CHARLES APPLEBY,  
Editor and Proprietor.

WOODSTOCK, FEB. 12, 1902.

## A HOSPITAL FOR WOODSTOCK.

Carleton County now stands in need of a decently equipped hospital, and whatever move is made to establish one in our town, should elicit public sympathy and receive liberal support. The subject has been discussed for the past few years, but it was not until the present situation was thoroughly realized that ways and means were seriously considered. The present situation is, a constantly growing class of patients requiring surgical treatment which seems now to be denied to all outsiders in our neighboring hospital. Perhaps Fredericton is right in thinking that as their hospital receives financial support from their city and county councils, they should provide only for the patients who come from York county. Be that as it may, it is clearly an immediate duty to provide suitable conditions for our own patients whom the physicians of the town are at present caring for under great disadvantages. The public is not aware of how many successful surgical operations have been performed in this locality within the last two years; nor does the public know that in almost every case where the patient subsequently died, the cause of mortality was due either to unfortunate conditions which never can be made aseptic in a private house; or to the absence of a trained nurse. Nevertheless the public has confidence in our surgeons who, by their successful record in the past have placed themselves in the very front rank of their fraternity. Not even in the larger centres could be found more careful and skilled men, who are thoroughly familiar with the latest results of their science.

The laity, therefore, should heartily co-operate with the profession in this splendid undertaking. Indeed, there is every indication that the people of Carleton County will rise to this occasion in a handsome manner, and make the proposed hospital a credit to the town. Several large contributions were announced at a recent meeting of representative citizens. Among them, a house and lot, by Mr. L. P. Fisher; a building lot from the Lindsay estate; \$100 from His Worship Mayor Belyea; the doctors will give their services free, and \$100 each; the churches throughout the county are asked to give \$600 which will no doubt be forthcoming; the town council will be requested to give \$300 and the county council \$300; and those who are acquainted with the personell of these bodies bespeak their cordial support.

An appeal will be made through one source or another to the public for their support, and it is to be hoped that this practical test of their loyalty to the best institutions of the town shall be entirely satisfactory; and the movement, which is justly a popular one, shall be carried to a successful conclusion.

## Supreme Court Judgments.

Kirkpatrick vs. the C. R. P.—This was an action against the defendant company for an injury to the plaintiff in the Grand Falls bridge accident. At the trial the company admitted negligence and confined their defence to the amount of damage claimed. A verdict was given for the plaintiff for the sum of \$3,500. A motion for a new trial was made on the ground that the damages were excessive. The court was unanimous in refusing to disturb the verdict. Dr. A. A. Stockton for plaintiff, H. H. McLean, K. C., for defendant.

Jas. A. Curry (plaintiff) appellant and municipality of Victoria (defendant) respondent—Judgment of the court delivered by the chief justice, setting aside non-suit and allowing appeal with costs. The action was brought to recover \$7.50 the amount of a ferry license paid by the plaintiff to the defendant municipality. After paying for the license the plaintiff was unable to obtain possession of the ferry from the former lessee and the municipality declined to refund the money. It was urged that the municipality had no power to sell the ferry, but the court disagreed with that view. It was the duty of the council to carry out the terms of sale, and failing to do so the plaintiff, having acted in good faith was entitled to a refund of the amount of his license and also damages.

## Knocked Out Wld a Snowball.

Governor McClellan tells the following:—On his return to Albert County, after the induction of the new governor, he met an Irishman, who exclaimed, "Well, Governor, are yez out?" The Governor replied, "Yes Pat, I am out." Pat's reply came quickly, "O, yer honner, it's too bad, so it is, to be knocked out wld a Snowball."

## Wicklow and Simonds Parish Convention.

The Wicklow and Simonds Parish Convention which met in Summerfield last Tuesday was a success in various ways. The weather was very cold but the neat little Methodist church was well warmed, and the goodly number of representatives from the different schools were made welcome by pastor and people.

The convention had the object in view of seeing Summerfield school resuscitated it having been dormant for some time, and before the meeting closed, in response to a request from E. L. West, Vice President of the Parish, a number signified their anxiety and willingness to have a school begun immediately. Five of the pastors of the parishes Revs. Allen, Hayward, Fiske, Bubar and Gregg were present and each earnestly advocated the establishment and maintenance of a Sunday school in every community and especially one in which was a place of worship. Even if the school be small, still faithful work counts, and said Rev. Bubar, much material can be made use of in the Sabbath school that cannot be utilized any other way. The value of meeting for Bible study had been proved. Bible truths influence our lives, help us to resist temptation and better fortify us against evil."

A short talk by Rev. M. L. Gregg on the responsibility, duty and blessed privilege of such work and advising the establishment of a Sunday school, even when only a very few to keep it going, was followed by Rev. Hayward on his love and reverence for God's law; his love for the Sabbath School and the necessity of properly training our boys and girls, "the hope of our nation;" the influence that such a school had upon his own life and of those he knew, and declared no one could afford to lose the instruction gained in a study of the scriptures. The next Sabbath lesson was led by E. L. West.

The "Why" of Bible study by Rev. A. L. Bubar was a preparatory talk to Rev. Fiske's "How," a comprehensive address on just what Normal Work was and the place it filled. The addresses throughout were given with vigour and earnestness and held the attention of the audience until the close.

The reports showed four evergreen schools. Tracy Mills, F. B.; Florenceville, Bap.; Greenfield, Pres.; and Royalton Ref. Bap., with one school, hitherto evergreen, suspended for a few weeks. It closed on account of epidemic in place and remainder of the twelve summer schools which are open from 6 to 10 months in the year.

The devotional exercises were participated in by a goodly number and the scripture chosen was appropriate and helpful. The yearly election of officers resulted in the choice of Rev. M. L. Gregg as President, with a staff of eight helpers.

