. M. Suthery left here the other day for  
England.

**EAST FLORENCEVILLE.**

Miss Maggie Deware, of McDonald's Cor-  
ner, Queens Co., who has been visiting at J.  
A. Kirkpatrick's, returned home Wednesday.

The Imperial Oil Co.'s tank wagon made  
its first trip through here last Wednesday.

Harry Burnham is building an addition to  
his store. He intends having plate glass  
windows, which will be the first in town.

Linn Bros., with their trained dogs, show-  
ed in Burnham's hall Monday night.

There was a very pretty wedding at Mr.  
and Mrs. Wm. Tompkins, Wednesday, when  
their daughter Nellie was united in marriage  
to Lorne A. Simonson, of this place. After  
the ceremony, which was performed by Rev.  
Mr. Hayward, luncheon was served, after  
which the happy couple left for their home  
in Windsor.

Frank Smith was to Woodstock at the ex-  
hibition with Jerry D., and he showed them  
how it was done, by winning first money in  
the 26 class. Our people think Jerry is  
one of the best horses in the province.

**CABANO. P. Q.**

As there has been no news from this busy  
little town in your valuable paper, for a long  
time, we will try and write a few bits of  
town gossip, for fear people may forget us  
entirely.

On account of the heavy wind for the past  
few days, there has been a scarcity of logs at  
the mill, as it has been impossible for the  
"Weary Willie" to cross the lake with a tow.  
The basket sociable held at "Hotel Fraser"  
by the English speaking people in aid of the  
church, was a decided success, the receipts  
being over forty-five dollars.

The Rev. Mr. Pringle of Bon Accord occu-  
pied the pulpit here two Sundays while Rev.  
Mr. Hardy was in Carleton County. Mr.  
Hardy, who has preached here through the  
summer, left for his home in P. E. I., on  
the 25th inst. where he will spend his vaca-  
tion, after which he will return to college.  
On the eve of his departure, he was enter-  
tained with an ice cream supper at the hotel,  
and presented with an elegant umbrella and  
case, by the ladies.

A party of Woodstock people, consisting  
of Mr. and Mrs. Murphy, Mr. and Mrs. Dun-  
bar and Archie Fraser of Cabano, returned  
to day (25th) from a trip in the Louadi and  
Squatter section. They report an elegant  
time and good sport. They carried about  
seventy pounds of trout to Woodstock with  
them.

Alex. Dunbar, who is putting the lights  
into the company's store, intends going to  
Woodstock, to the exhibition, this week.

"Jimmy" Coker, the popular "head mill-  
wright", went to Kintore to be one of the  
principles in a very happy event on the 25th.  
Congratulations, Jimmy.

Frank Miller of Grafton, and Percy Grant  
of Bath, went fishing one day this week, and  
met with fine success.

Fred Boyer is at present taking charge of  
the drive in Touladi.

Cabano can boast of more births to the  
square foot than any place in Canada, we  
feel confident. The two latest arrivals were  
at the homes of Orin Chapman and Frank  
Dickinson—both boys—and big ones. It  
must be in the air, for this town is three  
years old, and we have not started a cemetery  
yet.

**BATH.**

During the first part of the summer Gran-  
ville Chase, a professional correspondent and  
biographer was in this village and wrote so  
much concerning this village and its people,  
and in such glowing style that your corre-  
spondent was for some time put in the shade  
and only now feels confident that he might  
contribute something readable and newsy to  
your readers who are interested in our village  
and people. Mr. Chase got about everything  
that was interesting at the time as the special  
edition of the Woodstock Press shows,  
but some things have occurred since which  
your correspondent now chronicles.

The summer and autumn have the univer-  
sal thanks of the people in this section for  
having been the best for all purposes in the  
memory of our oldest civilized countryman.  
Consequently all things are flourishing and  
evidences of it are apparent on all sides as  
the following items will indicate, and it is  
our sincere belief that if the same amount of  
improvements were to occur in the winter  
the swallows returning next spring would not  
recognize their old building grounds.

