Dominion Experimental Farms: Uniform Co-operative Dairy Herd Test Record.

The attention of Canadian farmers interested in the development of Canada's greatest industrial factor, the Dairy Herd, is drawn to the following letter, recently sent out to a few farmers in each province of the Dominion:—

"CENTRAL EXPERIMENTAL FARM, OTTAWA.

Dear Sir,—Your name has been handed to me as that of a farmer who is particularly interested in the production of milk. It is a well known fact that the great majority of dairy herds, if we may judge by cash returns alone, are losing investments. It is, however, certain that this need not be the case if sufficient care and intelligence are exercised in selecting and feeding the cows intended for milk production. So, in order to be able to work more effectively toward improvement along this line, I am desirous of securing some exact information as to the methods of feeding followed in different parts of Canada. I should, therefore, be much indebted to you if you would write me briefly upon the following points:—

- 1. Kind and quantity of roughage ration fed to your milking cows in winter. 2. Kind and quantity of grain fed your milking cows in (a) Summer, (b) Winter. 3. Quantity of milk yielded per cow yearly. 4. Do you use pure-bred bulls? What breed? 5. What use do you make of by-products (whey, &c.), if you have any?

Would you care to carry on a simple dairy herd test during 1901 in conjunction with dairymen in different parts of Canada and us here? The only expense would be a spring balance for weighing the milk. We would furnish you with blanks each month for keeping the records. If Canadian dairymen are to raise the average yield of their herds and make a profit it must be by first finding out what their individual cows are doing. If the cow is not paying her keep and leaving a good profit for the dairyman, either the cow is no good or the dairyman is not feeding her properly. If you are really interested in the dairy business and care to go into a co-operative test as mentioned above I should be pleased to send you further particulars re the same. In any case, I should like to hear from you on the aforementioned points.

Yours very truly,

J. H. GRISDALE, Agriculturist."

The replies elicited by this letter were of such a character as to indicate the advisability of making the matter more public. With such an end in view, the foregoing is given for publication.

It is hoped that many of our dairy farmers may see the importance and necessity of keeping such records as are suggested, and that they may think it advisable to join in this co-operative Dairy Herd Record or Test.

Any farmer interested may obtain full particulars by addressing:—"The Agriculturist, Experimental Farm, Ottawa." All letters so addressed are carried post free.

Piles

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See testimonials in the daily press and ask your neighbors what they think of it. You can use it and get your money back if not cured. 60c a box, at all dealers or EDMANSON, BATES & CO., Toronto.

Dr. Chase's Ointment

Felix has Another Literary Spasm.

JAKSUNTOWN, April 6, 1901.

Dear mister editor as sum time has elapsed since i rit tu youre paper my pa sez tu me today, sez he, Felix, i think yu hed beter rite sum more tu the dispa, fur, sez he, if yu expect tu sukseed as a literare man yu must komense yung an keep at it, an he sez, sez he, the dispa will print al yure artikels an there is nothing like komensing yung an groin up with the paper.

Things is geten al upset out here, pepul are movin so. elmer ray he is movin up tu live with unkle sam, an then jonie easte is goin tu move down on the old trasey plase, an wilyum konole he is going tu move on the elmer ray plase and mister wilyum hamilton is goin on the payseen plase. if the pepul kep on yu want no wera tu find enybody, an yu want no wether they are hoem after yu du find them, er sum aware els. mister and missus wilmot burd he bin down river on a visit tu pokeauk and keswick an zeland stashun.

Mister editur saint that an awfel thing about hartland wot i seen in yure paper resentie about them goin tu send the shiertown an the kapatel up there? an after they hev got them 2 new shops tu luk after tu. i don't no wot a shiertow is like but if it is anything like a kapatel i shud think it wud be awfel hard tu move. i seen a kapatel wuns in fredrikun an if that is the wun or if it is anything like it they qudent find eny plase tu put it unless they bilt a big brige an put it out on the river. eny way, i think it is an imposishun fur tu think uv doin such a thing, but pa sez fur me not tu worie about it fur he sez it is just sum budy foolin an they will never du it.

It hes bin astonishing tu see wot a large number uv pedestrens hes past thru this plase in a week. the rodes is that bad that eny wun with 4 fete kant git along tall it is hard nuf tu git along if yu hev onle got 2 fete. it wuz a gude thing fur them pedestrens (i mean them wot is so well up in pedagogism) wot went up by here yesterday an tudey that they didnt hev eny more fete than 2 tu look after or they wud never hev got tu hoem. i felt sorre fur the poor things wen i sean em go by.

