Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.
There is nothing else to live on or by.
When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.
This is health.
When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.
Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.
If you have not tried it, send for free sample, its agreeable taste will surprise you.

The town is to be lighted with electricity in the near future.

Thanksgiving service was held in Saint Luke's church on Sunday when Rev. J. R. Hopkins preached two fine and appropriate sermons. The church was very prettily decorated for the occasion.

BATH.

The new wire ferry recently built by Rupert Hucheson, of Wicklow, has changed hands, having been purchased by E. J. Kearney, who will run it from now hence. Mr. Kearney will reside in the Tinker house, and as he is an obliging chap he will no doubt make his ferry popular.

The waterworks committee have been making some great efforts towards organizing for incorporation and are getting full information concerning its cost and its relative value as a fire protector and for lowering insurance rates. It has been ascertained that the interest on the cost and maintenance, will be less than the discount which the insurance companies will give. Consequently people who insure will save money. Nearly every voter in the district has signed his consent.

On Thursday Oct. 24th, the A. O. H. of this place will give an oyster supper and dance to celebrate the 3rd anniversary of its organization. The members will give invitations and a large gathering and pleasant time is anticipated.

On Sunday morning last, Mrs. Guy Stableford of Pembroke, who has been stopping with Mr. and Mrs. Hammie Grey for some time, delighted her friends and husband with the birth of a girl.

On Friday last Chas. Milbury, of Wicklow, met with a very painful accident. He was working with his wind mill when his pants leg caught in the cog wheels of the machine. His leg was drawn into the cogs but he had the presence of mind to take out his pocket knife and cut himself loose, leaving a piece of overalls, pants and a six inch square piece of skin behind. If he had not cut himself loose his leg would surely have been terribly crushed and probably his body also. He is however doing nicely.

Miss Bloodworth and her sister, Mrs. Giberson, who have been living over E. F. Shaw's store, and keeping boarders there, are moving into the Cox property, which is larger and more convenient for keeping boarders. Mr. and Mrs. C. W. Taylor are going to move into the house vacated by Miss Bloodworth.

On Thursday night last, and again on Saturday, we were visited with two severe snow storms. The storm on Saturday was sufficient for sleighing, but is now disappearing.

Several of our citizens went to St. John last week, to do honour to the visiting Royalty. We do not expect that they will be recognized, if they are, they will let us know.

BABY'S ILLS.

Every Mother Should be in a Position to Promptly Relieve the Minor Ailments of Her Little Ones.

The baby who is always plump always has a good appetite, always has a clear eye and a rosy cheek, and is always active and playful, is the choicest treasure this life affords. The medicine which keeps babies in such a condition or which restores them to it when they are ill is certainly a priceless boon to humanity. There are many medicines which produce sleep, but their action upon the child is similar to that which whiskey or opium has upon a full grown man. They deaden and stupefy and are the most injurious things which can be given to children.

The only safe course is to use nature's remedies. Nature has provided a vegetable cure for every ill, and her remedies for children's disorders are scientifically compounded in Baby's Own Tablets. For diarrhoea, constipation, colic, simple fever, croup, irritation when teething, indigestion and all the disorders of children so familiar to mothers, this remedy is conceded by the medical profession to be without an equal. Its effect is gentle, soothing, promptly curative and never failing. It will save pain, anxiety, doctor bills and perhaps a life. All mothers who have used Baby's Own Tablets for their little ones speak of them in terms of warmest praise. Mrs. Ben. Seward, Forfar, Ont., says: "I have used Baby's Own Tablets and can highly recommend them to all mothers. My baby was cutting his teeth, and was very cross when I first gave them to him. They acted like magic; he cut his teeth almost without my knowing it, and gave him such ease that they proved a blessing both to the child and myself. He has not been sick since I gave them to him, and I would not be without them in the house." Baby's Own Tablets can be procured at any druggist's, or will be sent post paid on receipt of 25 cents by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Logical Reasoning.—"But don't you see, Willie," explained his mother, "if you eat any more jam it will make you sick." "It'll make me sick?" repeated the boy inquiringly. "That's what I said." "Not you?" "No, not me, but you." "Well, then, if I'm willing to risk it I don't see why you should make a fuss about it."—[Chicago Post.