The largest and most notable of these  
signs of prosperity is the large three storey  
building which Charles Giberson has been  
building. It is by far the largest in the vil-  
lage and occupies an elegant stand at the  
corner. Just what the building will ulti-  
mately turn out to be we cannot say as the  
owner has not taken us into his confidence  
and we will have to wait developments which  
are postponed till next spring.

Then the next most conspicuous evidence  
of general development is the new wire  
ferry erected by Rupert Hutchison, of Wick-  
low. The Bath landing is near Tracey's hotel,  
and a good approach has been made to it.  
It will be in running order this week.

Hiram Drost has built a new ell to his  
house besides having the main house clap-  
boarded and painted.

John Bohan has built a new wagon house,  
and Gilbert Giberson has finished his new  
and commodious residence, while the old  
McIsaac house, owned by Bart Maddox, is  
being put in repair by George Wheeler, for  
Wm. Boyer, who we hear intends to occupy  
it with his family and run a first class restau-  
rant and confectionery store.

As an offset to the above additions to our  
village, we regret to relate that one old land  
mark has been removed and taken its depar-  
ture to the Tobique regions. This removal  
includes Mrs. Mary Lloyd and family, and  
our amiable old standby, Hugh Laggan. They

sold their house to Holland Giberson who  
now occupies it.

Another evidence of prosperity is that a  
great many of our people have been taking  
some expensive and extensive trips during  
the summer. One C. P. after, Jr., put in a  
couple of weeks between Quebec, Montreal,  
Toronto and Buffalo, while Thos. Bohan and  
daughter, Miss Katie, did the same thing,  
and others have taken in the Fredericton  
exhibition and other places.

Simon Gallagher has a large and beautiful  
residence erected and almost finished on his  
farm, the old Phillips place, which will be  
ready for occupation next spring. Then we  
will probably have another item to write  
about him or we might read it in some Fred-  
ericton paper.

Dr. McManus is visiting here at present.  
His wife and family have been here for some  
time, but Mrs. McManus was most of the  
time laid up with typhoid fever, at her  
mother's home in Johnville. She is conva-  
lescent now.

T. H. Barker, who has been working at  
Cabano, P. I., all summer, came home about  
10 days ago with typhoid fever, but is doing  
nicely.

A young man, Peter Cullen, of Johnville,  
retired home sick from Fort Fairfield, where  
he had gone digging potatoes, last Monday,  
and in about 4 hours after his arrival was  
dead. It was a sad shock to his family and  
friends. He died at Charles Gallagher's  
house here, where he intended resting for a  
few hours before going home.

Rev. Mr. Gregg B. A., who has taken  
charge of the F. B. congregation in this place  
for the last year has endeared himself to  
his congregation and others who have met  
him. He intends leaving Bath on Monday  
the 30th Sept., for Lewiston where he in-  
tends taking a further Theological course.

Inspector F. B. Meagher B. A., is in the  
village attending business.

Joseph Gallagher, went to Memramcook  
College about 1st September, where he will  
take the regular courses.

Whooping cough is epidemic in the village.

The coming election of County Councillors  
is creating quite a stir amongst the people  
here on account of the large field of candi-  
dates. Besides the two retiring councillors,  
Dr. Atkinson and Jarvis Tracey, the follow-  
ing four well known and popular candidates  
are sure to come—C. E. Gallagher, Mike  
Bohan and E. F. Shaw of Bath, and Thomas  
Cammack of Chapmanville. It is a good  
field to choose from and the prospects are  
that two of them will be elected and the  
other four will have an other chance.

Mrs. Harry Blaksley, who has been in-  
valided since last winter, is at present in the  
R. V. Hospital, Montreal, undergoing treat-  
ment.

Miss Rose McElroy came home from  
Montreal a few days ago, after spending  
about a month at the R. V. Hospital under  
going treatment.

**Medical Science Advances.**

It is not more than half a century ago that phy-  
sicians considered a surgical operation with its  
risk, expense and pain as the only cure for piles.  
Today it is only the out of date doctors that think  
of such treatment. It is cruel and extravagant to  
operate for a disease which is far more certainly  
cured by the application of Dr. Chase's Ointment.  
You may be skeptical, but for proof you are re-  
ferred to tens of thousands of cases that have been  
cured by this famous preparation.
