

**GREY STATESMEN FOUND IT OUT.**

Strange if True, Bryan, Sagasta and Loubert Try It.

LINCOLN, Neb. Sept. 1st, 1900.

In the great progress of the world and especially the United States and Democracy nothing appeals so much to human reason as something that will relieve pain. I'll bet 16 to 1 that those who live into the next century will believe in nothing but Kendrick's Liniment and me.

P. S.—I believe in rubbin' it in.

Yours truly,

WILLIAM JENNINGS BRYAN.  
(Cablegram) PARIS, France,  
December, 1st, 1900.

Nothing will so quickly soothe and allay the public conscience as Kendrick's Liniment. Nothing else could suit the Dreyfus case. Give me something that will heal. None of your irritating German or English remedies for me.

LOUBERT, President.

MADRID, Spain.

Some two or three years ago we were troubled with a swelled head. On hearing of Kendrick's (White) Liniment we imported several gross via Washington, United States. The swelling has entirely disappeared.

P. S.—Give my regards to Uncle Sam I hear he is having a Filipino party, no doubt he is having a nice time.

SAGASTA, Premier.

These testimonials compare favourably for veracity with many that are published by patent medicine concerns. But, seriously: Kendrick's Liniment is a good remedy. Have you tried it?

Mr. Pearson's many friends here wish him success. His successor in the school here, C. T. Hendry, is well liked and respected by parents and scholars.

Horses as well as men are sometimes governed by murderous instincts. A stallion belonging to E. Higgins was the doer to death of a bay horse owned by Geo. Olts. The animal was so injured by a kick that he had to be shot. Harry Herron and a 30 30 rifle put the animal out of misery.

Numbers of men are coming from the woods every day now, and the winter's operations are about done.

**FLORENCEVILLE.**

Wind, wind, and north at that, has been the order of the day for the last two weeks. The old saying "Candlemas day cold and clear, two winters in one year" seems to hold good for this year at least. It is said that the coons come out of their dens on that day and if they can see their shadows they go back again. The coon that stayed out this year is no doubt a sorry coon before this, for it has taken a pretty strong coon whether he has four legs or two to keep his feet against the gales which have prevailed.

There is much sickness in this section at present. Ferguson McCain has been confined to the house for several weeks with la grippe but is better.

Allen in the Methodist once in two weeks. Rev. A. H. Hayward in the Baptist every alternate Sabbath, and Rev. D. M. McLeod in the Presbyterian church, Greenfield, every Sabbath. As the latter gentleman has not yet joined the benedicts he does not occupy the manse but boards at Thos. McCain's. Rev. D. have been done. Eleven candidates so far have been baptized.

The prospect of S. B. Appleby being returned as a government supporter in place of F. B. Carvell, seems to give general satisfaction. The people are beginning to recognize the benefits of the Government's agricultural policy.

The creamery station in charge of D. N. Estey, now for two years in Florenceville, is very satisfactory. There is a marked improvement in the quality as well as the quantity of butter put out.

**After Typhoid**

fever, or other almost mortal sickness, a man or woman sometimes will gain a pound a day from taking an ounce a day of SCOTT'S EMULSION and the gain be healthy.

The ounce gives strength to get the pound; there is no miracle in it.

Body and mind are weak; digestion is weak; and hunger is ravenous.

SCOTT'S EMULSION of Cod Liver Oil is the food to begin and go on with. It furnishes strength to digest a little easy other food; and a little grows to enough. But the gain is nearly all fat.

The bones had not lost much; the muscles had lost, and had not got back their strength; they have lost their bulk; the fat was all gone.

The fat has come back; the muscle slowly recovers its bulk, more slowly its strength—the bulk of muscle was fat—and the bones are about the same as before.

It is SCOTT'S EMULSION of Cod Liver Oil that starts the body going again—give it time.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you.
