J. C. HARTLEY  
Woodstock N. B.

### MONEY TO LOAN.

Money on good real estate mortgage security, at reasonable rates of interest, may be obtained on application to the undersigned at his office opposite the Carlisle Hotel.

LOUIS E. YOUNG, Woodstock.

### A STEAM HAY PRESS.

For Carleton County. Mr. McCain will have one in Operation next Month.

H. H. McCain M. P. P. when he learned that the steam hay press was to be taken away from St. John, at once decided that the lack of such a press to put hay in shape to ship to South Africa, would cause a fall in the price of our hay. He therefore promptly proceeded to look up the steam press business, with the result that he has purchased one which he is setting up at his warehouse at Florenceville station, where after the first week in October he will be in a position to re-press hay for export. The value of this press to the farmers cannot be over estimated. It puts Mr. McCain in a position to export hay to any market in the world where there is a demand for it and in getting for himself the highest possible price he will be in a position to give the producers the best price there is going.

### Johnston-Lawson.

An event of Wednesday morning at Canterbury Station, York Co., was the marriage of James B. Johnston to E. Belle Lawson. The groom is a machinist in the employ of the C. P. R. at McAdam Junction. The bride is a native of Canterbury, third daughter of Luke Lawson, appraiser in connection with the customs department. The wedding was a quiet one, none but the immediate relatives of the contracting parties being present. The bride was attired in a becoming travelling suit of dark gray cloth, with hat to match, and carried a bouquet of asters and white lilies. She was unattended. Rev. Geo. A. Ross officiated. After the wedding breakfast was partaken of, Mr. and Mrs. Johnston took the train for a trip through the Provinces. Both the young people are highly respected by their large circle of friends and acquaintances. They will reside at Canterbury station.—St. John Star.

### Thomas-Good.

In the Methodist church, at Jacksonville, at 3 o'clock this afternoon, Miss Annie Good, only daughter of the late Francis Good will be united in marriage to the Rev. H. E. Thomas, of Campbellton. Mr. Thomas preached on the Lindsay circuit for the last three years. He is well known in St. John, where he was born. Miss Good is a graduate in music of the Ladies Academy at Sackville and has been a successful music teacher. She was organist of the Jacksonville church where she will be very much missed. Her brother is Major Good of the Second Canadian Contingent. Mr. and Mrs. Thomas will leave this afternoon on the Gibson train for their home in Campbellton.

### Shooting Accident.

Fredericton, Aug. 30.—A shooting accident occurred last night on the Tobique river, whereby Richard Sisson, aged 20 years, of St. Elmo, Victoria county, received a bullet in his thigh from a gun which he had with him while boating on the Tobique. The circumstances surrounding the discharge of the piece are not known.

Mr. Sisson was brought to Victoria hospital this evening by Dr. Coffin. An operation was performed by Drs. Atherton and McLaren assisted by Drs. Coffin and Wiley. The bullet was extracted, and the physicians feel confident of their patient's recovery.

### Militia.

The staff for Camp Sussex which open September 10th, is as follows:—

Brigade Commander, Col. Dunbar; Brigade Major, Major McDougall; Deputy Assistant Adjutant General, Col. Vince; Musketry Instructor, Captain Lister; P. M. O., Major Bridges; Pay Master, Major Armstrong.

The 10th Field Battery, the 67th Regiment and the Brighton Engineers are relieved from annual training at Sussex. It is almost beyond doubt that these three corps will perform their annual training at Woodstock, occupying the interval on the South of the Meduxakeag, where the old rifle range was.

### Young-Allen.

This afternoon at three o'clock, at the residence of the bride's mother, Albert street, Miss M. M. Allen, youngest daughter of the late John T. Allen, will be united in marriage to Louis E. Young, a prominent Barrister of Woodstock. The ceremony will be performed by the Rev. J. C. Berrie assisted by the Rev. John B. Young, brother of the groom. Mr. and Mrs. Young will spend ten days in Boston and New York.

