THE lecture by Rev. C. T. Phillips, of St. John, in the Free Baptist church, consisted of character sketches made over the lecturer's non de plume of "Thaddæus" in recent years in the Religious Intelligencer. Sectarianism and personal folly of many sorts were scored effectively with a fine sarcasm much appreciated by his audience.—Yarmouth Telegram.

COL. DENT will be in Woodstock on Thursday and Friday the 22nd and 23rd, at W. F. Glidden's stable, for the purchase of horses for the Imperial Army. Already applications have been made to Mr. Glidden for the sale of 50 or 60 horses. The prices that Col. Dent has been paying are \$80.00 to \$100.00 for cobs and \$100.00 to \$120.00 for Cavalry and Artillery Horses. It is doubtful if horses can be bought in Carleton County at these prices and it is understood that Col. Dent does not refuse to pay higher prices. It is learned that the buyers do not demand that horses be young, as a ten or twelve years old horse will do better work in South Africa for a couple of years than a five years old horse.

He has supplied the Creameries at Woodstock, Andover and St. Andrews and has sold some to dairymen. The boxes are made of spruce, lined with a coating of wax and also lined with parchment paper. ## The Trackmen's Strike.

The trackmen's strike is apparently no nearer settlement than it was a week ago. A committee of conciliation, whose services were accepted by the C. P. R. and by the trackmen's committee met and suggested a basis of settlement which they thought should be satisfactory. It was repudiated by the Trackmen's committee who ask that the differences be settled by arbitration.
