

Fire, Smoke, Water.

SLIGHTLY DISFIGURED GOODS AT BADLY DISFIGURED PRICES.

We have our goods straightened around again and are now ready for business in the **LYNCH BUILDING**, next to bridge. That part of our stock which was badly damaged we have thrown out altogether, but we have a large stock of goods that were not damaged at all, and some that were very slightly damaged. We are going to sell them all at some price, no matter how cheap.

EVERYTHING MUST BE SOLD OR GIVEN AWAY.

Wall Paper, Fancy Goods, Leather Goods, China, Dolls, Books, School Books, Blank Books, and hundreds of things you need.

Mrs. J. Loane & Co., Lynch Building, Next to the Bridge.

NEWS FROM THE COUNTY.

KINTORE.

Mrs. Donald Innes spent Tuesday and Wednesday of last week at Fort Fairfield and Perth.

R. W. Demmings, of Andover, was calling on friends here Friday.

Mr. and Mrs. H. Robertson, of Stevensville, Me., spent Tuesday at Mr. Coult's.

Mrs. J. B. Adam, of Muniac, was calling on friends here Monday of last week.

Frank Stevens of Andover was in this place on business last Thursday.

Walter Quinte has bought Mrs. F. G. Donagheys farm at Forest Glen.

Mrs. J. Stevenson spent Sunday at Muniac.

WOODLAWN.

The Rev. Mr. Crisp, of Jacksonville, and the Rev. Mr. Stebbings, of Richmond, exchanged duties on Sunday. Mr. Crisp preached at Watson Settlement in the afternoon, and at Littleton in the evening.

Mrs. Ephraim Wilson is visiting Mr. and Mrs. William Bell.

Alva Stewart has gone to Millinocket, Me. Miss Johnston, of Houlton, Me., was the guest of Miss Etta Stewart last week.

Miss Etta Stewart is visiting her sister, Mrs. John Henderson, at Hodgdon, Me.

ANDOVER.

Work is going on in connection with the new Record office. The old wooden building is now being moved back. Much of the red sandstone for the new building is on the ground and has been cut. The specifications have been changed to call for the use of McAdam granite as trimmings. This will mean that the Record office will be an unusually handsome little building and a credit to the county. The size is 34ft. x 40ft. with a projected front 8ft. x 10ft. The vault is 10ft. x 34ft. There will be a reception room in the front and an office for the registrar H. H. Tibbitts, and one for the secretary treasurer, Sheriff Tibbitts. The vault will be for the use of the registrar of deeds and wills only, and the safe now used by the registrar will be placed in the secretary treasurer's office for the keeping of the papers of the municipality.

The coming campaign for the local legislature is already the subject for discussion. Beside James E. Porter, Deputy Speaker of the House and Thomas Lawson, the present members, J. Fletcher Tweeddale, of Arthur-ette, who is now a member of the County Council will be in the field as an independent supporter of the government and it is rumored that Fred W. Kerton, Registrar of Probates and Clerk of the County and Circuit Courts, will also be a candidate as a government supporter.

All the drives on the branches of Tobique got into the Tobique corporation last week. J. E. McCollom started the first drive for the Tobique corporation on Thursday. He is having a light drive as most of the lumber ran through.

M. Stanley Sutton who sold his residence below his store last fall to Mr. Spike, Collector of Customs, is building himself a new house farther up town. The stone wall is already completed. Mr. Sutton was in Woodstock this week purchasing some materials.

D. R. Bedell is putting up a new store just below the one he now occupies. The building will be 30ft. x 50ft., two stories high. He expects to move his general stock in this fall. He will use the store he now occupies as a furniture show room. The building across the street that he is now using for furniture will be converted into a store house for surplus stock.

The Andover Creamery started up on Monday with a good run of milk considering the early season at which the work commenced. N. S. Dow, who was butter maker the year the creamery started, 1900, is here at his old post. The creamery has one station at Bath and are building another at Holmesville. The company this season will pay for milk when it is delivered at the skimming station, on a sliding scale, namely two cents per pound for fat less than the price of butter in the month in which such milk is delivered. This scale applies only to whole sections of country or districts or to all the people sending milk to a certain station.