Good music was provided by the choir and a generous collection given in aid of Parish and Provincial S. S. work. Next meeting held in Knoxford Free Baptist church on the third Tuesday in March.

Baby's cold may be cured in a night by using Vapo-Cresolene, which has been extensively in use for twenty-four years. All druggists.

## A Treat for Lovers of Music.

The great Concert Company which Mr. W. R. Chapman will take through Maine the first of March is the best he has ever brought in several respects.

It includes the charming prima donna contralto Madame Isabelle Bouton who is a member of the Grau Opera Co., and by the courtesy of Mr. Grau is permitted to take this trip during Lent. Madame Bouton is an universal favorite. She has a voice of rare beauty, which has been carefully and thoroughly trained. Her singing is artistic and delightful and she was one of the most successful singers that Mr. Chapman ever produced for the Festivals. It is a great thing to have such an artist here for a local concert and all who love music must not fail to hear her.

Another great attraction is the marvellous new bass singer, Mr. Francis Archambault. He is called "The Little Plancon" on account of the resemblance in tone quality. His voice is most remarkable for range and compass, and he is sure to meet with public recognition and applause. He is a new comer to New York but is already recognized as an exceptionally fine singer. He will surely be a treat and surprise to all music lovers.

Last but not least comes the charming young violinist Miss Josefa Schaller who has just returned from studies abroad under Caesar Thomson and Eugene Ysaye, and has played with marked success in Washington and New York. She is considered a wonder among the older violinists. By special arrangement with her manager Townsend H. Fellows she has been secured for these concerts.

Mr. Chapman will himself accompany these artists, and will give the concerts under the auspices of the local choruses who will have a share of the receipts.

## Medical Science Advances.

It is not more than half a century ago that physicians considered a surgical operation with its risk, expense and pain as the only cure for piles. Today it is only the out of date doctors that think of such treatment. It is cruel and extravagant to operate for a disease which is far more certainly cured by the application of Dr. Chase's Ointment. You may be skeptical, but for proof you are referred to tens of thousands of cases that have been cured by this famous preparation.

## HINTS FOR GIRLS.

## HOW TO PRESERVE HEALTH AND GOOD COLOR.

Pale, Sallow, or Anaemia Girls Restored to the Bright Freshness of Youth by Natural Means—Good Health Within the Reach of All.

From The Sun, Orangeville, Ont.

Miss Maggie Brownlee, of Orangeville, is a young lady well known to the residents of the town and greatly esteemed by all her acquaintances. Like thousands of other young girls throughout Canada, Miss Brownlee fell a victim to anaemia or watery blood, and for a time, as she says herself, feared she would never again enjoy robust health. Experiences like Miss Brownlee's cannot fail to be of benefit to other pale and anemic girls, and for this reason she kindly consented to give a statement to the Sun for publication. "My illness," said Miss Brownlee, "came on very gradually, and at first it merely seemed as though it was a feeling of depression and tiredness. I kept getting worse, however, and finally had to give up a good position. I was at times troubled with a throbbing, racking headache, my appetite gave out; the least exertion tired me; and my heart would beat painfully. My limbs seemed to feel like weights, and at other times there was a sinking sensation which I can scarcely describe. I was treated by a good doctor and took a number of remedies, but without any improvement in my condition, and I began to fear that I was doomed to be an invalid. One day a friend who called to see me spoke very highly of Dr. Williams' Pink Pills, and what she said interested my mother so much that she bought a few boxes. I began taking them, and in the course of a few weeks there was no room to doubt that they were helping me. I continued taking the pills for a couple of months or more, when I felt as well and strong as ever I had been. It is about a year since I gave up taking the pills, and I have not since felt the need of any medicine. I think Dr. Williams' Pink Pills a grand medicine, and should be taken by all pale and feeble girls."

Dr. Williams' Pink Pills make rich, red blood with every dose taken, thus restoring the bloom of health, and the brightness and freshness of youth to pale and sallow cheeks. Through their action on the blood they cure such diseases as anaemia, nervousness, headache, rheumatism, dyspepsia, St. Vitus dance, heart troubles, diseases of the kidneys, etc. These pills also cure the ailments that make the lives of so many women a constant misery. Sold in boxes, the wrapper around which bears the full name—Dr. Williams' Pink Pills for Pale People. Can be procured from druggists, or will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

## Death of Horace Beardsley.

The following account of the death of Horace Beardsley was sent to us by a correspondent in Fort Fairfield, Me.:—"Horace Beardsley died at his residence on Cedar Street, on Saturday, January 25th. He had been a great sufferer for some years past. The funeral took place from the M. E. church, Wednesday, at 2 o'clock, p. m., Rev. Mr. Thornley officiating.

At the grave in Woodmere cemetery, the beautiful K. O. T. M. burial service was read, while the Sir Knights of Standish Tent formed around the grave. He was a member of Au-Gres Tent, A. N. Townsend, the commandant, was present, and assisted in the service. In early manhood he came to Saginaw, Michigan, and later moved to Arenac Co., where he has lived ever since. He was united in marriage to Georgia Crellin, Nov. 13, 1881. In early life, in his home in Canada, he was confirmed in the Church of England, and although not privileged to be a communicant, he has always adhered to the church of his fathers. He was an honorable and upright citizen, respected by his fellow citizens, and loved most by those who knew him best. He was stricken with paralysis some years ago, and was an invalid up to the time of his death. He leaves a widow, an adopted daughter, and a large circle of friends to mourn their loss. Deceased has relatives residing in Woodstock at the present time."

## To Cure a Cold in One Day.

Take Laxative Promo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature on each box. 25c.
