POLITICS IN CARLETON COUNTY.

Mr. Appleby Nominated by the Government Convention. The Opposition Decline not to Place a man in the Field.

At a convention of the supporters of the provincial government in the town hall last Thursday, Stephen B. Appleby was unanimously chosen as the candidate for the vacant seat in the legislature. H. Paxton Baird was chairman of the convention. After Mr. Appleby had accepted the nomination, in a short speech, addresses were also made by Hon. L. J. Tweedie and Hon. H. A. McKeown.

On the same evening the opposition supporters met and decided in view of the brief period to elapse before a general election, to put no candidate in the field to oppose Mr. Appleby.

At the government convention, in the course of his address, Hon. H. A. McKeown said that if the opposition placed no man in the field, it would not be becoming in the government supporters to boast that they had ignominiously defeated or scared from the field, so formidable a foe as the opposition party in Carleton County.

Mr. Appleby is an old time liberal. He was elected to the House of Commons in 1873; he was returned by acclamation in the general elections in 1874 and was defeated in the general election of 1878. Since then, he has not been a candidate for political honours.

Mr. White is still in the field, but whether or not there will be a contest is still uncertain. The cards of the two candidates may be read in this issue of THE DISPATCH.

Nomination day will be Tuesday, 19th inst., and polling day will be on Tuesday, 26th inst.

Town Council.

The town council held a meeting in the council chamber, Friday night last. Mayor Belyea occupied the chair. Councillors were all present.

Coun. Balmain spoke of the large amount of work necessary for him in consequence of being on so many committees and asked permission to resign his position as chairman of audit and printing committee. He moved Coun. Lindsay be appointed in his stead. Motion was carried.

Coun. Lindsay moved, seconded by Coun. Carr, that the poll clerks, constables, and owners of places of holding last election, be paid the usual fees. Carried.

On motion of Coun. Lindsay, seconded by Coun. Dibblee, the following were appointed surveyors of wood and bark for this year:—

B. Harry Smith, W. S. Skillen, John Connor, W. L. Carr, J. W. Astle, J. Albert Hayden, Donald Munro, John Pickles, R. J. Lindsay, C. N. Scott, John McCormac, Frank McClements, E. M. Boyer.

Coun. Lindsay said that as Thomas McCarron had, at last meeting of this council, tendered his resignation as night watch to take effect tonight, it was necessary for this council to appoint another. He moved, seconded by Coun. Dibblee, that Owen Kelly be appointed night watch and member of the police force at a salary of \$1.25 per night.

Coun. A. E. Jones read a communication from Mr. McCarron saying that he had reconsidered his resignation, and asked to be reappointed at old salary. Coun. Jones moved in amendment that Mr. McCarron be reappointed at old salary. The amendment was seconded by Coun. R. B. Jones.

Coun. Carr was sorry to have to express his views in the matter. Mr. McCarron had told council he would not serve at the old salary and in doing so had placed the board in a compromising position by forcing the members to seek and promise support to another. Mr. McCarron was a good officer and he (Carr) was sorry he had resigned. Still, having promised to vote for another, he could not conscientiously go back on his word, and he would vote against the amendment. Councillors Dibblee and Balmain spoke in the same strain. Messrs. Jones supported their action in regard to McCarron.

His Worship did not want to interfere with the prerogatives of the council. Mr. McCarron was a good and faithful officer and he believed in keeping such men. No man who had proved faithful to his trust would be displaced by any vote of his.

The amendment was lost, Couns. Jones and Jones voting yea. The original motion was carried.

Mr. Kelly was sworn in by the Mayor immediately after council meeting and assumed his official duties.

Coun. Lindsay for special committee reported progress; that he had interviewed Mr. Carvell and the latter did not know how much land was required for proposed armory building. Would write to Ottawa for information.

Coun. Carr moved that the chairmen of the water works, fire, electric light and street

committees be a committee to procure a suitable horse for town purposes. The motion was seconded by Coun. Balmain, and after some discussion was carried.

Coun. Carr wanted to know why the Police Magistrate's report was not in. The council had no report from that official lately and it was not right.

Coun. Lindsay said the Police Magistrate was called upon today but was not in. He thought the report would be in in future. He would call upon the official monthly for the report. The little tempest in a teapot that was raised last year, he did not think had any need to be repeated this year.

Coun. Dibblee, moved seconded by Coun. Lindsay, that Donald Munro be appointed superintendent of water work, and sewers, and engineer of steamer at same salary (\$480) as last year. Carried.

Coun. Dibblee spoke of the house now occupied by the engineer of pumping station. It was not convenient in many ways. He thought the town could build a house near the pumping station, the interest on the money not being any more than the rent now paid, \$66 per year. He moved, seconded by Lindsay, that the water committee be instructed to prepare a report as to advisability of building such a house, and report at next meeting. Carried.

A number of bills was ordered paid.

Chairman of water committee submitted report of estimates for the year.

Coun. Dibblee said that at next meeting, to get an early assessment, it would be necessary for the chairmen of the different committees to have their appropriations ready to submit. He moved, seconded by Coun. Carr, that the mayor, board of assessors, clerk, treasurer and marshal, be ready to attend council chamber at call of finance committee for the purpose of making the assessment. Carried.

Coun. Dibblee moved that if the finance committee found it necessary to employ a clerk to assist the assessors, they have the power to do so. This motion was not fully understood at first, but upon being explained, it was seconded by Coun. Lindsay and carried.

On motion of Coun. Lindsay, seconded by Coun. Dibblee, the assessors were instructed to give notice of assessment, as by law required, at once. Carried.

Council then adjourned.

Bad Looking Runaway.

On Friday morning while a young boy named Willie Best, son of Christie Best, who works in the larrigan factory of C. D. Dickinson & Co. was driving H. N. Payson's spirited horse down Connell Street, the horse ran away. The boy steered clear of teams with nerve and skill until he came to the bottom of Main Street, where the crush of teams was too much for him. The horse swung in to the left towards the railing on the side walk near Mr. Nicholson's shop and when everybody thought he would go over into the Creek he steered to the right again and got on to the bridge. The sled struck the iron truss and threw the boy into the air and pitched him over on the side walk of the bridge, and he would have slid into the creek had not Mrs. Archie Hudson caught him in time. The boy was badly shaken up. A large crowd of people stood on the streets in terror at the boy's awful drive, being perfectly helpless to offer him any assistance.

Death of Mrs. Moses McDonald.

Mrs. Moses McDonald died of consumption at her home in Grafton on Monday February 4th at one o'clock a. m., at the early age of 35 years. She leaves a husband and a little boy, four years old. The funeral took place on Thursday afternoon. The Rev. W. S. Martin conducted the service. The pall bearers were G. Appleby, J. Chestnut, A. Dibblee and H. Gray.

Mrs. McDonald was Miss Florence Brackett, of Grafton, where her father and mother and one sister and one brother still reside. One brother lives in the United States. Mrs. McDonald had many friends in Woodstock who remember her as one of the brightest and most popular students at the Grammar school here. She had been married about six years.

Effects of The Storm.

The storm of Saturday and Sunday was the most violent of the season. The roads running north and south are in fair condition. They are rather high, which makes turning out a dangerous operation. Our east and west roads are badly drifted.

Monday's express from St. John was only about three hours late, which wasn't bad, considering the fact that people did not expect it along until Tuesday. Connection with Montreal and New York has been slightly decayed for a couple of weeks.
