TO THE KLONDYKE.

New Brunswick Lady Returns to her Home
in Dawson Today.

Mrs. Geo. Sproule, a native of Carleton County now residing in Dawson, who has been visiting her brother, E. M. Sipprell, for the last few days, leaves this afternoon for the Klondyke. Mrs. Sproule and her husband, who belong to Wings County, have been living in Dawson for the last three or four years. Mr. Sproule runs a general store and hotel in that city. Last fall Mrs. Sproule left the Klondyke on a visit home, coming by way of White Horse, Skagway and Seattle. She is a firm believer in that comparatively new country, and considers it practically to be as comfortable a place to live in as many of the more southern Canadian cities. Dawson is now being improved with all modern improvements and is moving forward rapidly. The climate, Mrs. Sproule says, is quite enjoyable, although the eight or nine months winter are cold. Practically all the mining is done during the latter part of May, June, July and August, and the manner of obtaining the gold is of the primitive placer type. Everybody, of course, is in hopes that some day soon the quartz itself will be found. As a sample of the cost of living, Mrs. Sproule says that board at the hotel for permanent boarders is \$21 a week, or for transients about \$2 a meal. When she left Dawson apples were selling three for a dollar, and a price of fifty cents was charged for a glass of milk. Of course wages are proportionately high.

There are a number of New Brunswick people in and around Dawson, and at their own hotel there is a St. John lady, Mrs. Williamson employed.

Among the curiosities which Mrs. Sproule brought home is a photograph taken by sunlight, about midnight during one of the summer months. At this time of the year, however, the sun shows itself only about five hours a day.

Mrs. Sproule expects to arrive at Dawson about the middle of April. She will visit a number of friends on the way out, and return by way of Seattle and Skagway. From White Horse she will have a ten days' drive before she reaches her destination.—St. John Star.

In This Locality.

The medicine dealers in this place say that there is no preparation on the market today that has anything like such an enormous sale as Dr. Chase's Kidney-Liver Pills. Would this extraordinary demand for Dr. Chase's Kidney-Liver Pills continue and gradually increase if people were not being benefited and cured by their use? Certainly not. One pill a dose, 25 cents a box.

Canada's Chief Veterinary Adviser.

The Minister of Agriculture for some time back has been finding considerable inconvenience in the administration of the Veterinary Branch, owing to the fact that the Chief Veterinary Adviser, Dr. McEachren, resided in Montreal and was not required by his appointment to give his whole time and attention to the work of the Department. Many incidents have occurred of a purely domestic character within the Dominion, which indicated difficulties in this regard. Lately one or two questions of greater importance in connection with outside matters have also arisen. The situation became so difficult that the Minister took the question up with Dr. McEachren, and came to the conclusion that it was absolutely necessary for the future efficient working of the branch that the Chief Veterinary should reside at head quarters, and devote his whole time and attention to this work, as other Government employees are required to do.

In consequence of his connection with the Veterinary College of McGill University and the many large enterprises in which he is engaged, Dr. McEachren felt he could not fulfill these conditions. He therefore handed in his resignation. When accepting this resignation, the Minister felt that recognition was due Dr. McEachren for services rendered in the past. He therefore appointed him Honorary Veterinary Adviser to the Dominion Dept. of Agriculture.

Dr. J. C. Rutherford, of Portage la Prairie, who was in the employ of the Dept. during the last season, for the purpose of testing with tuberculin animals in the United Kingdom for export to Canada, has been appointed to succeed Dr. McEachren, as Chief Veterinary Inspector for the Dominion, it being understood that he shall make Ottawa his headquarters, and devote his whole time and attention to the work of the Dept. Dr. Rutherford's well-known reputation as a veterinary, and his experience in all public matters, are guarantees of the efficient working of the Dept. under the new arrangement.
F. W. Houson.

MAKE A NOTE OF IT, when you are leaving home to buy "The D. & L." Menthol Plaster. It is guaranteed to cure the worst case of backache, headache, stitches. Avoid everything said to be just as good. Get the genuine made by Davis & Lawrence Co., Ltd.

For Concentration.

