many a youngster went home happy after the

useful presents. Mrs. John Shea the super-

by the youngsters. Crokinole was the next,

Steamboat Service on the St. John.

The Fredericton correspondent of St. John
Sun says:—

Manager Orchard of the Star line has been
in Fredericton a couple of days this week
upon business connected with the proposed
purchase of the steamer Aberdeen by the
York and Carleton Steamboat Co., recently
organized, and whose object is to provide
more regular and efficient steamer service
between Fredericton and Woodstock. The
transfer of the Aberdeen to the new company
will probably be made in a few days. Mr.
Orchard is also interested in a company which
will next summer put another steamer on the
route between St. John and Jemseg. This
boat will leave St. John in the evenings and

Jemseg in the mornings, making calls at all
intermediate points and particularly at the
numerous summer resorts. The company
which will own and operate this boat is inde-
pendent of the Star line.

Rev. W. O. Raymond's Philanthropy.

The St. John Globe of Saturday has the
following about the Rev. W. O. Raymond,
son of the late Col. Raymond, of Woodstock.

"Rev. W. O. Raymond will resume his
pulpit duties a week from Sunday. To-
morrow (Sunday) Rev. J. A. Richardson and
Rev. Mr. Craig, of Trinity church, will con-
duct the services in St. Mary's. Mr. Raymond
has been more than a month engaged in a
noble work among the smallpox infected
homes, and for two weeks and over has been
practically isolated. He and Rev. Howard
Roach, in working together, have officiated
at the death beds and graves of nearly all the
victims of the dread disease, observing the
very strict orders of the board of health
afterwards. Talking with a Globe reporter,
the philanthropic rector of St. Mary's said the
time has been replete with harrowing inci-
dents and most pathetic little occurrences,
known only to those in immediate touch with
the infected and quarantined houses. Speak-
ing of the nurses, Mr. Raymond said on the
whole their work was heroic. None shirked
the most dangerous duties, it being a common
sight to see a child in the worst stages of the
disease being lifted and carried in the arms
of those brave young women."

THE USE OF STRONG SOAP WILL NOT WASH OUT DIAMOND DYE COLORS.

Diamond Dye colors are absolutely fast and
unfading. Washing with strong soap or ex-
posure in sunlight cannot start or fade these
imperishable colors. No other dyes in the
world have such a reputation for strength,
brilliance, purity and beauty of colors. Dia-
mond Dyes are the most economical dyes;
one package will color as much material as
three packages of any other dye.

If you have not yet seen the new and at-
tractive Diamond Dye Mat and Rug Patterns
send your address to The Wells & Richar-
son Co., Limited, 200 Mountain St., Mon-
tréal, P. Q., and you will be immediately
supplied.

Settlement Made.

The suit of T. J. Carter v. T. Medley
Richards, in which the plaintiff sued for
\$1,636 for personal services rendered, ex-
penses incurred and money advanced on be-
half of the defendant in the general election
of 1900, has been settled. Mr. Carter accept-
ed the offer of the defendant for repayment
of money advanced and expenses incurred.—

Making Preparations.—"I want to get a
turkey, and a bottle of paregoric, and some
mince meat, and some pepsin pills, and some
cranberries, and some furniture polish, and a
quart of oysters, and a package of courtplaster,
and some sweet potatoes, and a fire in-
surance policy." Here the marketman
smiled merrily, and inquired: "Going to eat
all that?" "No responded the customer,
"but the family Thanksgiving dinner occurs
at my house this year."

Help... Nature

Babies and children need
proper food, rarely ever medi-
cine. If they do not thrive
on their food something is
wrong. They need a little
help to get their digestive
machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this
difficulty.

If you will put from one-
fourth to half a teaspoonful
in baby's bottle three or four
times a day you will soon see
a marked improvement. For
larger children, from half to
a teaspoonful, according to
age, dissolved in their milk,
if you so desire, will very
soon show its great nourish-
ing power. If the mother's
milk does not nourish the
baby, she needs the emul-
sion. It will show an effect
at once both upon mother
and child.
