ROSE

From the lowest to the highest. Every grade is Pure Ceylon and Indian Tea. Thousands of people who are using what they call "Black Tea" in bulk at 25c. per pound would never use it again if they tried a package of Red Rose at the same price; but the grade which is most popular is the "Green Label" which sells at 35c. Compare this tea with any other that sells at 40c. and you will understand why it is popular. One pound of Red Rose spends as far as one and a quarter to one and a half pounds of China Tea.
