

HEALTH IN SPRING.

NATURE REQUIRES ASSISTANCE DURING THESE MONTHS.

To Help Throw off the Impurities That Have Accumulated During the Winter Months—Purgatives Should not be Used—It is a Tonic That is Needed.

In this climate there are many reasons why people feel all out of gear in the spring months. Perhaps the chief of these is the long hours in imperfectly ventilated offices, shops and houses during the winter months. You may feel that there is nothing serious the matter; you are only a little tired after slight exertion, or perhaps your appetite is fickle, or little pimples or eruptions on the skin show that the blood is not as pure as it should be. If you feel this way, not only your comfort but your health demands that you take proper steps to cleanse yourself of the blood impurities that are responsible for your condition. You need a tonic, blood purifier, nerve strengthener and general up-lifter of the entire system. Dr. Williams' Pink Pills for Pale People meet all these requirements more perfectly than any other medicine. These are tonic pills and not violent and weakening like purgative medicines. Nature does not require a violent measure in spring, but a helping hand to throw off the impurities which have accumulated during the winter, and so toning and strengthening every organ and function that a condition of perfect health will prevail. Everyone—old and young—ought to take Dr. Williams' Pink Pills in the spring. There is no other medicine will do you so much good. Mr. James Salmon, postmaster, Salmon Creek, N.B., says:—"Last spring I was feeling decidedly unwell. I was weak, dizzy at times, and continually felt tired. My appetite was poor and I was losing in weight. I tried several medicines, but nothing did me any good until I began the use of Dr. Williams' Pink Pills, and a few boxes of these made me feel like a new person. I would advise all who feel run down and out of sorts to take Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are also effective in the cure of all diseases due to poor, thin, watery blood or weak nerves. Do not take a substitute for these pills—it is only a waste of money and a menace to health to do so. See that the full name "Dr. Williams' Pink Pills for Pale People" is on the wrapper around every box. Sold by all medicine dealers, or sent postpaid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

Mrs. A. tried earnestly to get Mrs. B.'s housemaid away from her, and actually went over to Mrs. B.'s establishment when she was out and offered the housemaid higher wages and other inducements.

The next time the ladies met at a dance Mrs. B. took not the slightest notice of Mrs. A. A mutual friend who sat between them said:—

"Mrs. B., you know Mrs. A., do you not?" "No I believe not," remarked the lady addressed; "but she sometimes calls on my housemaid I understand."

Success in home dyeing is only assured and guaranteed when the Diamond Dyes are used. The use of crude, common and imitation package dyes is a danger and a source of loss to all who unfortunately use them.

WHILE PARLIAMENT

It Is a Rescue from Suffering and Death Effected by

Paine's Celery Compound

THE GREAT SPRING MEDICINE.

MR. BROWN SAYS: "After the Use of Paine's Celery Compound I am Now in the Best of Health."

The greatest of modern physicians, Prof. Edward E. Phelps, M. D., L. L. D., after years of long practice and close scientific study, gave to suffering and diseased men and women his marvellous life-giving prescription, with the conviction and positive knowledge that it had peculiar virtues and ample powers to cure, after the terrible verdict "incurable" was uttered by the medical practitioner.

Thousands of the strongest testimonials from the best known and most reliable men and women of our county fully sustain the claims made by Dr. Phelps regarding his incomparable Paine's Celery Compound.

One of the most convincing proofs furnished, comes recently from a gentleman widely known in the Capital city, we refer to Mr. Alfred Brown, 91 O'Connor St., Ottawa, Ont. Mr. Brown's letter fully demonstrates the fact that the greatest sufferer may cast off his or her burden of disease and become well, strong and happy. It proves too that the great medicine maintains more strongly than ever before its unrivalled place in the estimation of people of wealth and social standing as well as with the masses. Mr. Brown says:

"I acknowledge with thankfulness and pleasure the fact that I have been cured of a very painful illness of eight years standing by use of Paine's Celery Compound. I had, during the years of my illness tried almost all of the advertised medicines without deriving any good results. I was also treated by several of the best doctors of this city, hoping to find that one of them at least would understand my case.

"I was getting worse, and was told I was incurable. I was in bed in a critical condition. I could not go from the house alone, as I was liable to sudden collapse, I tried hospital treatment, but no relief or good results came to me. I could not sleep; anything that I ate increased my agonies; I was extremely weak, restless, tired and despondent; was obliged to walk about with my hands pressed firmly into my left side to ease my pains; my feet and hands were cold continually; had inclination to vomit, had profuse, cold sweats, quick breathing and would be racked with pain for hours at a time.

"After the regular use of Paine's Celery Compound for a time, I am now in the best of health, have good appetite and can use any kind of food. Thank God I am my old self once more, all through the use of Paine's Celery Compound."
