

Epilepsy Cureable.

A DISEASE THAT HAS LONG BAFLED MEDICAL SKILL.

Mr. M. A. Gauthier, of Buckingham, Que. Gives His Experience for the Benefit of Other Sufferers from This Terrible Malady.

From the Post, Buckingham, Que.

We venture to say that in our town of 3,000 inhabitants few business men are better known than Mr. M. A. Gauthier, the young and hustling butcher of Main street. He wasn't however, as energetic or as hustling a couple of years ago as he is today, and for a good reason—he wasn't well. Having gone into business ere reaching his majority his desire to succeed was such that no heed was paid to keeping the body in the state of health necessary to stand a strain, and in consequence of the extra demands upon the system it became run down to such an extent that epilepsy or falling sickness resulted, and these lapses into unconsciousness becoming alarmingly frequent he consulted physicians and took some remedies, but without beneficial results. Finally seeing Dr. Williams' Pink Pills advertised as a cure for falling sickness he decided to give them a trial. As to the result the Post cannot do better than give Mr. Gauthier's story in his own words: "Ye," said Mr. Gauthier, "for nearly four years I suffered from epilepsy or falling fits, which took me without warning and usually in most inconvenient places. I am just twenty-four years of age, and I think I started business too young and the tear of failing spurred me to greater efforts perhaps than was good for my constitution, and the consequence was that I became subject to those attacks which came without any warning whatsoever, leaving me terribly sick and weak after they had passed. I got to dread their recurrence very much. I consulted doctors and took their remedies to no purpose, the fits still troubled me. I saw Dr. Williams' Pink Pills advertised and determined to try them. I did so, and the medicine helped me so much that I got more and kept on taking them, until today I am as well, yes better, than I ever was, and am not troubled at all by epilepsy or the fear of the fits seizing me again. Thinking there may be others similarly afflicted, I give my story to the Post; it may perhaps lead them to give this great medicine a trial."

Dr. Williams' Pink Pills are a positive cure for all diseases arising from impoverished blood, or a weak or shattered condition of the nervous system. Every dose makes new, rich, red blood and gives tone to the nerves, thus curing such diseases as epilepsy, St. Vitus dance, paralysis, rheumatism, sciatica, heart trouble, anaemia, etc. These pills are also a cure for the ailments that make the lives of so many women a constant misery. They are sold in boxes, the wrapper around which bears the full name—Dr. Williams' Pink Pills for Pale People. Can be procured from druggists or will be sent by mail, post paid, at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

A Bargain in Gloves.

Something more than a warm heart and an open hand are needed in dispensing charity. A Boston woman who wanted to be generous found this to be true in at least one case, related in the "Youth's Companion."

She had been giving to a poor family, consisting of a mother and three grown daughters, a regular allowance of six dollars a week until the daughters should find employment.

The eldest daughter called at the house every Saturday to receive this allowance. One week she appeared on Thursday, and wanted to know if it would be "quite convenient" for her benefactress to advance the money that day instead of waiting until Saturday.

"We are out of fuel and flour, and the man will call this evening for the weekly rent, and we haven't a penny to give him," she said.

"How does it happen that you are in this condition this week, when the six dollars I have been giving you has sufficed to pay your weekly expenses in the past?"

"Well, I'll tell you," replied the young woman, frankly and calmly. "Mamma was down town yesterday, and she came across such a genuine bargain in kid gloves that she felt that it would be almost wicked not to take advantage of it, so she got each of us girls and herself a pair. They're regular two-dollar gloves marked down to seventy-nine cents a pair, and mamma didn't know when she'd ever have another chance to save four dollars and eighty-four cents on four pairs of gloves, so she got them, and who could blame her?"

HOME-SICK.

Oh! Scotland dear, my native home,
Far, far from thee I sadly roam;
This foreign land has not for me
One charm that can compare with thee.

I see within my memory's eye
The Don's clear water rippling by;
Yon house beside the Castle hill,
That claims from me affection still.

In dreams I hear the lapwing's call,
The lark's glad music rise and fall,
And fair Bilbethians' lutes trill
And yerlings sing on Tounick's hill.

I see thy mountains and thy wood,
Thy battle fields where freedom stood,
Where slavery fell, and despot's sway
Were settled once, and that for aye.

Where man, a freeman walks erect,
Commanding from the world respect,
For truth and honour manhood's worth,
Make him a peer of kings on earth.

Yon ship, the swiftest of the Clyde,
Will bear me safely o'er the tide,
And love's kind welcome waits for me,
When Don's fair banks again I see.

CHILDHOOD INDIGESTION.

Often Leads to Serious Trouble Unless Prompt Steps Are Taken to Check it—How This Can Best Be Done.