Wel mister editur there is wun thing i want tu tell yu about. yu no wun day i went a visitin tu a plase were they take the pres, (uv korse they wuzent a very up tu dayte familie or they wud take the dispa) an i wuz reeden in the pres about ther they wuz doin down tu the lokal legeselaychore, an i ast the pepul were i wuz if it wuz so wot that feler from our kounte wuz tellin them down there, an they sez wel they geseed it wuz so an more tu, an they tuk tu bragin about wot a grate spech it wuz an they ast me if i didnt think it wuz, an i seed i sposed it wuz prity gude fur a kid, but i qudent see eny thin grate about it, makein pepul feel bad like he

Chronic Bronchitis

Mr. Wm. Davidson, St. Andrews, Que., states:—"Dr. Chase's Syrup of Linseed and Turpentine has cured me of bronchitis. I have, without success, tried many remedies for the past six years. Last winter when I had a severe attack and was unable to work I procured a bottle of Dr. Chase's Syrup of Linseed and Turpentine, and am happy to state that the third bottle made me a well man."

Mr. W. R. Alger, insurance agent, Halifax, N.S., says:—"I used Dr. Chase's Syrup of Linseed and Turpentine for a severe attack of bronchitis. Permit me to testify to its splendid curative properties. I got better from the time of taking the first dose. Having a family of young children, my doctors' bills have annually come to a considerable sum. I believe a bottle of Dr. Chase's Syrup occasionally will aid me in reducing them very materially." 25 cents a bottle, all dealers.

Dr. Chase's Syrup of Linseed and Turpentine.

did, wel i hed just made up my mind tu go an sea mister ray an sea if there wud be eny dutee tu pay if he took me up rustik with him tu pik up potaters, (i felt that diskoraged about our kountre). wen pa sean there wuz sum thing the mater with me an ast me wot it wuz an i told him he sez felix, sez he, i want tu give yu sum advis never beleiv wot yu here a polytishun say an abuv all never beleiv wot yu read. wel i always beleiv wot pa sez so i ain't goin tu beleiv polytishuns, an i am goin tu stay in jaksuntoun, an the first time i sea kid i am goin tu tell him how near he kum tu driven me away tu rustik.

Wel mister editur i wunt trespus on yure payshuns eny mor this time an i remane just the saim as befor

yures true,

FELIX.

Salt Rheum, Tetter, Eczema.

These distressing skin diseases relieved by one application. Dr. Agnew's Ointment is a potent cure for all eruptions of the skin. Jas. Gaston, Wilkesbarre, says: "For nine years I was disfigured with Tetter on my hands. Dr. Agnew's Ointment cured it." 35 cents.—31 Sold by Garden Bros.

No Wonder he was Wild.

The amateur cyclist strode into the second-hand bicycle dealer's shop with a look of intense rage upon his face.

"Look here, this is a pretty thing you have given me. Why, it would take a steam engine to furnish power enough to run this machine!"

"Why, what is the matter?" asked the dealer, alarmed at the growing rage of the youthful customer of the day before.

"Matter! Why, you told me this was an easy-running machine, and I can't make it move. I oiled it afresh this morning, just before going out, and in five minutes, sir, it was like drawing a load of stone."

"Surely you used pure oil?"

"I used the stuff you gave me in the bottle. Bad enough, probably."

"In the bottle? Why, my boy, I didn't give you any bottle of oil. It is in a can."

"Can, eh? Well, what do you call that?" said the irate youngster, as he held up a bottle. "I put it in the bearings, just as you told me."

"My dear fellow, that is liquid cement for the tyres."

Corns! Corns! Corns!

Discovered at last; a remedy that is sure, safe and painless. Putnam's Painless Corn and Wart Extractor never fails, never causes pain, nor even the slightest discomfort. Buy Putnam's Corn Extractor, and beware of the many cheap, dangerous, and flesh eating substitutes in the market.

"This," said the chemist's assistant, "is a most wonderful hair renewer. It's our own preparation."

"Well, give me a bottle," said the bald-headed man. "But, I say, come to think of it, why don't you use it? You're pretty bald yourself."

"I can't use it. You see, I'm the 'Before Using assistant.' The 'After Using assistant' is out at lunch. You should see him?"

I feel better this morning, thank you. I took a Laxa-Liver Pill last night and it worked like a charm—headache and biliousness are all gone.

I've heard many ladies say they wouldn't be without Laxa-Liver Pills—they're such an easy pill to take, do not gripe or sicken, and cure constipation, dyspepsia, sour stomach, coated tongue, bad breath and all stomach and liver ills."

Macaroni Wheat in South Dakota.

New York Evening Post: Russian farmers in South Dakota are rejoicing over the prospect of soon having a market for their macaroni wheat. They have been raising this wheat for 25 years, apparently without the knowledge of the Department of Agriculture, whose secretary announced recently that he would import from Russia a variety of wheat suitable for the making of macaroni. Attention was then directed to the South Dakota wheat, called the Arnout, and it is unofficially reported that department experts have pronounced it superior for macaroni to wheat raised in Russia. It is more productive also than other varieties of wheat tried in South Dakota, the yield in some cases reaching as high as 75 bushels to the acre.

The United States Secretary of Agriculture says a macaroni factory in Minneapolis is among the probabilities of the near future. J. G. Smith, an officer of the American Department of Agriculture, says he expects to see the growing of macaroni before long one of the most profitable branches of wheat culture in the United States.

Almost Consumption.

