THE CARE OF BABIES.

A Great Responsibility Rests on All Mothers

--Baby Should Always be Bright and Cheerful.

Babies that are well, sleep well, eat well, act well and play well. A child that is not lively, rosy-cheeked and playful, needs immediate attention or the results may be serious. Prudent mothers should always keep ready at hand a safe yet effective medicine to administer to their little ones as emergency arises. Such a medicine is Baby's Own Tablets. These Tablets do not act as the so-called "soothing" medicines do. They do not have a deadening or stupefying effect, but on the contrary go right to the seat of the trouble and by removing it cure the child and prevent a recurrence of the difficulty. All mothers who have used this medicine praise it and always keep it in the house. Mrs. G. Baines, Six Mile Lake, Ont., says: "The Baby's Own Tablets which I ordered came just in time. My baby was very ill with indigestion and bowel trouble, but I am happy to say the Tablets relieved him after a few doses and he is now doing splendidly, with just a Tablet now and then when a little restless. I am the mother of eight children, and I must say I have never had a medicine I thought as much of as Baby's Own Tablets, and I have tried all the old remedies. I think mothers ought always to keep them in the house in case emergency." These tablets cure all the minor ailments of children, such as constipation, sour stomach, colic, diarrhoea, indigestion, and simple fever. They break up colds, prevent croup, and allay the irritation accompanying the cutting of teeth. They are for children of all ages, and dissolved in water can be given with absolute safety to the youngest infant. Sold by all druggists at 25 cents a box, or sent post paid on receipt of price, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

A Pleasant Outing.

A jolly party of students from the Woodstock Business College to the number of fourteen as follows:—A. D. Smith, B. C. Grant, W. C. Harmon, Geo. Clark, Chas. O'Hagan, N. Bull, Roy Harvey, H. Dunbar, H. W. Martin, J. Connor, E. Sanborn, Geo. McLaughlan, Moxon, A. W. Young, drove over to Houlton on Thursday evening last to join with the students and friends of the Banks Business College of that town in a social evening. In spite of the inclement weather the trip proved a pleasant one, and with a rousing cheer we sailed down Main street having covered the distance in good time.

After a hearty supper we proceeded to the Bank Business College rooms in the Pioneer building where we were cordially received by the reception committee. The evening's entertainment was opened with a piano solo by Miss G. Ingraham, followed by a solo, Mr. Cheney Kinney; reading, Miss E. McLeod; solo, Miss L. Grant; reading, Mr. H. W. Martin (Woodstock); solo, Mr. H. Dunbar (Woodstock), and reading Miss S. Belle Grant. The several numbers were well received and elicited hearty encores—our own inimitable Harry receiving a perfect ovation in his rendition of "Our Little Jim has Kicked the Pail."

After the programme games were participated in by all present and at intermission a tasty and substantial lunch was served by the ladies of the college. The rooms were beautifully decorated for the occasion, and too much credit cannot be given to the members of the school for the success of the gathering, all present agreeing that they had enjoyed themselves thoroughly.

Before we dismissed we treated the audience to our original soul stirring college yell, and A. W. Young, our principal, in a few words thanked the Houlton school on behalf of the W. B. C. contingent for the very pleasant evening they had given us and extended a cordial invitation to all present to join us at our social evening to be held at the college rooms Woodstock Friday evening February 21st.

THE WAR IN SOUTH AFRICA.

London, Feb. 9.—From Wolvehoek Lord Kitchener has to-day telegraphed a long description of a combined movement of numerous British columns with the object of securing General De Wet.

the night of Feb. 5, the whole force moving from various directions and forcing a continuous line of mounted men on the west bank of the Liebenbergs Viei, from Frankfort as far south as Fanny's Home, and thence to Kaffir Kop. The line then advanced to the west and the following night the British entrenched with their outposts 50 yards apart. They held the line of the Kroonstadt-Lindley blockhouse line, while columns were also working in advance of the blockhouse lines to prevent De Wet's crossing. The advance was continued Feb. 6th, and De Wet was within the enclosure, but realizing his position, he ordered his men to disperse and seek safety during the night. De Wet himself, with some men and a number of cattle, made for the Kroonstadt-Lindley blockhouse line, and at 1 o'clock in the morning, by rushing his cattle at the fence, broke his way through the line mixed up with the cattle, and losing three men killed.

Many attempts were made to break through the line on the night of Feb. 7, reports Lord Kitchener, the line of outposts being attacked at various places. But very few escaped, and ten dead Boers were picked up in the morning near Heilbron.

"I did not get exact details of the Boer casualties," continues Lord Kitchener, "but as far as I have ascertained, they consist of 283 in killed, wounded and prisoners, as well as about 700 horses and many cattle. Our casualties are only ten."

Lord Kitchener's great plan, which has been elaborating for months past, failed by the escape of De Wet, but was successful in
