

MONCTON TIMES TAKES BACK WATER.

Apologizes to Tyler C. Burpee, of the I. C. R., for Adverse Comments.

Some months ago the Moncton Times made some adverse comments upon Tyler C. Burpee of the I. C. C., and suggested that he be dismissed. Mr. Burpee called upon the Times to retract the statements, but the explanations offered by that journal did not satisfy Mr. Burpee and he entered a suit for libel against the Times. Last Monday the Moncton Times published the following apology, and, it is understood, paid the costs of Mr. Burpee's solicitor.

APOLOGY.

Mr. T. C. Burpee, C. E., Engineer of Maintenance on the I. C. R., was the subject of certain strictures in our daily issue of the twenty-fifth day of July last under the caption, "A Grit Official," and in our issue of the twenty-seventh day of July past, under the heading, "Hands off Mr. Burpee." These articles were also published in our weekly edition, and were therefore given the full publication of our daily and weekly circulation. We now wish to state with equal publicity that we have learned that the articles referred to were not only incorrect and unfair, and unjust to Mr. Burpee, but also that they were calculated to do a great deal of harm to that gentleman, among those who have not known him and do not know him. The statements contained in the articles and extracts published by us were based on incorrect information, and were entirely unwarranted. We regret very much the publication of the criticism and strictures, as however much we may condemn the government, we have no desire to do injury to its officials or employees in the government service, and we wish to give the fullest publicity to this withdrawal of the articles mentioned.

[Mr. Burpee is a gentleman well known in Woodstock where he lived for some years and where he has many friends.]

\$90 TO THE TON

WOULDN'T BE A RICHER FIND TO A MAN WITH A GOLD CLAIM

Than a Vial of Dr. Agnew's Liver Pills to the same man if his Nerves were all disordered through Over-work and Head Strain.

These things induce Constipation, Biliousness and Sick Headache. The easiest cure is the best cure. The purest cure is the most desirable cure. A vegetable compound is the safest cure. Dr. Agnew's are purely vegetable. You can take them any time without danger. The doses are small. The taste is palatable. 40 pills 10 cts.; 100 pills 25 cts.

When the novelist, Jules Verne, chose "Around the World in Eighty Days" as a subject for his fanciful tale, it was the humorous absurdity of the notion that gave his title its chief attraction. Now the time limit of eighty days is no longer incredible; and a recent test of a sub-marine boat has brought his "Twenty Thousand Leagues under the Sea" much nearer to the range of credibility. The test took place in Peconic Bay, Long Island; and the little vessel remained under water for fifteen hours, quietly resting at the bottom of the harbor, the men on board quite unaware of the fact that a storm was raging above them.

His Horrid Hallucination.

Attendant (in insane asylum)—"That poor fellow over there is the most pitiable case in the institution. He weeps and bemoans his lot from morning till night, and nothing can be done to alleviate his distress of mind."

Visitor—"What is the nature of his hallucination?"

Attendant—"He believes that he is the husband of seven wives who are all coming to visit him on the morrow."

The Doctor's Mistake.

From The Chicago Post.

"You don't take enough exercise," said the doctor, who called in to see Binks at his office. "A good brisk walk or short run every morning would do you a world of good."

"Doctor," replied Binks impressively, "I live in a suburb, have to catch a certain train every morning, and my house is nearly a mile from the station."

MAGNETIC HEALING.

I feel it my duty to my fellow creatures to inform them of the benefits I received from Magnetic Healing. I have been a sufferer with Bright's disease for eight years, and have been treated by several of our best doctors, who could only give me temporary relief, and they all agreed that I could only live a short time. I have been confined to my bed for several months at a time, and have been subject to severe headaches, so severe that I did not know how I could possibly live through them. My limbs and body were fearfully swollen, and I had severe cramps in my stomach, which lasted from three to five hours, and many of my friends thought that I could not possibly survive them, in fact I had given up all hope of recovery and would have been glad to have been relieved of my sufferings by death. The doctors cautioned me not to get cold, saying the least cold would prove fatal. A friend of mine told me about some wonderful cures that were being made by Mr. E. Moore, of Meductic, Professor of Magnetic Healing, and about the first day of June last past, like a drowning person who grasps a straw, I sent for him. I received his Magnetic treatment and it worked like magic. I felt better at once and on the second day I was able to be up and doing my household work. About the last of June I contracted a very heavy cold and was soon bedfast with a severe attack of congestion, everybody who knew me felt sure that my time had come. Professor Moore happened to be here at the time and treated me, and I am very happy to say that my recovery was very rapid, and that I am feeling better in every respect than I have felt for ten years. My headaches and cramps are all gone and all symptoms of Bright's disease have disappeared, and I feel like another person altogether. I do not know how to express my feelings in regard to Magnetic healing. I feel that I have been almost taken from the grave, and I can fully recommend Professor Moore's treatment to all who are afflicted.

MRS. FRED. LOVEGROVE.

Burt's Corner, York County. The above testimonial, sworn to, was by Mrs. Lovegrove.

Professor Moore, the gentleman referred to in the above testimonial, is a graduate of the School of Magnetic Healing in Missouri. He says that he has practised Magnetic Healing in some of the largest cities in Canada, where he had remarkable success, effecting many cures; that he has treated all kinds of diseases, organic as well as nervous; that he has had excellent success in treating heart trouble, and that he has treated several cases of consumption successfully. He refers the public to Thaddeus Porter, of Porton, whom he cured of a bad case of kidney trouble; to Mrs. Arvad Tompkins of Shogomoc, whom he cured of consumption after she was given up by two doctors; to Mrs. Henry Veness of Fredericton, whom he cured of a tumor and nervous prostration; to C. H. Farnham Perth, whose infant he cured of Pneumonia. Professor Moore's office for the present is a Meductic, where he may be consulted either personally or by letter.

Obscurity.

"What became of your friend Harkins? I don't hear of him any more."

"Oh," he's vice-president of the United States."

It's Morgan's.

I came to a mill by the river side, A half mile long and nearly as wide, With a forest of stacks and an army of men Toiling at furnace and shovel and pen. "What a most magnificent plant!" I cried, And a man with a smudge on his face replied. "It's Morgan's"

I entered a train and rode all day On a regal coach and a right of way Which reached out its arms all over the land In a system too large to understand. "A splendid property, this!" I cried, And a man with a plate on his hat replied, "It's Morgan's"

I sailed on a great ship, trim and true, From pennon to keel and cabin to crew, And the ship was one of a monster fleet; A first-class navy could scarce compete. "What a beautiful craft she is!" I cried, And a man with akimbo legs replied, "It's Morgan's"

I dwelt in a nation filled with pride, Her people were many, her lands were wide; Here record in war and science and art Proved greatness of muscle and mind and heart. "What a grand old country it is!" I cried, And a man with his chest in the air replied, "It's Morgan's"

I went to heaven. The jasper walls Towered high and wide, and the golden halls Shone bright beyond. But a strange new mark Was over the gate, viz: "Private park." "Why, what is the meaning of this!" I cried, And a saint with a livery on replied, "It's Morgan's"

I went to the only place left. "I'll take A chance in the boat on the brimstone lake. Or perhaps I may be allowed to sit On the griddled floor of the bottomless pit. But a leering lout with thorns on his face Cried out as he forked me off the place."

"It's Morgan's." —Edmund Vance Cooke in the New York News Bureau.
