Death of Mrs. Wm. B. Tompkins.

On the evening of Sept. 23rd, Sarah, the beloved wife of Wm. B. Tompkins of East Florenceville, N. B., after a painful and tedious illness of nearly four years passed away. The deceased was a daughter of the late Alonzo Taylor of Sunbury County. She was born in 1853, the seventh of a family of eight children, five of whom survive her; these being Mrs. Theo. H. Estey, Wicklow, Mrs. Bradford Phillips, Bath, Mrs. Ludlow Clark, Centreville, Mrs. Herbert Phillips, Clear View and Mrs. Henry Taylor, East Florenceville. On Jan. 1st 1874 she became the wife of Wm. B. Tompkins, who with four children three daughters and one son deeply mourn the departed. Mrs. Weldon Melville, Bath, and Mrs. Lorne Simonson of East Florenceville are the two eldest daughters.

In 1883 Mrs. Tompkins united in Christian fellowship with the East Florenceville Baptist church of which she was a most faithful member, always ready to take her part in any phase of the church work. Throughout her lingering illness she was ever conscious of the abiding presence of a loving saviour which enabled her to endure the suffering with a fortitude enjoyed only by God's own. The funeral services were conducted by Deacon A. D. Hartley, the remains being borne from the house to the church by the following neighbours, Chas. T. Beyer, Joel Hartley, Jas. McIsaac, Jno. R. Tompkins, Wm. Smally and Edward Saunders.

After religious services in the church conducted by Pastor Smith who preached from the words, "Blessed are the dead who died in the Lord from henceforth: yea saith the Spirit that they may rest from their labors and their works do follow them," Rev. 14:13. The remains were laid in the cemetery only a few rods from her earthly home. The large number present at these services to pay their

last tribute of respect to the deceased give evidence of the high esteem in which she was held.

That Balloon Ascension.

The committee who had charge of the arrangements for the balloon ascension to take place during the exhibition feel very badly about the failure of their man to arrive, though they were in no way at fault. The first intimation they had that he could not get here was on Tuesday evening the 22nd, when they received a telegram from him from Woodstock, Ont., saying that he had gone there by mistake. They telegraphed him to come along by next train, but he had no funds and when they learned that he was out of funds it was too late to wire him any.

The following letter from Mr. Starrett, Boston, will be self explanatory.

SEPT. 24th, 1902.

MR. R. V. DIMOCK

DEAR SIR:—I feel very sorry to disappoint you and your people. Its the first time in all my experience that I have failed to meet my audience. You should have posted me about your town as I did not know there was more than one town of the same name. After getting your telegram my man found that he could not make your town in time, and returned home at an expense to me of \$30.00. I hope we will be able to make it up some time in the future. Hoping you will not blame me, as I did all I could. Besides losing the money, I lost the week.

Yours truly,
H. S. STARRETT.

WASTING AWAY.

THE SAD CONDITION OF MANY YOUNG GIRLS.

Mothers Should be very Careful When Their Daughters Complain of Headache, Fickle Appetite, Dizziness or Heart Palpitation.

Many mothers neglect the health of their growing daughters. Not wilfully, of course, but because they think the occasional headaches from which they suffer, fickleness of appetite, and pale cheeks, are the natural results of the merging of girlhood into womanhood. This is a serious mistake. There is no period in a girl's life when she needs more attention, and unless the little troubles are successfully treated, more serious ones—perhaps decline and consumption—are sure to follow. What every young girl needs at this period is a tonic medicine that will give her a rich, red blood, strong nerves, and bring her safely through a critical period in her life. For this purpose there is no other medicine in the world can equal Dr. Williams' Pink Pills. Thousands of girls throughout Canada owe their present health and happiness to this medicine, and thousands of others who are suffering would soon be strong if they would give Dr. Williams' Pink Pills a fair trial. Among the many young ladies who have proved the great worth of this medicine is Miss Jennie Beamer, of Boyle, Ont. Miss Beamer says:—"Some years ago I became very ill, and my friends feared I was going into a decline. I was pale suffered from terrible headaches; my appetite was poor, and I grew very thin. I became so weak that I could hardly walk. I remained in this condition for several months, during which time I tried several medicines, but none helped me in the least. Then my mother got me some of Dr. Williams' Pink Pills, and almost from the outset they helped me. As I continued the use of the pills, the severe headaches left me; my appetite returned and I gained in weight. In fact, I was soon enjoying perfect health, and have since continued to do so. I attribute this entirely to the use of Dr. Williams' Pink Pills, and will be glad if some other weak and ailing girl will profit by my experience."

Pale and sallow cheeks, dizziness, headaches, palpitation of the heart, and the feeling of weariness that afflicts so many young girls will soon disappear if Dr. Williams' Pink Pills are used. These pills also cure rheumatism, dyspepsia, kidney ailments, St. Vitus' dance, and the other troubles that come from poor blood and weak nerves. Sold by all dealers in medicine or sent post paid, at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

BABY'S FIRST TOOTH.

A Family Event that Does Not Always Bring Unmixed Joy.

Baby's first tooth does not come unannounced. Inflamed gums and impaired digestion produce a feverish and fretful condition about which the mother often feels concern. The baby boy of Mrs. George McGregor, of Hamilton, Ont., was troubled with diarrhoea while teething and was cross and restless. He did not sleep well and matters became serious. The mother writes as follows: "My sister had used Baby's Own Tablets for her baby and advised me to try them. I got a box and after giving the Tablets to the baby a few times he began to improve and was soon well. He is now a big, healthy baby, and whenever he gets fretful or does not feel well I give him a Tablet and he is soon all right again."

Baby's Own Tablets replace with great advantage castor oil and other nauseous, gridding drugs. They sweeten the stomach, quiet the nerves and promote healthy sleep. They are guaranteed to contain no opiate and to be absolutely harmless. If your druggist does not keep them you can obtain a full-size box by mail, post-paid, by sending 25 cents to the Dr. Williams' Medicine Co., Brockville, Ont., or Schuectady, N. Y.
