THE Presque Isle Star-Herald says: "It will be recalled that sometime since the 'Hornet,' published in Houlton, was removed to Bangor. It seems that the skins of folks in the latter community are thinner and more susceptible to its stings, for Editor Davis has just been arrested on a charge of libel preferred by Mrs. Harriet F. Patterson, proprietress of the Rockaway House, Bangor, and lodged in jail."

GREAT MANY PEOPLE SICK.—The doctors are the must busy people in the County. People are sick everywhere with grip and kindred diseases. The drug stores are doing a rushing prescription business. When you see a man going home in the middle of the afternoon with a paper bag in his hand, you may know he is taking the grip and is carting home a dozen hot lemons. His box of quinine pills is in his vest pocket. The man will probably be out again in a week.

HARRY H. McLEAN, the last Woodstock member of "E" battery, second Canadian Contingent, to arrive home, came on the express Monday. Mr. McLean was in the hospital at Kimberley when the rest of the boys left Cape Town and consequently did not put in an appearance with them. He arrived in Halifax last week and was expected in Woodstock Thursday or Friday. Both days the band and a number of citizens turned out to meet him, but he failed to connect possibly on account of the bad snow storms.

THE one-mile race in the roller rink Saturday night, between "Denny" Glew of this town and Norman Shea of Houlton resulted in an easy victory for the former by half a lap. The contestants started from opposite corners and for the first two laps neither seemed to have any advantage. After this Glew was seen to gain, and at the end of the 8th lap he was close behind his opponent, a position he held till the last. Earnest Hanson was referee; Geo. Baker, judge for Shea, and Harry Hascal, judge for Glew.

JULIUS NEILSEN's celebrated two-minute horse met a sad end on Main Street Monday morning. Fred Smith was driving "Celebration" and was hauling wood with him. The animal, not being accustomed to this low and servile work, was either unable to pull the load or balked. Elias Worth hitched his "star" on ahead and while about opposite Troy's restaurant the procession stopped. The indignities heaped upon Mr. Nielsen's animal was too much for its noble spirit, and it pitched forward on its head, breaking its neck.

To The Electors of Carleton County.

GENTLEMEN,—At a convention of the friends of the Provincial Government, held in the Town Hall, in the Town of Woodstock, on the seventh day of February instant, I was unanimously chosen as a candidate for the vacant seat in the Provincial Legislature.

I accepted the nomination so tendered me, and I shall be a candidate at the approaching election. Respectfully soliciting your votes and influence, I am,

Sincerely yours,

STEPHEN B. APPELBY.

Dated February 9th, A. D., 1901.

Electors of Carleton County.

In November last I issued my card to the electors and, in consequence of a report at that time that the seat was not vacant, I discontinued its publication. Since then I have been asked if I intended to enter the contest. At the same time I have been informed, what I already know, that a contest is an expensive luxury.

After due consideration I entered the field with the intention, if necessary, to give the majority of ratepayers the privilege of choosing a representative, and I have not changed my mind in that regard.

After the interest I have taken in legislation for the benefit of the people and the great need there is for further work and reform, I think it would be much better to advocate measures for the benefit of the people, rather than have no particular object in view except to follow and support party, whether Liberal or Conservative.

At the hustings and public meeting I will more fully explain my views on the questions that most interest the electors.

Respectfully,

GEORGE W. WHITE.

Red Rose Tea is not made of Roses, but is a name given to a certain kind of Ceylon and Indian Tea.

Woodstock Ice Crop.

William McDonald, who has been getting out ice in Woodstock for the past thirty years, is getting out more this year than ever before, his cut amounting to 15,000 cakes, or about 2,000 tons. Last year the crop was the worst he ever saw, and the hardest to get at, owing to the fact that early in the season the ice jammed at the head of the island. This year the ice is the best quality on record, clear and blue with no snow in it. One could read a newspaper through a 20 inch cake. Mr. McDonald says that if he could get a freight rate to Boston he could ship ice to that city profitably and give employment to a number of men and teams in Woodstock.

Miss Glidden's Dancing Classes.

The exhibition dance of Miss Glidden's classes, in the Opera House last Wednesday evening, was a pleasant affair. The scholars showed the result of the very attentive toil that Miss Glidden had devoted to them. The younger scholars were particularly graceful in their movements. After the exhibition, the ladies and gentlemen who had been enjoying it from the gallery, flowed down to the floor and enjoyed a dance themselves. The music, which Miss Glidden had imported from Houlton, was excellent. The members of Miss Glidden's classes lock forward with pleasure to her return next fall to take up the work where she has just dropped it.

Savings Bank Deposits.

Deposits in the Government Savings Bank at Woodstock for the month of January 1901 were \$10,112 as against \$6,517 for the corresponding month last year. The deposits at the Fredericton office in January were \$11,600, only \$1,488 more than at Woodstock, but even this small difference does not mean so much when we remember that there is only one office beside Fredericton in York County where money is received on deposit, while there are three such offices in Carleton County outside of Woodstock. The deposits at Woodstock for November, December and January reached the handsome total of \$30,000. The largest part of this came from farmers.
