

## A TALK WITH GIRLS

HOW TO OBTAIN BRIGHT EYES AND ROSY CHEEKS.

Pale, Anaemic and Easily Tired Girls Often Fall a Prey to Consumption.

In young girls we look for abundant health and strength, rosy cheeks, bright eyes, firm, plump flesh and constant cheerfulness. How often, however, we meet young girls who seem prematurely old, feeble, pale, listless, thin and irritable. These abnormal and dangerous conditions are due to a general weakness of the blood, and should be cured just as promptly as possible or the whole life of the patient will be ruined, if indeed, decline and consumption do not speedily follow. Dr. Williams' Pink Pills for Pale People are the natural, logical and sure cure for weak girls. These Pills make rich, red blood with every dose. The strengthen the nerves, act upon the whole system and bring health, strength and happiness to those who use them.

Mrs. Hiram Rinkler, South Pelham township, Welland county, Ont., says:—"It is with pleasure that I give this tribute to the health-restoring virtues of Dr. Williams' Pink Pills. When my daughter, Lena, began the use of your medicine she was in a most wretched condition. In fact, we were seriously alarmed lest she might not recover. The symptoms were a feeling of languor and weakness, gradually growing worse. She became pale, lost flesh, had little or no appetite and was apparently going into a decline. Finally the trouble became complicated with a persistent sore throat, which gave her great difficulty in swallowing. She was placed under the care of a doctor who said her blood was poor and watery, and her whole system badly run down. The doctor's treatment did not help her much, and then acting on the advice of a neighbor, I began to give her Dr. Williams' Pink Pills. The confidence with which this medicine was urged upon us was not misplaced, as I soon noticed a distinct improvement in my daughter's condition. The use of the pills for some weeks completely restored her, and from that time she has been a cheerful lighthearted girl, the very picture of health."

These pills never fail to restore health and strength in cases like the above. Through their action on the blood and nerves they also cure such diseases as rheumatism, sciatica, St. Vitus' dance, indigestion, kidney trouble, partial paralysis, etc. There are many so-called tonic pills, but they are all mere imitations of this great medicine. Be sure that you get the genuine with the full name "Dr. Williams' Pink Pills for Pale People" on every box. If your dealer does not keep them they will be sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

## Big Railway Project.

A United States Syndicate is perfecting a scheme to construct a railroad through New Brunswick from Quebec to Nova Scotia. Dr. Seward Webb, who is largely interested in the Vanderbilt system and whose syndicate recently acquired the Canada Atlantic Railway in Quebec and Ontario, heads the syndicate, and the projected line will connect with the Canada Atlantic and subsidiary lines to eventually form a great system. It is stated that the syndicate has large western interests and is seeking an outlet to the Atlantic for a gigantic freight and passenger service.

It is projected to enter the province at the Quebec border, at or near Schoodic lakes, connecting with their western system, and crossing the province via Temiscouata, Edmundston and the St. John valley, acquiring for this purpose the charter now held by the St. John Valley Railway Company. At Fredericton the river will be crossed and the road will traverse the route already surveyed for the New Brunswick Coal & Railway Company, from Fredericton to Chipman. The big concern will probably absorb the latter company. From Chipman the line will probably be extended to St. John by the most direct route, as it is intended to make that port the port for freight shipments, and the western grain crop will furnish a goodly portion of that freight.

The main line will run across the country from Chipman to Nova Scotia, thence to Cape Breton, where charters of sections of the road which have been promised provincial subsidies are acquired, the company will probably ask a continuation of these subsidies. They have offered to deposit securities to the amount of \$100,000 with the government as an evidence of good faith.

The work of construction is to be commenced in three years and its completion is expected within six years. The capital stock of the company is to be \$20,000 per mile of the mileage of railway which the company may acquire.

## Special Services.

The special services in the Reformed Baptist church are increasing in interest. The church on Sunday was filled with an attentive and interested audience and the afternoon and evening services of this week are largely attended and deep interest is manifested and much good is being done.

It appears from telegraphic news arriving from Pretoria that the Boer leaders are on the eve of accepting terms of peace from Great Britain. It is not known what terms Great Britain is willing to accord, but it is to be hoped that she will insist on one official language in South Africa, and that that language will be English. One mistake of this kind, the mistake she made in Canada, should be enough.

[Mr. Smith is a son of Mr. Delancy Smith, Houston Road and brother of Mrs. Ada Poole.]

## TEETHING TIME

Is the Critical Age in the Life of All Little Ones.

During the teething period great care should be taken of baby's health. The little one suffers greatly; the gums are hard and inflamed and any disorder of the stomach or bowels increases the peevishness of the child and often fatal results follow. Mother's greatest aid at this period is Baby's Own Tablets—the surest of all remedies in curing the minor ailments of children. Among the many mothers who testify to the value of these Tablets is Mrs. R. B. Bickford, Glen Sutton, Que., who says:—"My little baby suffered much from teething and indigestion. I procured a box of Baby's Own Tablets and it worked wonders in baby's condition—in fact I believe it saved my little one's life. I sincerely believe that where now many a home is saddened through death of a little one, joy would be supreme if these Tablets had been used. I consider them baby's best doctor and would not be without them."

Baby's Own Tablets when given in accordance with the directions prevent restlessness and nervousness—cure simple fever, diarrhoea, constipation, colic and all stomach trouble. Guaranteed to contain no opiate or other harmful drug. By dissolving a Tablet in water it can be given with absolute safety to the very youngest baby. Sold by druggists, or direct by mail, post paid, at 25 cents a box, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