### Scott Act Fines.

In the police court last week Albert DeMerchant of Canaan, Parish of Kent, was arraigned for violation of Scott Act. Eben Smith, who had been working for DeMerchant was the only witness called. Six fines for first offences, with costs, were imposed, making in all about \$360.00.

### STRIKE DECLARED OFF.

C. P. R. and Trackmen Come to Terms.

MONTREAL, Aug. 30.—The trackmen's strike on the C. P. R. has been declared off, both sides accepting the recommendations of the conciliation committee.

The men accept the basis of settlement arrived at between General Manager McNicoll and the conciliation committee which concede partial recognition of the trackmen's organization, reaffirms the pay schedules adopted in June last, and declares that the fact that the men have been engaged in the strike will not prejudice their positions once they are restored to the service.

The strikers will be taken back as far as possible.

The recommendations of the conciliation committee, consisting of the chairmen of the brotherhoods, were previously rejected by the trackmen. The principal points were summarized in a letter of Mr. D. McNicoll, the second vice-president and general business manager, as follows:

"I will approve circular setting out the pay for trackmen in accordance with letter of June 12th and also reciting rules and regulations governing the employment and service of trackmen and at the end of one year from this date, if the trackmen of the C. P. R. company have effected a responsible and workable organization, the company will meet a committee and grant a schedule, provided, however, that such schedule shall only apply to foremen and first and second men of one year's standing in the company's service."

Having taken part in the strike was not to prejudicially affect any man's chance of re-engagement.

### Mrs. Samuel B. Orser.

Mrs. Samuel B. Orser died at the home of her daughter, Mrs. A. G. McLean, Bristol, on Monday last at the advance age of 80 years. She was formerly Miss Irene R. Shaw being a daughter of the late Jonathan Shaw of Lower Wakefield where she was born but, the greater part of her life was lived at Hartland where she has many friends and relatives. She leaves three sons, Rainsford, in Colorado; John, in Carlisle; and Charles in Florida; and two daughters Mrs. Barter, Avondale; and Mrs. McLean, Bristol; one brother Frederick Shaw, Victoria and a sister Mrs. Geo. W. Orser now of Seattle Washington, also survive her. The funeral was held on Wednesday, and the services was conducted at the house by Rev. D. Fiske. The sermon was preached at Hartland in the Free Christian Baptist Church by the pastor Rev. J. B. Daggett. She had been a faithful and consistent member of this church for nearly 70 years, her life being full of good words and good deeds. May the memory of a good life sustain the mourning ones.

### Resolution of Sympathy.

The following resolution was passed by A. O. W. W. of Presque Isle, recently:—WHEREAS, God, the ruler of heaven and earth, has seen fit to remove from among us our beloved and respected brother, John W. McDonagh, and WHEREAS, By his early demise, our Lodge loses a true and worthy member, one whose interest in its welfare was always manifest, and one whose memory we shall cherish and esteem, therefore, be it RESOLVED, That we extend to the family of the departed our warmest expressions of heartfelt condolence and sympathy. RESOLVED, That the charter of our lodge be draped in mourning for thirty days, that these resolutions be spread upon the minutes, and made a part of the proceedings of the meeting.

MRS. J. K. BARNEY the famous lecturer on W. C. T. U. jail and prison work is expected in Woodstock on the 13th September. She has been in Cuba since she was here last and her lecture on the condition of things in the prisons of Cuba will be most interesting. Notices of place of lecture will be announced later.

HARRY PURRINGTON, son of O. H. Purrington, Richmond Corner, is rapidly recovering from an attack of appendicitis after a skillful operation performed by Drs. Tracy Rankin and Griffin. Mr. Purrington came home from the West in poor health this spring.

A one-armed lecturer was arguing the pros and cons of a certain subject, and having concluded his summing-up of one side of the case, went on with:—

"And one on the other hand—"

Whereup a boy in the front row interjected "but you ain't got no other hand!"

