**BATH.**

From the 6th to the 13th inst. this village  
was entertained every evening but Sunday  
by the German Medicine Company in Gal-  
lagher's hall. The specialties of this show  
company were exceedingly above the average  
travelling show, and were well attended.  
The principal interest was centered in the  
mind reader and self hypnotizer, Prof.  
Rosco who was a grand success and perform-  
ed some very remarkable feats of finding  
hidden objects. He is genuine to say the  
least and wherever he goes we are sure that  
he will be appreciated. As a drawing card  
the company had an elegant collection of  
silverware which was to be given on the last  
evening of the entertainment to the baby  
which received the most votes. Their medi-  
cine was sold and the more medicine bought  
carried the most votes. W. W. Melvin's  
child was the lucky individual who received  
the prize.

Mrs. Alex. Hamilton who lived here for  
some years and whose husband died about a  
year ago was recently married to John Darkis,  
sr., Florenceville. We wish the bride a long  
and pleasant continuance of this mortal  
existence.

Rev. C. A. Giberson recently bought the  
Alex. Hamilton property and intends to  
make with it larger grounds around his home  
as it is the adjoining lot.

Last week we received another change of  
station agents and the veteran Thomas Earle,

Babies and children need  
proper food, rarely ever medi-

on their food something is  
wrong. They need a little

will generally correct this  
difficulty.  
If you will put from one-  
fourth to half a teaspoonful  
in baby's bottle three or four  
times a day you will soon see  
a marked improvement. For  
larger children, from half to  
a teaspoonful, according to  
age, dissolved in their milk,  
if you so desire, will very  
soon show its great nourish-  
ing power. If the mother's  
milk does not nourish the  
baby, she needs the emul-  
sion. It will show an effect  
at once both upon mother  
and child.

The competition amongst the hay buyers  
here is very keen, and big prices are being  
given. Oats too are being hoisted to top  
notch prices and altogether this is a very  
prosperous year for the farmers.

Calvin Hatheway has taken out his large  
ferry boat, but Eber Kearney's is still run-  
ning. Mr. Kearney has consequently fulfill-  
ed the intention for which his ferry was  
built. It was wanted, as many people who  
had to depend on the Hatheway ferry were  
yearly kicking about the unaccommodating  
management of it especially in the fall and  
spring.

**NORTHAMPTON.**

With the first fall of snow comes the old  
vexed question as to the kind of conveyance  
the best to use, a wagon or a sleigh.

Miss Annie Monteith, the youngest daugh-  
ter of Mrs. William Monteith, is seriously ill  
of typhoid fever at the residence of her sister,  
Mrs. Wm. Jardine, at Van Buren, Me. The

sad intelligence reached her mother yester-  
day, that her chances of recovery were very  
small, therefore Mrs. Monteith left at once  
to be in attendance at the sickbed. Mrs.  
Robinson is also present with her sister.

Mr. and Mrs. Howard Kearney are re-  
ceiving the congratulations of their numerous  
friends, on the advent of a son and heir.

Chas. P. Bull came very near being fatally  
injured, while three miles from home, in the  
woods alone, one day last week. While  
putting up the roof of a camp, a piece of  
square lumber fell and struck him on the  
head, the sharp edge of which severed an  
artery. Mr. Bull at once left for home,  
arriving there in less than an hour, suffering  
severely from loss of blood. Dr. Hand was  
hastily summoned and dressed the wound.

**CAREWORN MOTHERS.**

Life Often Made a Burden Through Nurs-  
ing a Cross and Fretful Baby.

All babies should be good-natured; well  
babies, if there is no outward reason for dis-  
comfort, are always good-natured, and yet  
how many mothers permit themselves to be  
thoroughly worn out caring day and night  
for a sick, cross and fretful baby, when a  
little care and foresight would remove all the  
trouble and make both mother and baby  
happy. The little one's sufferings and cross-  
ness may be caused by any one of the nu-  
merous ills that make baby lives a misery to  
themselves and a constant source of worry  
and discomfort to the mother, such as colic,  
worms, indigestion, constipation, the irrita-  
tion accompanying the cutting of teeth, etc.

When baby is cross do not, if you value your  
child's future welfare, give it any of the so-  
called "soothing" medicines, as they only  
stupify and deaden without removing the  
cause of the trouble. What is needed is a  
simple, vegetable compound such as Baby's  
Own Tablets, which reach the root of all the  
minor ailments of little ones, making them  
well and happy. The best proof of this is  
the high praise all mothers who have used  
this medicine award it. Mrs. W. S. Beaver-  
stock, Church street, Brockville, says: "I  
have used Baby's Own Tablets in my house  
for several years and know of no medicine  
for little ones that can equal them. When  
my baby was teething she was restless, cross  
and peevish, and I could do very little with  
her. I gave her the tablets and they quieted  
her when other medicines did no good. When  
baby was troubled with constipation the tab-  
lets always gave prompt relief, but above all  
things I think they are most excellent in in-  
digestion; she vomited a great deal, was very  
cross and would scream with pain, and I had  
to get up with her many times during the  
night. No matter how much she ate she  
kept growing thinner. It was then I began  
the use of the tablets, and she grew plump  
and fat, and I had no further trouble with  
her at night. I can recommend the tablets  
to any mother who has a sickly, cross or  
fretful baby, and I am sure she will never be  
without them again." Baby's Own Tablets  
are easily administered and dissolved in  
water can be given safely to the youngest  
infant. If your druggist does not keep them  
send 25 cents to the Dr. Williams' Medicine  
Co., Brockville, Ont., and a box will be sent  
you by mail, post paid.

**Threat of the Law.**  
(London News.)

A very windy night recently caused a cor-  
respondence between a retired sea captain  
and a lawyer who lived next door to each  
other, and have had words. The lawyer was  
reading a book in his study when a terrible  
crash upstairs startled him.

Upon investigation he found that a chim-  
ney had hurled itself through his roof, doing  
considerable damage, and soon discovered  
that it was the sea captain's chimney. Hasten-  
ing down to his library he pulled out his  
law books and hunted up similar cases,  
with a view of getting satisfaction from the  
captain.

While thus engaged, a note arrived from  
his enemy that reads as follows:  
"If you don't return those bricks at once I  
will put the matter in the hands of the law."
