A very large crowd was out to the social Saturday evening at the Free Baptist Parsonage. The toasts of the evening were as follows:—"The King," responded to by singing God Save the King; "The Governor General of Canada," by Chipman Grant; "The Dominion Parliament," by Burns Akerley; "The Ministers," by Rev. J. J. Barnes; "The Teachers," by Hedley Maxon and Miss Jennie Cronkhite; "The Ladies," by Alfred Schriver. After which N. W. Brown on behalf of those present presented Mr. and Mrs. Barnes with over \$42.00 in goods and money. Then all repaired to the dining room where a very sumptuous supper was served. After more vocal and instrumental music the company broke up all declaring they had a very pleasant evening.

The money taken in as admission to the museum Mrs. Hartley sends to India where she has a school of forty scholars which are provided for by this money. A person said the other day that he didn't see anything better at the Pan-American.

BRISTOL.

The ice jammed in here on Monday night, and we hope to have crossing in a few days. It has been a long time since the river was open so late in the season as it has been this winter.

Rev. Jos. Blakney, Woodstock, preached in the Baptist church, on Sunday afternoon and evening; and Rev. G. A. Giberson had services in the Primitive Baptist at the same hours and the meetings were all well attended.

The three year old son of Mr. Theodore Rogers died quite suddenly on Wednesday last, of diphtheria. Dr. Somerville and Dr. Curtis visited the house, and made the necessary arrangements to prevent the spread of the disease. It is said that the disease in the upper part of the parish has been crushed out.

Charles Tinker, our popular C. P. R. agent, has been transferred to Canterbury, (we hope but temporarily). Mr Richardson now has charge of this station.

Edwin Phillips recently bought a "Tornado" threshing machine from Connell Bros., and under the skillful management of George W. Curtis, it has been doing some great work. A few days ago, in Mr. Phillips barn, in 32 minutes, it threshed 34 bushels of oats, or by weight 37½ bushels. The grain was well separated and perfectly cleaned. There was a crew of five men attending the machine. This may have been under somewhat favourable circumstances, but there is no doubt but what the threshing capacity of this machine is fully 60 bushels per hour.

WINDSOR.

We have had another visit in our midst of the stern messenger, death, and he has taken away one of our oldest and highly esteemed citizens, W. H. Britton. On New Year's day Mr. Britton was out around the barn in the afternoon doing some chores in his usual health when he was suddenly smitten down with a paralytic stroke. Medical aid was at once summoned to his bedside but of no avail and he quietly breathed his last early Friday morning. Mr. Britton was one of Windsor's earliest settlers. He had been post master ever since the post office had been established in this place, thirty-nine years ago. He held the office of school secretary ever since the new school law came in force. He was also one of the leading Justices of the Peace of the Parish. The deceased was seventy-two years three months and two days old. He was married 49 years ago and leaves a sorrowing wife, four sons and three daughters. One son, Willie, is in Pennsylvania, one daughter, Bertha, wife of D. McKenzie is in Winnipeg. The rest of the family were with him in his last moments. The funeral services were conducted at the house and church by the Rev. G. A. Giberson. The deceased has been a member of the Orange order since the memorable year of 47. His remains were preceded to the grave by over fifty Orangemen in full regalia and the burial services of the order was rendered at the grave.

Horrible Death of Harry Chapman.

Harry Chapman, a particularly bright and active boy, met a horrible death while at work in Small & Fisher's foundry on Wednesday afternoon last. He was engaged in putting resin on the belt of the main shaft to prevent it from slipping, and when the lacing of the belt came around it struck the stick he held in his hand, causing him to lose his balance and throwing him on to the belt, which broke and wrapped around the unfortunate boy. With each rapid revolution of the belt, the boy's body struck the ceiling, and before the engine could be stopped it is supposed he came in contact with the ceiling some 40 times. After being extricated, he was conscious and talked freely for a while, but was soon overcome by his bruises and died. Harry Chapman was only about fifteen years old and small for his age. The company discouraged his efforts to get at regular, often dangerous work; but he was ambitious, and took every opportunity to engage in work for older men. The funeral took place on Friday afternoon, the services being conducted by the Rev. F. Allison Currier M. A., and the Rev. Mr. Lyons.

The pallbearers were fellow employees in the foundry: Ed. Fisher, Fred. Todley, Al. Bagley and Charles Camp. A beautiful floral tribute from the employees was laid on the casket. Small & Fisher's foundry was closed during the funeral, which was one of the largest seen in Woodstock for some time. The bereaved family have the keenest sympathy of the entire community.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion. Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you.