J. C. Manzer is preparing to build him a new residence on the vacant lot next the creamery.

John E. Stewart is building a plaster mill at Plaster Rock, about thirty feet below Mr. Hale's mill. He will get his power from the Hale mill. The shafting is being made in Woodstock by Connell Bros. and the Small & Fisher Company. Already Mr. Stewart has orders for about sixty tons of ground plaster from one man to be shipped at once. The orders are pouring in before the mill is completed. He expects to be at work grinding inside of two weeks.

George E. Armstrong who has ten camps in the best hunting and fishing sections of the upper part of the province, says that the outlook for business this season is good. He has in his employ ten guides and three cooks and will probably need more. Already sportsmen are writing him to make arrangements to spend a few weeks at his camps and no less than three parties want to spend the whole season here.

The Rev. J. D. Campbell who for the past year has been pastor of the Presbyterian church here has resigned. He preached his farewell sermon on Sunday, May 4th. Mr. Campbell has taken charge of the mission field on the Tobique, with headquarters at Three Brooks.

SKIFF LAKE.

Again we are having some fine weather, but quite cold, much to the disappointment of the sportsmen, who are already visiting this fishing resort. Two of the largest salmon ever known to be caught were landed by M. McManus of Woodstock, and John Ralidgan of Hartin Settlement, the former's weighing five and one half pounds, the latter's five pounds.

Mrs. Ella McMullin has returned home after spending a few days with friends at Eel River Lakes.

Adam and Robert McPherson, of Hartin Settlement, spent Sunday in this vicinity.

Mrs. James Cunningham, who has been confined to the house for the past six months with pleurisy, is so much improved as to walk about and call on her neighbors again.

The Rev. G. A. and Mrs. Rose, of Benton, have been calling on friends here, last week.

Alfred Murchie and Frank Mitchell, of St. Stephen, spent a couple of days here fishing, recently.

MIDDLE SOUTHAMPTON.

Rev. J. J. Barnes has had to close his special meetings at Hainsville on account of ill health.

Henry Farnham has gone to Worcester, Mass., for the summer.

Herbert Fox went to the Victoria Hospital, Fredericton, by steamer Aberdeen for treatment on Monday.

The day school observed Arbor Day Friday but on account of the rain the teacher and scholars could not picnic as they intended.

William Clark and family of Boston have moved here for the summer.

The farmers are very busy getting seed in the ground.

EAST FLORENCEVILLE.

Frank Lovely, of Woodstock, spent Sunday at home here.

OUR GREAT

BARGAIN SALE

WILL CONTINUE

UNTIL FURTHER NOTICE.

B. B. MANZER.

If you want to find the dressmaking shop, its over the post office, or just below the bank.

A number of the young fellows returned from the drive Friday, feeling well pleased with the spring's work.

A. B. Lovely has moved in the front of Mrs. Lovely's house here, till he gets his house built.

About forty dollars was raised at the social held in the Orange Hall, Monday night, the 5th, for Rev. Mr. Hayward. Col. Hartley was auctioneer.

Dance in the Opera House, Thursday night, only a few more now before warm weather.

BRISTOL.

Miss Winnie Bell, Caribou, is visiting her cousin Miss Lou Boyer.

Rev. D. Fiske preached in the Baptist church Sunday evening.

Charles Tinker has returned from Canterbury, and is again in charge of the C. P. R. station here. Hugh Bruce has been transferred to Canterbury.

Rev. D. E. Brooks was to Woodstock on Thursday last.

Rev. A. H. Hayward has gone on a trip up the Tobique River.

Robert Dyer has moved into Dow Boyer's

house at the lower part of the village.

The last few days have been very cold for this time in May. On Friday there was thunder and lightning, followed by a severe hail storm. During the night snow fell, covering the ground, near the river there was only an inch, but a few miles back, four or five inches fell.

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

SCOTT & BOWNE, Chemists