Desmond—If you buy this elegant fur coat, Dorothy, how are we ever going to pay for it?
Dorothy—Oh, Desmond, don't let's talk about two things at once! Let's talk about the coat.—'Life.'

New Color in the Cheeks
Richness in the Blood

And Health, Vigor and Strength in the Whole System When Dr. Chase's Nerve Food is Used.

Paleness of the gums, lips and inside of eyelids, nervousness, weakness, indigestion, headache and despondency are the symptoms common to chlorosis and anaemia. These symptoms indicate that the blood is thin and watery, and does not contain sufficient nourishment—symptoms that disappear when Dr. Chase's Nerve Food is used to build up the body and fill the shrivelled arteries with rich, red, life-sustaining blood.

Dr. Chase's Nerve Food is a special formula devised especially for all diseases arising from an exhausted condition of the blood and nerves, and has proved signally successful as a cure for anaemia and chlorosis. In fact it cannot fail to cure these ailments, because it goes directly to form new red corpuscles in the blood, and so nourishes and restores the system to health and vigor. It is of incalculable worth to women suffering from the weaknesses and irregularities peculiar to their sex, and is evidenced by the grateful testimonials published from time to time in the daily press.

Dr. Chase's Nerve Food, the great blood builder and nerve restorative; 50 cents a box at all dealers, or Edmansson, Bates & Co., Toronto.

Treatment of Face Moles.

A hairy mole which is still growing should be removed at once, even at the risk of some injury to the skin. It is now probably no more than a plexus of capillary vessels, with only a small supply of connective tissue. There is also a likelihood that it has not yet involved the skin. If this be its condition, the skin over the tumor may be reflected in flaps, and the tumor itself strangulated with ligature in one of the usual ways. The flaps should then be replaced, and the result will be a minimum of cicatrix and deformity.

But if the mucus be allowed to grow it will become a large, highly vascular, erectile tumor, probably invading and involving the skin, liable to profuse hemorrhage if injured, yet still quite amenable to treatment, though of a less simple kind. The modes of treating nevi are numerous and are continually increasing.

If it is asthma, bronchitis, croup, or any such trouble, use Vapo-Cresolene. All Druggists.

A Story of a Father's Love.

Old Mr. — has an only daughter. They are of lowly rank, but he is honest and industrious. By trade he is a puddler in a foundry, and he earns \$4.50 a day. Twenty years ago the wife and mother died, and the child of five became the old man's pet. Twelve years ago he sold his property and spent all his money in sending her abroad to study music. She came back two years ago a famous singer and a matchless beauty and refused to own her father. He has moved to the east side in order that by living on a pittance he may have \$20 every week to give her to buy clothes. Every week he sends it, and every week she spends it, though she neither sees nor writes to him. Week after week he grows a little prouder and also a little sadder.—City Missionary in Ladies' Home Journal.

Rain and sweat have no effect on harness treated with Eureka Harness Oil. It resists the damp, keeps the leather soft and pliable. Sutures do not break. No rough surface to chafe and cut. The harness not only keeps looking like new, but wears twice as long by the use of Eureka Harness Oil.

Sold everywhere in cans of all sizes. Made by Imperial Oil Company.

VALUE OF AN HONEST EYE.

A Business Man's Experience in Hiring an Office Assistant.

A business man said that he once devoted half a day to hiring a man whom he needed in his office. In answer to his advertisement a great many applicants called. He rejected the first because he would not look him in the eye. "The second man," said the merchant, "was armed with a double barreled recommendation from his pastor, with testimonials as to his business ability and good character; but, though he looked me in the eye, I saw that we could never hope to get along well together, and so I dismissed him. The third interested me the moment he stepped inside the door. He was poorly dressed, and, though his clothes were whole, they were at least two sizes too small. It was evident that his attire troubled him not the least, for he held his head high and as he approached my desk looked me squarely in the eye. He said that he had no recommendation, that he had no business experience, but that he was willing to do his best to please me. In an instant it dawned upon me that before me was the man that I was looking for. He had nothing to recommend him save an honest, bright eye and a pleasant face, but that was sufficient. I engaged him on the spot.

"Since then I have seen fit to advance him over a man who had been with me three years. The latter grumbled, but there was reason for my move—the man had proved himself worthy of promotion."

