UNION CORNER.

The United States Custom Officials have made a number of seizures near here quite recently. What we see in the papers regarding the Kelly-Burns affair, is always spoken of as "the assault made by Kelly upon Burns." The probabilities are Kelly would not have touched him if Burns had not fired at him. He got two bullets from Burns' revolver, and no doubt, would have gotten the rest if he had not knocked the revolver out of his hand and disabled him, as any man of pluck would have done. It seems providential that Kelly was not killed, one bullet glazing an artery the other was prevented from entering his bowels by a button and belt. Kelly has the sympathy of everyone here and they all think what he did was in defence of his life.

Patrick Finnegan has bought the George Finnegan estate and has let it to J. A. Sullivan for the season.

B. F. Chase has rented his farm to Percy London. He is thinking of going to Boston, Mass., for a time.

THE BLOOM OF HEALTH.

How to Keep Little Ones Bright, Active and Healthy.

Every mother knows that little children need careful attention—but they do not need strong drugs. When baby is peevish, cross or unwell, it is an unfortunate fact that too many mothers dose them with so-called "soothing" medicines which stupefy and put the little one into an un-natural sleep, but do not remove the cause of the trouble. What is wanted to make the little one bright, cheerful and well, is Baby's Own Tablets, which will promptly cure colic, sour stomach, indigestion, constipation, diarrhoea, simple fevers and teething troubles. They give children sound, refreshing sleep, because they remove the cause of the trouble. These tablets are guaranteed to contain no opiate or other harmful drug. Mrs. James Found, Valentia, Ont., says:—"Before I got Baby's Own Tablets, my baby was very pale and delicate, and so peevish that I had to walk the floor with him day and night. The first tablet I gave him helped him, and that night he slept soundly. Since then the tablets have made him perfectly well, and he is now a fine, healthy looking baby, and is getting quite fat. I would not be without the tablets if they cost a dollar a box."

Baby's Own Tablets are good for children of all ages and are taken as readily as candy. Crushed to a powder, they can be given with absolute safety to the youngest, weakest baby. Sold by all druggists or sent postpaid at 25 cents a box, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

Bowlen-Owens.

On Tuesday morning of last week, at St. Gertrude's Church, Miss Annie Owens, of Newburg Junction, was united in marriage to J. W. B. Bowlen, formerly of Fredericton, but now residing at Miltord, Mass. The service was performed by the Rev. Father Chapman. After the ceremony, Mr. and Mrs. Bowlen took the early train for their new home, followed by the good wishes of a host of friends. The bride was the recipient of many handsome and valuable presents, among which were a beautiful sugar bowl presented by the ladies auxiliary of the A. O. H., of which Miss Owens was president. The present was accompanied by the following address:—

To Miss Annie Owens, president of the Ladies Auxiliary, A. O. H.:—

It is with mingled sadness and joy that we, your sisters, have learned that you can no longer reside at our meetings and the valid reasons you have for not doing so.

Sadness that we are to lose a sister whom we much admire, and a presiding officer whose decisions were always constitutional and just; sadness because of the happy evenings spent together, which necessarily now will end; sadness because you are going to leave your native county and the friends of your girlhood, to make new friends, we doubt not, in your future home.

But we also rejoice with you in the happy event about to take place; it is joy for us to know that your many good qualities will be better appreciated by one who will be your loving friend for life—than they have probably been by us; it gives us joy to, in a slight way, show our esteem for you by presenting you with this gift and address. Wishing you true happiness in your future home, we remain, on behalf of the Ladies Auxiliary: Mrs. James Brown Miss Fannie McDade Mrs. M. Ryan Miss Sadie J. Brown Mrs. T. L. McCaffery Miss Lizzie McCartin Mrs. J. Steever Miss Aggie G. Malaney Miss Bridget McCartin Miss Agnes Gallagher Miss Carrie H. Caldwell.

Off to War.

One of Hartland's bright young men left for Halifax, there to join the Fourth Contingent for the South African war. This was Arthur B. Curtis, only son of Dr. I. B. Curtis. He passed the medical examination and was duly enlisted on Friday. The band and a large crowd of citizens gathered at the station to see the lad off. It was the first occasion of the kind Hartland has witnessed and the event was a really pathetic one. It seemed different than if half a dozen or more boys were going together. The band played "British Grenadiers," "The Girl I Left Behind Me," "God Save the King," and other patriotic airs; while, as the train pulled away, a mighty cheer went up from the throats of the assembled friends, an evidence of the good will that follows him. All wish him bon voyage and a safe return. D. W. Foster and C. H. Thistle started for the war, but failed in the medical examination.—Advertiser.

ARCHBISHOP CORRIGAN, of New York, the eminent Catholic prelate, died on Monday night.

Children's Fertilizer.

That's a good name for Scott's Emulsion. Children are like young plants. Some will grow in ordinary soil. Others need fertilizers.

The nature of some children prevents them from thriving on ordinary food. Such children grow right if treated right.

All they need is a little fertilizer—a little extra richness. Scott's Emulsion is the right treatment.

Fertilizers make things grow. That's just what Scott's Emulsion does. It makes children grow in flesh, grow in strength, grow rich blood, grow in mind, grow happy. That's what we make it for.
