## Repairing Neatly Done

Never thought of such a  
sign for a medicine did you?  
Well, it's a good sign for  
Scott's Emulsion. The body  
has to be repaired like other  
things and Scott's Emulsion is  
the medicine that does it.

These poor bodies wear out  
from worry, from over-work,  
from disease. They get thin  
and weak. Some of the new  
ones are not well made—and  
all of the old ones are racked  
from long usage.

Scott's Emulsion fixes all  
kinds. It does the work both  
inside and out. It makes soft  
bones hard, thin blood red,  
weak lungs strong, hollow  
places full. Only the best ma-  
terials are used in the patching  
and the patches don't show  
through the new glow of health.  
No one has to wait his turn.  
You can do it yourself—you  
and the bottle.

This picture represents  
the Trade Mark of Scott's  
Emulsion and is on the  
wrapper of every bottle.

### GROWING BABIES.

Need Watchful Care to Prevent Over feed-  
ing and the Evils that Follow.

All children at some period of their in-  
fancy are subject to indigestion, diarrhoea, or  
constipation. While the symptoms of these  
troubles greatly differ, the origin of each is  
due to the same cause—improper food or  
overfeeding. This results sometimes in di-  
arrhoea, sometimes in constipation. In either  
the treatment is to remove the cause, and  
this can only be speedily, safely and effectually  
done by the use of Baby's Own Tablets,  
a purely vegetable medicine guaranteed to  
contain no opiate nor any of the poisonous  
stuffs found in the so called soothing medi-  
cines. Mothers who once use Baby's Own  
Tablets for their little ones never after ex-  
periment with other medicines, and always  
speak of them in the highest terms. Mrs.  
Geo. R. Johnston, Wall street, Brockville,  
says: "I have been using Baby's Own Tab-  
lets for over a year, always keep them in the  
house and always find them satisfactory. If  
my little boy—two years of age—is troubled  
with constipation, indigestion or diarrhoea,  
I give him the tablets and he is soon relieved.  
The tablets regulate the bowels and do not  
cause after constipation as many medicines  
do. I have also found them beneficial in  
teething."

Baby's Own Tablets are a certain cure for  
all the minor ailments of little ones such as  
colic, sour stomach, constipation, indigestion,  
diarrhoea, etc. Children take them readily,  
and crushed or dissolved in water they can  
be given with good results to the youngest  
infant. Sold by druggists or sent post paid  
at 25 cents a box by addressing the Dr.  
Williams' Medicine Co., Brockville, Ont.
