CABANO, P. Q.

There was a basket social held in the parlour of Hotel Fraser at Cabano, on Saturday evening, April 19th, which was a decided success both socially and financially. The programme consisted of several Scotch songs by Mr. Low; solo by Mrs. Archie Fraser; reading by Thos. Matheson; song by John McLean; recitation by Miss Matheson. Mrs. John McLean furnished the music. Although there was only fifteen baskets offered for sale the sum of \$46.50 was realized which speaks well for the generosity of the gentlemen present or the persuasive tongue of acting auctioneer Albert Fields. The proceeds go toward the minister's salary.

BABY'S OWN TABLETS.

Mother's Best Help When Her Little Ones Are Ailing.

Every mother needs at some time a medicine for her little ones, and Baby's Own Tablets are the best medicine in the world for constipation, sour stomach, indigestion, diarrhoea, colic, simple fevers and the troubles of teething children. The Tablets have been in use for years and thousands of mothers say that nothing else acts so quickly and relieves and cures little ones so surely. Mrs. R. H. LaRue, Mountain, Ont., simply voices the experience of other mothers when she says:—"I can recommend Baby's Own Tablets to all mothers who have cross or delicate children. I do not know how I could get along without them."
Children take these Tablets as readily as candy, and if crushed to a powder they can be given with absolute safety to the tiniest, weakest babies. There is a cure in every Tablet and they are guaranteed to contain no opiate or other harmful drug. You can get the Tablets from any dealer in medicine or they will be sent post paid at 25 cents a box by addressing the Dr. Williams Medicine Co., Brockville, Ont.

You Can Lead a Horse

to water but you can't make him drink.

You can't make him eat either. You can stuff food into a thin man's stomach but that doesn't make him use it.

Scott's Emulsion can make him use it. How? By making him hungry, of course. Scott's Emulsion makes a thin body hungry all over. Thought a thin body was naturally hungry didn't you? Well it isn't. A thin body is asleep—not working—gone on a strike. It doesn't try to use its food.

Scott's Emulsion wakes it up—puts it to work again making new flesh. That's the way to get fat.
