Oil for the Children.

Give them oil—cod-liver oil. It's curious to see the result.

Give it to the peevish, fretful child, and he laughs. Give it to the pale, anæmic child, and his face becomes rosy and full of health. Take a flat-chested child, or a child that has stopped growing, give him the oil, and he will grow big and strong like the rest.

This is not a new scheme. It has been done for years. Of course you must use the right oil. Scott's Emulsion is the one.

Scott's Emulsion neither looks nor tastes like oil because we are so careful in making it pleasant to take.

Send for free sample.

Saturday, Feb. 15th, started running again yesterday. This may be said to be a record in mill building in this province. The rotary was built and furnished by the Small & Fisher Co., of Woodstock, N. B., works by a wire cable, and is in every respect a fine specimen of work by that well-known firm. The shingle machine, capacity, 20,000 shingles per diem, was furnished by the well-known firm of Connell Bros., Ltd., and fully bears out the reputation of that firm, being perfect in every respect. The saw was furnished by the Jas. Robertson Co., Ltd., of St. John, N. B., it is chisel toothed, works fast and clean, and is a credit to the makers. The planning and completion of the new mill building, 90 feet in length and 35 feet in width, is due to Messrs. I. Milbury and Geo. W. Gillmore, who were ably assisted by Messrs. L. Milbury, Ross and W. H. Arnold. There is now lying at Esdraelon over 700,000 feet of spruce, cedar and hard wood, and what, only a few short weeks since, was spoken of as a calamity to the country side, is now hailed with joy. So perfect was every detail worked out, that the first log sawed out without a hitch of any description. With the saw-mill working, Esdraelon once again awakes. Ed. Gillmore will shortly put in new burrs rollers for flour manufacture and new mashing apparatus.

Spring Depression.

PEOPLE FEEL WEAK, EASILY TIRED AND OUT OF SORTS.

You Must Assist Nature in Overcoming This Feeling Before the Hot Weather Months Arrive.

It is important that you should be healthy in the spring. The hot summer is coming on and you need strength, vigor and vitality to resist it. The feeling of weakness, depression and feebleness which you suffer from in spring is debilitating and dangerous. You have been indoors a good deal through the winter months, haven't taken the usual amount of exercise perhaps, your blood is sluggish and impure and you need a thorough renovation of the entire system. In other words you need a thorough course of Dr. Williams' Pink Pills. If you try them you will be surprised to note how vigorous you begin to feel, how the dull lassitude disappears, your step becomes elastic, the eye brightens and a feeling of new strength takes the place of all previous feelings. Thousands have proved the truth of these words and found renewed health through the use of these pills in spring time. One of the many is Miss Cassie Way, of Picton, Ont., who says:—"A few years ago I was cured of a very severe and prolonged attack of dyspepsia through the use of Dr. Williams' Pink Pills, after all other medicines I had tried failed. Since that time I have used the pills as a tonic and blood builder and find them the best medicine I know of for this purpose. People who feel run down at this time of year will make no mistake in using Dr. Williams' Pink Pills."

These pills are not a purgative medicine and do not weaken as all purgatives do. They are a tonic in their nature and strengthen from first dose to last. They are the best medicine in the world for rheumatism, sciatica, nervous troubles, neuralgia, indigestion, anaemia, heart troubles, scrofula and humours in the blood, etc. The genuine are sold only in boxes, the wrapper around which bears the full name "Dr. Williams' Pink Pills for Pale People." Sold by all dealers in medicine or sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