Indigestion is a trouble that is very common in infancy and early childhood, and unless prompt measures are taken to control it the result is often very serious. It prevents the proper growth of the child and weakens the constitution, so that he is unable to resist other diseases that are more dangerous. Fortunately, however, the trouble is one that is easily controlled. Proper food—not too much, but absolutely pure—plenty of fresh air, and Baby's Own Tablets, freely administered according to the directions, will soon put the sufferer right, and make both mother and child happy. Mrs. W. E. Bassan, of Kingston, Ont., is one of the many mothers who has proved the truth of this statement. She says: "When my little girl was about three months old, she had indigestion very badly. She was vomiting and had diarrhoea almost constantly. She was very thin, weighed only four pounds and although she had a ravenous appetite her food did her no good whatever. I had tried several medicines but they did not help her. Then I heard of Baby's Own Tablets, and procured a box. After giving her the tablets for a few days, the vomiting and diarrhoea ceased, she began to improve at once, and grew plump and fat. I always give her the Tablets now when she is ailing and the result is always good. Baby's Own Tablets are the best medicine I have ever used for a child."

These tablets will promptly cure all the minor ailments of little ones, such as sour stomach, indigestion, colic, constipation, allay the irritation accompanying the cutting of teeth, etc. They are good for children of all ages, and crushed to a powder or dissolved in water can be given with absolute safety to the youngest infant. If you cannot obtain Baby's Own Tablets at your druggists, they will be sent post paid at 25 cents a box by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

A GUARANTEE—"I hereby certify that I have made a careful chemical analysis of Baby's Own Tablets, which I personally purchased in a drug store in Montreal. My analysis has proved that the Tablets contain absolutely no opiate or narcotic; that they can be given with perfect safety to the youngest infant; that they are a safe and efficient medicine for the troubles they are indicated to relieve and cure."

All Through.—The Rev. Dr. Saintly—"Bobbie, I don't see you at Sunday-school any more." Bobbie—"No, sir. There isn't anything more for me to learn." The Rev. Dr. Saintly—"No more to learn! What can you mean?" Bobbie (proudly)—"I've licked every boy in the class."

A Happy Deliverance from the Agonies of Rheumatism.

Paine's Celery Compound
Effects a Cure After Failures of Physicians, Patent Medicines and Medicinal Springs.

The Wonderful Victory Over a Terrible Disease Vouched for by One of Our Prominent Druggists.

If you are a sufferer from rheumatism in any of its terrible forms—muscular, inflammatory or sciatic, be assured of the glorious truth that Paine's Celery Compound will work for you a permanent and happy cure. The thousands of letters received from people who have thrown off their burdens and agonies prove conclusively that Paine's Celery Compound is the one great specific for this awful disease. The following letter from Mr. J. Leverington, of Virden, Man., and endorsed by Mr. J. W. Higginbotham, Druggist, of the same town, should convince all sufferers that the immediate use of Paine's Celery Compound is their only hope. Mr. Leverington says:

"For more than a year I was suffering from the agonizing pains of sciatic, and after trying all that medical skill could devise, and using many remedies, patent and otherwise, I concluded to try the Hot Springs at Banff, under the superintendence of a medical man. I took the treatment thoroughly and carefully for six weeks, and came home at the end of that time racked with pain and weighing 43 pounds less. At this juncture, when hope had almost fled, I heard of Paine's Celery Compound. It seemed suited to my case, and I sent to my druggist, Mr. J. W. Higginbotham, of this place, and asked about it. He recommended it to me and I took a bottle. I soon began to feel better, and after taking the second bottle I was a cured man and threw away my crutches. I have always been a farmer, and am as able to do hard work now as ever I was."

An article which will prove of the widest interest to all those engaged in teaching or who may be interested in education, is one in the January COSMOPOLITAN by ELISHA BENJAMIN ANDREWS, ex-President of Brown University, who for the first time, in a leading magazine, has had the courage to show the great evils resulting from the private contract school book system—educational officials corrupted, school-books often the poorest selected, and the prices paid by the children themselves of the highest—an annual tax going up into the millions which could be very easily avoided if the proper organization were brought into this effort.

He Didn't Count.—Lady of the House—"Bridget, didn't you tell me when you came here that you would have no male friends coming around the house, and now I find a man in the kitchen almost every evening?" Bridget—"Shure, murr, thot ain't no male friend of moine at all—he's me husband." [Town and Country.]

Sharpe—"On" his birthday before their marriage she gave him a book entitled, "A Perfect Gentleman." Whealton—"Any change after a year of married life?" Sharpe—"Yes; on his last birthday she gave him a book entitled "Wild Animals I Have Met."

Sleep, beloved, sleep; secure from earthly fears,
While mortal life shall last,
Fond memories of the past shall mingle with our tears.

Sleep, beloved, sleep, and rest from earthly strife;
Death claimed thee in thy bloom,
We lay thee in the tomb till Christ shall give thee life.

Sleep, beloved, sleep, we meet on earth no more,
But hope to meet again
Beyond the reach of pain, on Heaven's eternal shore.
