HEART TROUBLE.

THE SYMPTOMS OFTEN MISUNDERSTOOD BY THE SUFFERER.

The Trouble at All Times an Extremely Dangerous One—How to Promptly Relieve It.

There are many forms of heart disease, some of which manifest themselves by symptoms which are misunderstood by the sufferer and ascribed to indigestion or some similar cause, when the heart is really affected. The slightest derangement of this important organ is extremely dangerous. If at times the action of the pulse is too rapid and the heart beats violently, resulting in a suffocating feeling, or, if the heart seems inclined to stop beating, the pulse becomes slow, and you feel a faint, dizzy sensation, you should take the best course in the world, and that is to take Dr. Williams' Pink Pills for Pale People. You will find that the distressing symptoms promptly disappear and that at all times acts normally. Mr. Adelard Lavoie, St. Paome, Que., bears strong testimony to the value of these pills in cases of heart trouble. He says: "For nearly three years I was greatly troubled with a weak heart and in constant fear that my end would come at any time. I placed myself under a good doctor but did not get the desired relief. In fact I grew worse; the least exertion would overcome me, and finally I had to discontinue work. While in this condition a neighbor advised me to try Dr. Williams' Pink Pills and I procured a supply. They simply worked wonders in my case and when I had used six boxes I was again enjoying good health. I have had no sign of the trouble since and I can cheerfully recommend the pills to similar sufferers."

Blood troubles of all kinds are also cured by these famous pills. If you suffer from headaches, dizziness, languor, boils or skin diseases of any kind, your blood is in an impure condition, and Dr. Williams' Pink Pills are what you need. These pills are not a purgative and therefore do not weaken like medicines of that class. They are tonic in their nature and make new, rich, red blood with every dose, thus restoring health and strength to hopeless and despondent sufferers. But you must get the genuine, which always has the full name, "Dr. Williams' Pink Pills for Pale People," on every box. Sold by all dealers or sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

That Big Railway Project.

Mr. George McAvity was the medium through whom the New York capitalists secured from the Legislature in its closing hours the railway charters that are expected to connect New Brunswick and Nova Scotia with the railway enterprises of the Vanderbilts. Talking with the St. John Globe on Monday, Mr. McAvity said the plans of the promoters are at present all in the air. He does not look for any forward movement for two or three years, or until the plans of the syndicate are matured and all preparations have been made. Mr. McAvity is convinced, however, that if these people take up the fast line project, as now seems to be their intention, then a short line across New Brunswick will be built and a connection made with the Maine Central at or near Mattawamkeag. At present the whole project is in embryo and may never develop.

Manual Training.

The summer School of Manual Training for New Brunswick, under the Macdonald Manual Training Fund, will this year be held at Fredericton from July 3rd to 31st, inclusive.

Two courses will be given: Woodworking and mechanical drawing and cardboard construction work.

Those electing to take either course will devote their whole time to that course.

In woodwork two classes will be formed—one for beginners and one for advanced work. Tuition and materials will be free to teachers from all parts of New Brunswick, but only a limited number can be accommodated. Forty can be admitted to the woodwork classes and twenty-five to the cardboard course.

Those desiring to attend should make application, stating which course is desired before June 15th.

Address and Presentation.

On the eve of his departure for Whatcom, in the State of Washington, where he has an excellent position awaiting him, the many friends of W. Carey Hay, gave him a farewell dinner at the Royal Cafe on Friday evening.

After dinner, N. Foster Thorne, the chairman, proposed the health of the King and the national anthem was sung. Mr. Thorne then proposed, Our Guest, presenting Mr. Hay with a handsome travelling companion, and the following address:—

To W. CAREY HAY, Esq., ESTEEMED FRIEND.—It has been with a marked degree of regret that we have learned of your intended departure.

While we cannot but feel that the severance of the intimate relations which have so long existed between yourself and the young men of the town will be a distinct loss to the community, yet we rejoice that you have opened before you a short cut to the pinnacle of undoubted success.

Your well known ability as an orator, and your evenness of temperament will, we are sure, serve you in good stead in the great future that lies before you.

Your departure will be especially lamented by the ladies, but they, too, have the consolation that the loss of those at hand is the gain of the far off damsels on the distant edge of the broad continent.

We ask you to accept the accompanying gift as a token of our esteem, and beg to subscribe ourselves, Your sincere friends,

(Signed by thirty-seven young men.)

Mr. Hay responded in feeling terms.

Following is a list of the other toasts:—

Financial Institutions.—A. Kirkpatrick, H. McLaughlan.