Instances might be definitely multiplied of the value of an honest eye. That wonderful window of the soul, the eye, is a sure index to character. If you have it not, cultivate a bright, honest, straightforward look. It will more than repay your effort. Look up and fearlessly meet the eyes of those with whom you converse. Many a choice position has been lost through an indifferent, flinching eye, and many a coveted position has been won through a fearless, honest eye. That kind of eye is better than a hundred recommendations.—Success.

A Sick Stomach.

is always relieved, and its unpleasant consequences averted by taking thirty drops of Polson's Nerviline in a little sweetened water. It instantly relieves the nausea and by its soothing and stimulating powers, calms the stomach and enables it to complete the process of digestion. Nerviline has been proved more than a million times the best remedy for stomach and bowel troubles. Nerviline will cure you. 25c.

Economy in Gloves.

"Men pride themselves on their superior economy," says a well-known young Washington matron, "but it is without good grounds. Take gloves, for instance. You buy more gloves in a year than I do, and you are not well gloved half the time. You put a pair on when you buy them and get the fingers twisted. As a result, they never look well, there is a strain on the seams, they rip, and in a few weeks they are thrown aside, soiled and spoiled. Now, take your first lesson in glove economy. Buy good gloves and have them fitted on by the clerk. It is the first fitting that counts. After that they will go on all right.

"Never wear the same pair two days in succession. Straighten them out at night and give them a rest for a day. Four times a year gather up your gloves and have them cleaned and pressed for fifteen cents a pair. You will find that your glove bill will be cut in two. But always get good gloves. I bought a pair of reindeer driving gloves in London four years ago and paid a guinea for them. They are still serviceable. When they are soiled I put them in a basin and wash them with soap and water and they dry out as good as ever."—Washington 'Post.'

The Sufferings of Job.

If the agonies of Job were any worse than the tortures of itching piles from which so many people are now suffering he had much to endure. The difference is that there is no reason for any one to endure the miseries of piles for a single day. Dr. Chase's Ointment has cured tens of thousands of cases and is absolutely guaranteed to cure each and every case of piles. 60 cents at all dealers or by mail from Edmansson, Bates & Co., Toronto.

Furnace Dust.

A housekeeper who dreads the showers of dust from the furnace fires that settle everywhere, has invented an arrangement by which she keeps much of it under control. For every register in the house she has provided a covering of cheese cloth. They are simple pieces of the material of a sleazy variety cut large enough to cover the register and neatly hemmed. They are held in place with pins and are taken off and shaken out of the window every morning, their accumulation of dust amply testifying to their need. At frequent intervals they are washed. The one in the parlor is removed during the hours when callers may be expected. The result, this housewife claims, amply repays her for the trouble taken. It should be added that much of the dust disseminated through the house from a furnace can be prevented by care on the part of the furnace-tender. All furnaces are supplied with dust flues, but it is the exceptional furnace-man who makes use of them when shaking or dumping the fire.

Raw, Flaming Eczema,
Sore Rheum and Soaked Head

The Dreadful Itching and Burning is Promptly Relieved and the Disease Thoroughly Cured by Dr. Chase's Ointment.

Mrs. A. McKnight, Kirkwall, Wellington County, Ont., writes:—"I feel it my duty to let you know what Dr. Chase's Ointment has done in a very bad case of eczema on our baby. We had tried any number of cures without any permanent relief, but from the hour we commenced using Dr. Chase's Ointment there was great relief, and the improvement continued, until there was complete cure. We think it the greatest of family Ointments."

Mrs. R. Stoddard, Delhi, Ont., writes:—"I was troubled with psoriasis or chronic eczema for twelve years; used many remedies during that time, but got no relief. Doctored with four or five doctors, but found no cure. I decided to try a box of Dr. Chase's Ointment, and before using half of the box found great relief. I have used about three boxes, and am now completely cured, and have recommended it to many others. It is the best I have ever used, and it is worth its weight in gold."

There is nothing to be compared with Dr. Chase's Ointment as a cure for the most obstinate and torturing skin disease. Its cures are often truly marvellous. 60c a box, at all dealers, or Edmansson, Bates & Co., Toronto.
