

NEWS FROM THE COUNTY.

NOTICE TO CORRESPONDENTS.

FLORENCEVILLE.

Rain, rain, and still it rains, we will be all blue mould if the sun does not soon shine.

Florenceville has had quite an increase in population this spring, five or six families have moved in, and more would follow if they could find house room. Why do not some of our speculators build a few cottages to rent? There is no prettier, pleasanter or healthier place to live than Florenceville.

We are glad that Kearney Bros. have opened their fine hall to the public. Now we will be able to enjoy a concert or show without going to East Florenceville.

Rate-payers! do not forget that school meeting is on the 21st, this year. You should go and give the trustees credit for the very great improvements that have been made in the school rooms and the grounds. It is no task to study all day in those bright, home-like rooms.

Andrew McCain and David Hamilton have left for the Coronation. We, who are left behind, intend celebrating by having a supper and dance in the hall. Remember! the 26th.

BURNT LAND BROOK.

Mrs. John Jenkins, relict of the late John Jenkins, died at her son's residence, Burnt Land Brook. Mrs. Jenkins was born in England. She came to this country when 11 years of age, and resided at Grand Lake until her marriage, when, shortly after, she moved, with her husband, to South Richmond and located there, where she made many friends. Ever ready to go day or night to attend the sick and suffering, many will still remember her with kindness. In the spring of 1861, they moved again to Tobique, Victoria County, almost one of the first pioneers in this section, when there were no roads to travel on. She again made herself famous in her efforts to attend the sick, and many will remember her with gratitude. And when diphtheria invaded our land, she was one of the few that came into our homes, helped to attend the suffering and prepare the dead for burial, where again she made friends that will never forget her memory. Deceased was 83 years of age this October. She leaves four sons and one daughter and a large circle of relatives to mourn their loss. Grandsons attended her funeral, six of whom were pall-bearers. The sermon was preached by Rev. Mr. Gregg, Methodist minister, by her request.

Quarterly meeting at Royalton on Sunday attracted quite a few of our citizens.

Dr. D. W. Perkins is making extensive repairs to his house. He is grading his yard.

Mr. Spargo leaves for conference this week. He has been on this circuit three years and is so well liked that the quarterly board gave him a unanimous invitation to remain another year.

The annual school meeting will be held next Saturday, and a hot time is expected, as more than ordinary interest is already being displayed.

The remains of John Sherwood, of Glass-

ville, were brought home on Wednesday for burial. He was about 70 years old, and his death occurred at Portland, Maine.

Rev. W. H. Smith, who has accepted the pastorate of the Baptist churches formerly under the care of Rev. A. H. Hayward, preached in the Baptist Church here, on Sunday evening, to a large congregation.

EAST FLORENCEVILLE.

Harrington Smith is building a blacksmith shop on the bank just above S. M. Carle's.

A. B. Lovely has his house nearly all clapboarded and ready to plaster. It doesn't take long to put up a house in Manchester when they get them started.

Now that the dances are all over with here, the next one will be at Kearney's Hall, Florenceville, on Thursday night, June 26.

The members of the Church of England had a frolic last Friday, and levelled off the front of the church yard, which makes it show up much better.

BABIES WITH WORMS.

A Grateful Mother Tells How Her Little Boy Was Cured.

Mrs. A. Sauve, Rowanton, Que., is another happy mother who thanks Baby's Own Tablets for the health of her boy. The little fellow became the prey of worms—that curse of childhood. His rosy cheeks lost their color; his little legs and arms became skinny; his eyes lost their sparkle and he became sickly and peevish. His sleep was restless and feverish, and his food seemed to do him no good. His anxious mother almost despaired of seeing him back again to good health. However, she heard of Baby's Own Tablets, and gave them to her child, and now she says:—"The Tablets made a wonderful change in my little boy. All signs of worms have disappeared, and he is now in the best of health. I can honestly say that Baby's Own Tablets have no equal as a cure for worms."

Baby's Own Tablets are a certain cure for all the minor ailments of little ones, such as constipation, colic, sour stomach, indigestion, diarrhoea, simple fever and the irritation accompanying the cutting of teeth. Guaranteed to contain none of the poisonous opiates found in the so-called "soothing" medicines. They are for children of all ages, and dissolve in water can be given with absolute safety to a new-born babe. Sold by druggists at 25 cents a box, or sent postpaid on receipt of price, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

Gilbert Spurr, leaving one sister, widow of Rev. Samuel Burt, Jacksonville; three sons, Howard, of Lower Wakefield; Tupper, of Millinocket, Maine; and Richard, of Lowell, Mass.; five daughters, Mrs. D. F. Munroe, of Middle Simonds; Mrs. E. Gallupe, of Somerville; Mrs. George Densmore, of Houlton, Maine; Mrs. B. Douglas, of Lowell, Mass. and Mrs. George Clark, of Boston, Mass. Deceased was a person of fine Christian character.

Australian Savings Bank.

The population of Australia is, 4,530,000. The amount at the credit of depositors in Savings Banks is given in the "Banking Record" of Melbourne as \$188,476,000. The average of each depositor is \$151, and per head of population \$42. The rate of interest allowed averages 3 per cent. The growth of deposits, as in Canada, has gone on for many years at a rate far exceeding that of population. Our Melbourne contemporary considers that "the inflow of money into the savings banks has made it possible for the governments to keep up an extravagant loan expenditure." The expenditures complained of appear to be those on harbour and railway works. One large item is notable, \$7,500,000 will be required to convert one railway from the steam tram system to electric, which will be done on borrowed money. Canada has no reason to take a back seat when Australian statistics are on exhibit.—Insurance and Finance Chronicle, Montreal.

A schoolmistress who has a dread of all kinds of contagious diseases sent a child home the other day because her mother was ill. The next morning the little girl presented herself at school, with her finger in her mouth and a little hood swinging by the string, and said:—

"We've got a baby at our house, but mamma says I was to tell you it's not catching!"

"Papa, if you hadn't married mamma—"

"Well?"

"What a lot o' fun me an' you could have—doin' as we please!"

District Meeting.

The annual meeting of the Woodstock District of the Methodist church was held at Debec Junction on Wednesday and Thursday, June 11th and 12th. Rev. Jas. Crisp of Jacksonville presiding. Rev'ds. T. Rice, Hartland were present.

Music was furnished by a minstrel quartette. On Thursday evening Rev. J. Crisp preached an earnest and practical sermon on the higher life.

With the usual votes of thanks to friends for kindness the District closed to meet at call of chairman. Com.

To the Citizens of the Town of Woodstock.

WOODSTOCK, N. B., June 10th, 1902. At a meeting of the Board of Health this afternoon it was ordered that notice be given, in form of an open letter, that the Board of Health expect the assistance of the citizens of the Town in their endeavour to stamp out smallpox within its limits, and they request that all citizens will attempt to conform to the regulations made by the Board in respect to vaccination and otherwise.

They wish further to notify the citizens that they have accepted office with the firm intention of doing their utmost to rid the town of smallpox as speedily as possible. They do not wish to be harsh in enforcing any of the rules and regulations; but they wish to emphatically state that if, after this notice is published, any violations of the rules occur, they have instructed me as their Secretary to lay informations and prosecute all violators. They have ordered compulsory vaccination of all citizens who have not already been successfully vaccinated, and those refusing are hereby notified that they do so at their peril, for they will be proceeded against under The Public Health Act, and the penalties provided thereby will be exacted.

By order of the Board. J. C. HARTLEY, Secretary of Health District No. 9, For Town of Woodstock.
