

LOCAL TOPICS.

THE 10th Field Battery will be inspected on the 26th of November.

THE N. B. Telephone Co., has put in telephones at Lakeville, Bloomfield Corner and Avondale.

REV. Z. L. and Mrs. Fash, and daughter, of Nova Scotia, arrived in town Thursday last. Mr. Fash has accepted a call to the Albert Street Baptist church.

WINTER is coming, you will need storm doors and window. Place your order with the Woodstock Woodworking Co., who will take measurements and fit the doors and windows if desired.

FOR many years past the "Temperance and General" has done more business in this province than any Canadian Company—and this year it is even excelling its previous record—Its popularity increases with its age.

MRS. TAPPAN ADNEY, Miss Beatrice Maude Dibblee and Miss Margaret Ross gave a concert in the opera house, Houlton, last Thursday evening. The house was filled with an appreciative audience. A number of Woodstock people drove over to enjoy the event.

J. FRANK TILLEY went to Grand Falls on Monday to ship a carload of cheese from the New Denmark factory to Montreal whence it will be shipped to Glasgow on the first steamer. The car will contain 550 boxes, about 50,000 lbs. July cheese is worth 8 7/8 cts., August 9 cts., and September and October 9 1/2 to 9 3/4, at any station in Carleton, Victoria or Madawaska Counties. Small cheeses in the local market bring 10 cts.

THE LADIES missionary society of St. Paul's church held a thank offering in the basement of the church last Wednesday evening. Mrs. F. Rankin occupied the chair. Mrs. Charles McLean, Mrs. H. V. Dalling and Miss Barbara Walker read interesting papers. Rev. G. D. Ireland gave an address on "Home Missions." The choir rendered several anthems during the evening.

A PLEASANT gathering took place at the residence of Henry Danks, Fort Fairfield, on Wednesday evening, Oct. 28, being occasioned by the marriage of his father, Mr. John Danks, of Florenceville, N. B., to Mrs. Lydia Hamilton, of Bath, N. B. The ceremony was performed by the groom's pastor, Rev. A. H. Hayward, of Florenceville, in the parish of Andover, after which the bridal party returned and partook of a bountiful repast. The happy couple took the train at Fort Fairfield, on Thursday P. M., for Florenceville, where they will reside.

MR. AND MRS. RALPH SEELY and their daughter, Miss Abbie Seely, left Wednesday for Hartland, N. B., the home of their daughter, Mrs. Geo. Shaw, with whom Miss Seely will remain during the winter. Mr. and Mrs. Seely will start from Hartland, Monday, for Durant, Indian Territory, where they expect to reside indefinitely. They spent a winter there with their sons two or three years ago. Their oldest son, Prof. G. W. Seely, who has been there twelve years, is one of the professors in a Presbyterian College in Durant. The younger son, Dr. A. H. Seely, after completing his medical course, joined his brother eight years ago, and entered at once upon the practice of his profession, in which he has been remarkably successful within the past three or four years. Both of the sons have visited their parents in this town, and Miss Abbie Seely accompanied her oldest brother to his Indian Territory home and remained one winter. Mr. and Mrs. Seely removed to Fort Fairfield from Woodstock, N. B., nine years ago. Mr. Seely is a wide awake business man, speculating in horses, sheep, cattle, land, etc., and has, we judge, been well prospered. Mrs. Seely is one who will be greatly missed in the community. She allied herself with every interest tending to better those around her; was a faithful worker in her church, Sunday school, the W. C. T. U., and especially helpful in all benevolent or charitable enterprises. All regret the departure of Mrs. Seely from our town, but none will feel the loss so keenly as the dependent ones. In her they always found a friend. In all her charitable work she was systematic. She was a great help in investigating the needs of those requiring aid from the town, and while watching carefully that none suffered from neglect, she was equally as careful that the town should not be duped by unworthy applicants for aid. Fort Fairfield can ill afford to spare Mrs. Seely, or, in fact, any member of the family, and, while wishing them God-speed in their new venture, we will all continue to hope that they may again in the not far distant future take up their residence in our town.—Aroostook Republican.

CHRISTMAS PHOTOS.

Now is the time to leave your orders for Christmas Photos. They make a suitable and lasting gift and are more appreciated at this season of the year than anything else you can give. We have just received a part of our Christmas goods among which are the very latest styles in mounts and novelties. We would earnestly solicit a liberal share of your patronage. We do our very best at all times to satisfy our patrons.

G. A. KEITH.

P. S.—Children and groups should come early in the day.

THE Woodstock Business College day school opened Tuesday morning in Payson's hall, Connell street. The evening school will open this evening at seven o'clock.

CARLETON COUNTY Teachers Institute will be held in Graham's Opera House on Thursday and Friday, December 19th and 20th. Papers will be read by the Rev. James Crisp, Joseph Howe, E. P. Davis, D. W. Hamilton, B. A., and L. H. Jewett. The programme will be published in full at a later date.