"I hardly think," said the lawyer, "that you can get a separation from your wife on account of her making a practice of throwing things at the dog."

"But," said the man with the haggard look and the black eye, "every time she throws at the dog she hits me!"

### LOWER WOODSTOCK

a Hive of Industry and a Delightful Picnic Ground.—What A. W. Hay has done for the Place.

One of the most interesting spots in Carleton County, yes, one of the most interesting and beautiful spots on the Upper Saint John, is a place that bears the unromantic name of Lower Woodstock. It is nine miles below town and is reached by one of the best pieces of road, one of the most delightful drives, in this vicinity.

Lower Woodstock is the home of Mr. A. Wilmot Hay who by his patience and industry has changed it from a tract of farm land to a manufacturing centre. Mr. Hay has organized The Meductic Meat Company, The Murray Wheel Works, and a barrel factory, all with head quarters at Lower Woodstock. The meat company turns out over twenty-five distinct meat products, and last year it sold over 1,000 barrels of this product receiving a gross return for them of over \$25,000. In previous years there has been a certain amount of waste in the manufacture of beef and pork here, but this year Mr. Hay says there will not be an ounce of anything wasted. Hoofs, horns, entrails, blood, and even the dirty water will be carefully saved and made up into fertilizers.

The wheel works turns out a large quantity of spokes and hubs for heavy waggons. Mr. Hay makes a specialty of beech spokes, which according to Connell Bros., The Woodstock Carriage Co., Chesley Estey and John Loane, all of whom have occasion to use them, are far and away better than the Canadian oak spokes.

Mr. Hay, finding a certain quantity of apples going to waste from year to year in his vicinity, went into the cider business and now he grinds out about 150 barrels of cider a year, using in its manufacture about 600 barrels of apples. The cider is put up for shipment in barrels and in 10 and 25 gal. kegs.

At the barrel factory Mr. Hay makes every barrel, tub, firkin, keg and box that any of his output is sent to market in, and beside this he is selling this year over 3,000 apple, cider and molasses barrels beside tubs and boxes of various sorts.

This busy little place is becoming more self contained every year. Mr. Hay has determined to import nothing that he can produce at his own factories. For instance last year he spent perhaps \$100 00 for saw ge casings and this year he will make all these on the ground.

Beside all these things to occupy his attention Mr. Hay runs a general store.

To one driving past Lower Woodstock there are very few indications of all this industry. One sees a fine large house, a store, a few warehouses and away back among the trees one can see a couple of smoke stacks. One will not see the actual work going forward until he leaves the road and walks up the stream a short distance, to where, embowered in trees, a beautiful site for a picnic ground, there are the factories going under full steam.

Not content even with all these things to run, Mr. Hay is also something of a farmer. His pet hobby is Clyde horses. His stock of these is a little low at present. He only has fourteen, all pure bred Clydes, sleek and heavy, one of them weighing over 1600 pounds.

In telling what Mr. Hay has done for this place one must not forget to say what nature has done for it. About half a mile back from the road on the small stream that winds through the farm, is Hay's falls. This is a beautiful fall of water that drops over a cliff about 75 feet high. On the high ground at the head of the fall is one of the most delightful picnic grounds in this part of the country. Here every summer many picnic parties come from Woodstock to spend a pleasant day. Mr. Hay and his people treat these parties with every courtesy, giving them every encouragement to visit this lovely spot on his farm.

Any one who has not been down to this hive of industry that nature and Mr. Hay have united in making so attractive would be amply repaid for making the trip. New Brunswick wants more men like Mr. Hay who are willing to invest their capital and devote their time to working up the natural products of the country.

### Death of Lemuel A. Estey.

Lemuel A. Estey died at his home at Grand Falls, on Friday last. Deceased had been a sufferer from dropsy for some time. He was a native of Fredericton, but had resided for over twenty years at Grand Falls, where he carried on a mercantile business. He was about 55 years of age and leaves a widow, six sons and two daughters. Two of the sons are in the West; the others reside at home.
