CHARLES APPELBY,
Editor and Proprietor.

WOODSTOCK, APRIL 17, 1901.

Our Game Preserves.

Mr. Adney, a gentleman well known in the hunting districts of New Brunswick, writes the following letter to the editor. Mr. Adney knows what he is talking about and his letter is well worthy of consideration. Mr. Adney says—"I see in March 27 issue of THE DISPATCH editorial comment about New Brunswick at the Chicago Sportsmen's Show. We missed that part of the Sportsmen's Show in New York this year, but I have wondered whether really many sportsmen are brought to make the trip into the New Brunswick forests or the Adirondacks, or Maine, as the case may be) by such manner of advertisement or whether more are not drawn into such new fields by the influence and example of their friends. Many gentlemen rather avoid a place when it becomes extensively advertised in a public manner, for they know that the rarest features of a region are destroyed as soon as the crowd begins to go that way. As an instance in point, several years ago I was asked by the chief taxidermist of the American Museum of Natural History of this city where the best place was to obtain materials for the construction of a large life-sized group of Moose then in course of construction by the Museum. I told him, "Tobique." Now as anyone may know, Moose are found in comparative plenty all the way from New Brunswick to Alaska. The gentleman, however, took my advice, went to New Brunswick, secured the "accessories" for that magnificent group, and was further successful in securing a bull moose, with sixty inches spread of horns, an animal that had been on the "waiting-list" of the Museum for several years. Mr. Rowley returned to the province again in the year following, both times employing a number of guides.

A couple of years ago, other friends of mine, Mr. Charles Dana Gibson (the artist of "Life") and his brother Mr. Langdon Gibson asked me where was the quickest-reached and best moose hunting grounds in the East. Again I said New Brunswick, though I pointed out the inconvenience of having to comply with customs regulations and obtaining non-resident gun-licenses (\$20. per gun). Four gentlemen comprised the party from New York. They spent two or three weeks with Fredericton as a base. The other day, soon after my return from Nome, I saw Mr. Charles Dana Gibson. He told he did not get a moose on the first trip, he thought their party was too big. But he had been back again last fall, this time hauling across from Plaster Rock to Trousers Lake, and was going back there again this year. "You have made a New Brunswickite out of me, sure," he said. Mr. Dana Gibson has travelled a little on three continents (North America, Europe and Africa), and his brother, who is his constant companion on these hunting trips, has seen more adventure than falls to the lot of most persons. He was with the party several years ago that first safely traversed the Grand Canyon of the Colorado, and he accompanied Lieut Peary on his first trip into the far Arctic, wintering with him in Greenland. Both are now the busiest of busy men in their several occupations, and a rough trip into a wild country is a most grateful change. It is this class that more and more are spending vacations in what Mr. Ireland has rightly called the only "untouched" wilderness in the East, and (I might add,) south of the far northern portions of Ontario, Quebec and Labrador.

Yours truly,

TAPPAN ADNEY.
Flushing, New York, April 3rd, 1901.

Helpless as a Baby.—South American Rheumatic Cure strikes the root of the ailment and strikes it quick. R. W. Wright, 10 Daniel street, Brockville, Ont., for twelve years a great sufferer from rheumatism, couldn't wash himself, feed himself or dress himself. After using six bottles was able to go to work, and says: "I think pain has left me forever."—26 Sold by Garden Bros.

Chinese Affairs.

PEKIN, April 15.—Li Hung Chang has applied to General Chaffee to leave behind, when he departs, Captain Lillson and a sufficient number of men to police the Chinese city, as the Chinese fear the district will not be well looked after when controlled by other foreigners.

An expedition consisting of 5,000 German and 3,000 troops will leave Pao Ting Fu tomorrow to drive from the province several thousand Chinese who refuse to obey the order of Li Hung Chang to keep the boundaries already arranged.

To cure a cold in a night—use Vapo-Cresolene. It has been used extensively during more than twenty-four years. All Druggists.

At the residence of Mrs. Forester McLean this morning at ten o'clock, Miss Maude Montgomery, youngest daughter of John Montgomery, will be united in marriage to John H. Street of Perth Centre. Mr. and Mrs. Street will leave on the express for Perth Centre where they will live. The ceremony will be performed by Ven. Archdeacon Neales.

Permanently Cured.

AFTER SEVEN YEARS OF GREAT SUFFERING.

Mr. Hamilton Waters, of Ridgeville, Tells of His Relief from Neuralgia, Rheumatism and Stomach Trouble Through the Agency of Dr. Williams' Pink Pills.

For years Mr. Hamilton Waters, the well-known cattle buyer of Ridgeville, Ont., was as acute sufferer from neuralgia, which was lately complicated with rheumatism and stomach trouble. But now, thanks to Dr. Williams' Pink Pills, he is enjoying the best of health. Speaking of his illness and subsequent cure, Mr. Waters said:—"For seven years I suffered great agony from neuralgia, the pains were of a darting, excruciating nature, and for days at a time would be so great that I feared I would lose my reason. To increase my misery, I was attacked with rheumatism, and this was closely followed by stomach trouble. My joints and limbs became swollen and I was almost helpless. I suffered from nausea and a decided loathing for food. I became very thin, and was constantly troubled with cold sweats. At different times I was treated by three physicians without receiving anything in the way of permanent benefit. I grew despondent and began to think that I would always be a sufferer, when one day my druggist advised me to try Dr. Williams' Pink Pills. He said that within his knowledge there was not a case where the pills had been used but what benefit had followed, and he added: "That is saying a lot in their favor, for I have sold over five thousand boxes, and have not had a complaint from anyone." Following his advice, I procured a supply of the pills, and after a few weeks I could note an improvement in my condition. By the time I had taken eight boxes of the pills the neuralgia and rheumatism had entirely disappeared, and my stomach was once more in a healthy condition. My appetite improved, and I gained in weight and strength daily. It is now over two years since I discontinued the use of the pills, and all that time I have enjoyed the best of health and haven't felt an ache or pain, so that I think that I am safe in saying that cure is permanent. In fact, eight boxes of Dr. Williams' Pink Pills accomplished what three doctors had failed to do, and I feel I am justified in warmly recommending them to others."

A very high medical authority has said that "neuralgia is a cry of the nerves for better blood." Rheumatism is also recognized as a disease of the blood, and it is because Dr. Williams' Pink Pills are above all things a blood-maker and blood enriching medicine that they so speedily cure these troubles. But you must get the genuine, with the full name Dr. Williams' Pink Pills for Pale people printed on the wrapper around the box. If in doubt, send direct to the Dr. Williams Medicine Co., Brockville, Ont., and the pills will be sent postpaid at 50 cents a box or six boxes for \$2.50.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. E. W. Grove's signature is on each box.

ALABASTINE WALL COATING.
Alabastine makes a coat-

ing as firm as the wall itself. It hardens with age, and is healthful and beautiful. It is also a disinfectant and sweetens rooms. Alabastine should be used on every part of a building, to be whitened, tinted, painted, varnished, filled, grained or papered, from floor to roof, outside and in; it is used under paint, varnish and paper, but makes a better finish alone for walls. Sixteen Fashionable Tints and White.
