## Barnum's Monkeys

"All well—all happy—lots  
of fun". That is the regular  
report from the monkey cage  
of Barnum's Circus ever since  
the keepers began dosing the  
monkeys with Scott's Emul-  
sion. Consumption was carry-  
ing off two thirds of them  
every year and the circus had  
to buy new ones.

One day a keeper accident-  
ally broke a bottle of Scott's  
Emulsion near the monkey  
cage and the monkeys eagerly  
lapped it up from the floor.  
This suggested the idea that it  
might do them good. Since  
then the monkeys have received  
regular doses and the keepers  
report very few deaths from  
consumption. Of course it's  
cheaper to buy Scott's Emul-  
sion than new monkeys—and  
that suits the circus men.

Consumption in monkeys  
and in man is the same disease.

If you have it or are threaten-  
ed with it can you  
take the hint?

This picture represents  
the Trade Mark of Scott's  
Emulsion and is on the  
wrapper of every bottle.

The election for county councillors was  
held in the Court House here on Tuesday  
and resulted in a surprising victory for  
Samuel E. Burpee and Honore Cyr who re-  
ceived 173 and 162 votes respectively. The  
defeated candidates were Menec Martin re-  
ceiving but 65 votes and S. Soucy 41.  
Mr. Burpee received the largest number of  
votes ever polled in this parish for a single  
candidate. A large bon fire in the evening  
showed that the result was satisfactory. In  
St. Basil parish the old members Narcisse  
Gagnon and Toom Theriault were elected  
with large majorities and in all other parishes  
of the county no election was held the old

## Paine's Celery Compound Cures and Gives You New Life When Everything Else Fails.

IT IS THE POPULAR MEDICINE  
IN THE HOMES OF THE  
WEALTHY AND THOSE  
IN HUMBLER CIR-  
CUMSTANCES.

Beware of Substitutes and Imitations.

Are you ailing, rundown, or suffering from  
some dangerous disease? If you are, allow  
us with candor and an honest interest in your  
welfare, to direct your attention to Paine's  
Celery Compound, the medicine that "makes  
sick people well."

The wonderful record of cures wrought  
for sick and diseased people in our Dominion,  
is the best and strongest proof of the health-  
restoring virtues of Paine's Celery Compound.  
It has cured the most desperate and obstinate  
cases of disease even after sufferers were  
pronounced incurable.

The use of one bottle of Paine's Celery  
Compound will, in all cases banish the doubt  
of the unbelieving. The testing of one bot-  
tle will prove to all sufferers, that there are  
virtues in the wondrous medicine possessed  
by no other remedy—virtues that banish  
suffering and misery.

The immense popularity of Paine's Celery  
Compound has induced unscrupulous people  
to put up vile and worthless imitations of the  
great health-restorer. Dishonest dealers for  
the sake of large profits resort to substituting  
and recommending the "something just  
as good." At all times beware of imitations  
and substitutes. See that the name PAINE'S  
and the Stalk of Celery appear on each bottle.

Read the strong testimony of Mr. G. W.  
Parks, of Inglisville, N. S., cured by Paine's  
Celery Compound after failures with other  
medicines:

"While at sea I was taken sick, which  
compelled me to abandon my work and seek  
home and rest. I consulted the doctors who  
pronounced it slow fever or typhoid. I suf-  
fered severely from night sweats, and from  
cold chills during the day. Added to this,  
I was extremely nervous, which weakened  
me and reduced my flesh until I was a mere  
skeleton. This continued until last winter,  
when my wife and friends began to despair  
of my recovery, as the medicines I took pro-  
duced no good, and I was growing worse.  
Through the influence of Rev. C. M. Tyler,  
I was induced to give Paine's Celery Com-  
pound a trial. I can truly say it worked  
wonders. The first bottle gave me great re-  
lief, and five bottles completely cured me."

Convince sinners that you are alarmed  
about them, and it will not be long until  
they will be concerned about themselves.