IT IS PROBABLE that the cut of lumber in the upper St. John river counties will be smaller this year than it was last. Though the price of spruce is very high, yet wages are too high to make it profitable to engage in large operations. Wages are so high in Aroostook County that many men from these counties are taking advantage of them.

WILLIAM HAYDEN, raises on Blossom Hill Farm, Grafton, some very large apples which he thinks are Wolfe Rivers. Some of them will measure 14 inches in circumference and weigh 14 ounces. They are bright red in colour, firm and of good flavour. They are winter apples, much better to look at than the Alexander and with a finer grain and flavour and grow to a larger size.

THE COUNTRY is sorely in need of rain. The ground is dry and some farmers in Jacksontown are hauling water to feed their stock. If the ground freezes up before we have a heavy rain it will mean an expensive winter for some people. The thermometer ran dangerously low on Monday night; one man said 10 degrees above zero. If this keeps up we will be in a bad way.

FRED MOORE the veteran lumberman is now operating in Aroostook County. He and his two sons, George and Miles started to build a steam saw mill on the St. Croix river at Griswald Station on the eighth day of October and on the eighth day of November they were sawing lumber. The mill has a capacity of 30,000 feet of spruce, 30,000 shingles and 25,000 lath a day. They are now employing 132 men.

ON Saturday afternoon a party of young men drove from Woodstock to Centerville to attend the roller rink there. In the party were, Gordon Munro, Frank Estabrooks, Harry Annett, Clyde Hall, Ansley Rogers, George Searle, Eldon Embleton, Lawson Fisher. They stopped at Perkin's Hotel where they were royally treated. They pronounce the roller rink a good thing. The floor is first class. There is music at the rink every Tuesday night.

MRS. WATT, relict of the late Thomas Watt, died at her home, Lower Kintore, on Tuesday October 29th, in the 70th year of her age. Mrs. Watt had been in poor health for some time and on Sunday was stricken with paralysis from which she never recovered. The funeral which took place on Saturday was largely attended. Mrs. Watt was a lady highly respected by all who knew her. She was the mother of John Watt, the well known Railway mail clerk of Woodstock.

E. W. BELL of Bristol turned out about 1800 lbs of bees honey this season. This is the largest output he has had yet. His crop would have been much larger but he lost eighteen hives last winter and just when the white clover was in bloom the great drought prevented the honey in the clover from being in such a condition that the bees could get it. Mr. Bell is selling honey either in the comb or strained at 12 cts. a lb in quantities of 30 lbs or more. In smaller quantities he gets 15 cts. for it.

AT THE semi annual meeting of Hose Company No. 1. held last week the following officers were elected: J. R. Landow, first foreman; Eldon Fisher, second foreman; James H. Wilbur, secretary, and Chief John J. Tattersall, treasurer. The chief appointed George Gibson, Jas. Hamilton, Robert Welch, Ed. Manzer, pipemen; A. W. Fields, T. V. Monehan, axemen; William Bolger, lanterns and ladders. The company had been called together 26 times in six months, 15 times of which had been for alarms of fires. The number of feet of hose laid was 2,000.

DEAFNESS IS CURABLE! Sufferers from impaired hearing will be glad to know that their affliction is probably not due to any organic defect in the ear, but results probably from a thickening of the lining of the middle ear caused by catarrhal inflammation. Hundreds of perfect recoveries as a result of the inhalation of Catarrhzone are reported, and on the highest authority we recommend this treatment to our readers. Catarrhzone quickly restores lost hearing, and its efficiency is placed beyond dispute by the case of Mr. Foxall of St. Thomas, who recovered perfect hearing by using Catarrhzone, after years of deafness. Price \$1. At Druggists or by mail, from Polson & Co., Kingston, Ont. Sold by Garden Bros.

He was removed from his hotel to St. Michael's Hospital where an operation was performed by a leading specialist. He is now slowly recovering, but will scarcely be able to leave the hospital for a week or two.

Death of Mrs. Rebecca C. Hammond.

Mrs. Rebecca C. Hammond relict of the late Wm. W. Hammod peacefully passed away at the residence of her sister Mrs. R. B. Jones at an early hour Tuesday morning the 12th inst. Mrs. Hammond leaves one other sister Mrs. Clara W. Dakin of Gondola Point, Kings Co. two brothers, John N. and W. O. Børnby of Waterfall Digby Co. N. S. and a large circle of relatives. J. Chipman Hartley Esq., of this town was a nephew. The Subject of this sketch was a woman of deep sympathies. Kind to the poor and afflicted and would go out of her way to assist and comfort anyone needing her aid.

During her many years connection with the church and more especially during her active life, she was always ready and willing to do all that lay in her power to advance its interest. To her the services of the Sunday were a delight, and when her infirmities did not prevent, she would always be found in her place waiting on the means of grace with deep interest. During her illness her faith and trust in her redeemer was ever bright. She "knew in whom she believed" and was assured that "He would keep her to that day," and always manifested deep anxiety for the prosperity of Zion. She realized that for her to "depart was to be with Christ, which would be far better." At the approach of the death angel she had no fear, but passed triumphantly to her reward.—Com.
