### NORTHAMPTON.

Some much needed repairs have been made  
on the road, in the woods below the end of  
the river bridge; although still far from per-  
fection it is much better than heretofore, and  
we are very glad to note the improvement.

Allan Rogers, who has been poorly for  
nearly a year, and for whom but small hopes  
of recovery were entertained about a month  
ago, is much better and is gaining strength  
daily.

ways been residents of this community,  
moved away with their household good, to  
Bangor Me., last week.

Harry Bull who has been laid up for some  
time with a sore hand is better and able to  
resume work.

It will be a matter of the deepest regret on  
the part of the people of this community and  
elsewhere, to learn the Mr. and Mrs. Geo. E.  
Phillips are about selling their farm and  
moving to St. John. During their five years  
of residence in this place Mr. and Mrs.  
Phillips have formed many staunch and firm  
acquaintances, who will suffer in their de-  
parture, irretrievable loss. It is said Mr.  
Bacon will accompany them.

### BATH.

Bohan & Co. are putting a new addition  
to their store which will be especially used  
for millinery purposes.

the pressing by steam of all the hay which  
the New Brunswick Hay Co. of which he  
and John are members will handle this  
winter.

Wm. Boyer is having a barn built in front  
of his store.

## Scott's Emulsion

of Cod Liver Oil is the means  
of life, and enjoyment of life to  
thousands: men women and  
children.

When appetite fails, it re-  
stores it. When food is a  
burden, it lifts the burden.

When you lose flesh, it brings  
the plumpness of health.

When work is hard and  
duty is heavy, it makes life  
bright.

It is the thin edge of the  
wedge; the thick end is food.  
But what is the use of food,  
when you hate it, and can't di-  
gest it?

Scott's Emulsion of Cod  
Liver Oil is the food that makes  
you forget your stomach.

If you have not tried it, send for  
free sample, its agreeable taste will  
surprise you.

eighty people sat down to oysters which were  
thoroughly enjoyed. A party of several  
came all the way from Easton to enjoy the  
time, and went away satisfied that the A. O.  
H. entertainments were all right. The music  
by Messrs. Wade and Hall was complete.

W. F. Kertson is rapidly pushing to com-  
pletion his new building on Broadway. It is  
said that the government has arranged for  
quarters for the post office in the building,  
and that half the basement will be expressly  
fitted up with lock boxes, delivery and stamp  
windows, etc. for that purpose.

James Burgess, Sr. has already sent several  
crews to the woods, and is still engaging  
men at unprecedented high wages. He will  
have two camps, and will employ about one  
hundred and twenty-five men this winter.

A week ago Sunday, a young and inexperi-  
enced bull moose mistakenly relying on the  
Sabbath quietness and religiosity of the  
people, and foolishly confiding no doubt in  
the protection of the Game Act which prohib-  
its hunting on Sunday, visited Grand Falls  
and proceeded to enjoy a bath in the upper  
basin. A large crowd was soon attracted to  
the unusual scene, and the moose becoming  
alarmed swam across the river, not before,  
however, a shot was fired at him, and sought  
refuge in the trotting park. A number of  
nimrods bent on the noble animal's destruc-  
tion hastened to the park. Several ineffectual  
shots were fired by different persons, until  
finally Henry Fraser sent a mauser bullet  
through the heart of the young monarch of  
the forest. The shot has proved an expensive  
one for Mr. Fraser. The Game Warden has  
laid an information before Police Magistrate  
J. P. Kelly, charging Fraser with killing the  
moose without a license on Sunday, for which  
offence the Game Act provided a double  
penalty. Hence Mr. Fraser will be called on  
to pay a fine of not less than one hundred  
dollars or more than three hundred dollars,  
and now he has sworn off hunting moose—  
particularly on Sunday.

A special session of the County Court was  
held in Andover on the 19th inst., before  
Judge Stevens and a jury, to try the claim to  
450 cedar logs replevined by Adam J. Beve-  
ridge from John Peters Jensen. Alexander  
Straton was attorney for the plaintiff and J.  
J. Gallagher was attorney for the defendant  
and claimant. Judgment was rendered for  
the defendant and claimant; the logs ordered  
delivered to him; the plaintiff ordered to pay  
the cost of the day, and the Replevin Bond  
ordered to be assigned to the defendant. An  
unusual incident occurred during the hearing  
of the matter. The plaintiff, Adam J. Beve-  
ridge, arrested in the Court room one of the  
defendant's witnesses, Thomas Cote, for a  
debt of \$346.15, on a capias in the County  
Court upon motion of J. J. Gallagher, and  
upon his affidavit that the prisoner had at-  
tended from Fort Fairfield, Me., solely as a  
witness, the Judge ordered him to be forth-  
with discharged from his arrest, on the  
ground that a witness is privileged from  
arrest until after his return to his residence.  
Alexander Straton opposed the application.  
There was a large attendance at the Court.

### FRAIL LITTLE ONES.

Their Hold Upon Life is Slight, and  
Mothers Have a Great Responsibility.

Every baby—every little one—requires  
constant care and watchfulness, and when a  
trace of illness is noticeable, the remedy  
should be promptly applied. The little ones  
are frail. Their hold upon life is slight.  
The slightest symptom of trouble should be  
met by the proper corrective medicine.  
Baby's Own Tablets have a record surpassing  
all other medicines for the cure of children's  
ailments. They are purely vegetable and  
guaranteed to contain no opiate or poisonous  
drugs such as form the base of most so-called  
"soothing" medicines. For sour stomach,  
colic, simple fever, constipation, all bowel  
troubles, the irritation accompanying the cut-  
ting of teeth, sleeplessness and similar symp-  
toms, these Tablets are without an equal.  
They act directly upon the organs which  
cause the troubles, and gently but effectively  
remove the cause and bring back the condi-  
tion of perfect, hearty health. Every  
mother who has used these Tablets for her  
little ones praises them, which is the best  
evidence of their great worth. Mrs. David  
Duffield Ponsoby, Ont., says:—"Baby's  
Own Tablets are a wonderful medicine. I  
think they saved my baby's life, and I greatly  
recommend them to other mothers. Ask  
your druggist for Baby's Own Tablets. If  
he does not keep them, send 25 cents direct  
to us and we will forward a box pre-paid.  
We have a valuable little booklet on the care  
of children and how to treat their minor ail-  
ments, which we will send free of charge to  
any mother who asks for it. The Dr. Wil-  
liams Medicine Co., Brockville, Ont.

### A Marriage Epidemic.

Servia is in trouble now with an epidemic  
of marriages. The cause is the system of  
marriage banks founded as an encouragement  
to thrift, but which have proved to have  
quite an opposite effect. The young men and  
maiden of Servia begin paying in to these  
institutions at an early age on the promise of  
a premium on marriages. Immediately a  
small sum has been accumulated the desire  
for marriage grows overwhelming, with the  
result that the first offer is snapped up. In  
consequence, prematurely early and unhappy  
marriages are general. The matter has now  
reached such lengths that it is seriously  
troubling the Government, and the advisabil-  
ity of abolishing these banks, which are  
held to be the root of the evil, is being de-  
bated.

### On Magnetic Healing

Much is spoken and written during these times  
about this mysterious method of treating disease.  
The most truly remarkable cases of magnetic heal-  
ing which have come under the notice of the writ-  
ter have been those in which Dr. Chase's Ointment  
was used. This preparation seems to have magi-  
cal powers in stopping the dreadful itching, burn-  
ing sensations of Salt Rheum and Eczema, and  
when used regularly makes the cure thorough and  
permanent.