Mr. J. J. Dodds, of Pleasant Ave, Dear Park, Ont. writes:—"I have suffered in my head and throat and all over my body since last summer from a very heavy cold, which I could not get rid of. I have tried several of what are considered good remedies, but none seemed to be of any avail. I began to think that my cold was developing into consumption, as very many have to my knowledge. I am thankful now to say that Dr. Chase's Syrup of Linseed and Turpentine has worked a complete cure, as I am now entirely free of the cold."

When Spring Cleaning.

To exterminate insects. All insect life is more prolific when the hot weather comes and therefore the housewife, in the spring days, should use preventive measures, always more satisfactory than remedial ones. One of the best insect exterminators known is alum water. Put the alum in hot water and boil it until dissolved; then apply with a brush to all cracks or lurking places of the pests. Ants, cockroaches, bedbugs and other creeping things are killed in this way, and not being poison it is not dangerous to use where children are playing about. Little red ants it is said will not travel over wool so that a piece of flannel laid on a pantry shelf will keep them away. A few drops of oil of lavender sprinkled about a bed is a good thing to keep off fleas. Hellebore, sprinkled over the floor at night where cockroaches are troublesome, will kill those who eat it, and their dead bodies may be swept up in the morning.

Latest Despatch From Blyth, Ont.

Blyth. Everybody is remarking how well Mr. Pollock is looking since his recovery from Bronchitis. He was sick for quite a long time, but Catarrhzone cured him perfectly. What Mr. Pollock says in favor of Catarrhzone is backed up by many other residents of Blyth who have experienced the greatest benefit from its use. Catarrhzone is really a sure cure for Bronchitis, Lung and Throat Troubles, and as such receives a rank among the scientific discoveries of the age. We know of no remedy that can boast of so many permanent cures as Catarrhzone, and trust that those who need such a remedy will try it. Drug-gists sell it in two sizes, 25c. and \$1.00.

A man with a wife who has her own ways about doing things catches her now and then.

"My dear," he said the other morning as he was dressing, "I think you are right when you told me last night that there was burglars in the house."

"Why?" she asked, nervously.

"Because all the money that I had in my pockets when I went to bed is gone."

"Well," she said, with an I-told-you-so air, "if you had been brave and got up and shot the wretch you would have had your money this morning."

"Possibly, my dear, possibly," he said, gingerly, "but I would have been a widower."

She laughed softly then and gave half of it back to him.

Ruby Lips and a clear complexion,

the pride of woman. Have you lost these charms through torpid liver, constipation, biliousness, or nervousness? Dr. Agnew's Liver Pills will restore them to you—40 little "Rubies" in a vial, 10 cents. Act like a charm. Never gripe.—29 Sold by Garden Bros.

Mr. Holman Hunt is one of the three founders of the pre-Raphaelite movement, the other two being the late Sir John Everett Millais and Dante Gabriel Rossetti, the poet-painter. He has had the distinction of having received a larger amount for a single painting than any other painter during his life, for the sum of ten thousand guineas was paid for his "Christ the Carpenter," with the copyright. The picture may now be seen in the Fine Art Gallery of Manchester. Many of his other pictures, like the "Light of the World," and the "Finding of Christ in the Temple," have had a world-wide popularity. Mr. Hunt was seventy-five on April 2nd.

An Honorable Medicine

That appeals to the best judgment of the best people is Dr. Chase's Kidney-Liver Pills, the greatest prescription of Dr. A. W. Chase, the famous Recipe Book author. By acting directly and specifically on the liver, kidneys and bowels, this popular family medicine thoroughly cures liver complaint, biliousness, kidney disease, constipation and the accompanying pains and aches. Dr. Chase's Kidney-Liver Pills act promptly and naturally. One pill a dose, 25 cents a box.

Fat old party: "I wonder if I have time to catch that train?"

Policeman: "You have time sir, but I doubt very much whether you have the speed."

Be economical—buy Bentley's 10c. Liment or the big 25c. size—the largest 25c. bottle of Liment sold.

Mrs. P.: "Did you find it at all like home at your friend 'Maabby's'?"

Mr. P.: "Very." His wife sagged him the whole blessed time."

Useful in Every Home.

To know the virtues of Dr. Chase's Ointment and the innumerable uses to which it can be put in the family is to prize it as a friend of inestimable worth.

For baby, it quickly relieves the rash and itching which torture him while he hines, and cures scald head, eczema, hives and all sores, ulcers and chafing.

For children, it relieves the suffering from burns, scratches, cuts and wounds, and every form of skin irritation and eruption.

For women it cures the pimples, blackheads and skin eruptions, which mar the beauty of the skin, gives instant and lasting relief to the itching from which they suffer, and positively cures eczema, salt rheum and piles.

For men Dr. Chase's Ointment is most frequently used for piles, which are caused by exposure to cold and dampness or by bodily derangements.

It is the only guaranteed cure for itching, bleeding and protruding piles. 50 cents a box at all dealers, or EDMANSON, BATES & CO., Toronto.
