B. M. MACLEOD won in the golf tournament last week.

The regular meeting of Woodstock Lodge No. 11, A. F. and A. M. tomorrow evening at 8 o'clock. Work on the E. A. degree.

J. L. STEWART, editor of the Chatham World, than which there is no brighter paper in the Maritime Provinces, was in Woodstock on Friday and Saturday.

THE W. M. CONNELL medal, given in the Grammar School for the best essay on "South Africa, Past Present and Future," has been awarded to George W. Tilley, son of Chipman Tilley, Jacksonville.

THERE is not much building going forward in Woodstock this summer, but a great deal of repairing. In the County outside the town there is more building than at any time for the past ten years.

SOME of the young ladies and gentlemen of Florenceville, will give an entertainment in Kearney's Hall on Saturday evening, August 23rd. The most elaborate preparations are being made, and the affair promises to be a most enjoyable one. Look for posters.

THE Prize List for the Carleton County Exhibition is out and may be had by applying to C. H. L. Perkins, president or C. L. Smith, secretary. The prizes are larger in every section. New varieties of farm products have been introduced, and the list has been made generally better all round.

A SPECIAL coronation service will be held in St. Luke's church on Saturday morning at ten o'clock. The officers of the Carleton County militia have been invited to attend in uniform and will probably be present. Special music has been prepared for the occasion. The offering will be for the Hospital.

MRS SARAH GETCELL widow of the late John Roscoe Getcell, died at her home at Waterville at six o'clock on Sunday morning after a lingering illness. Mr. Getcell was a woman very highly respected by all who knew her. She leaves no children but several brothers and sisters. The funeral took place on Monday afternoon.

TAPPAN ADNEY is illustrating for The Outing a couple of articles written by the late Frank H. Risteen. One "Moose Calling" will appear in the November number, which will also contain a poem on Moose Calling by Mr. Adney, with a full page frontispiece by him. The second article is entitled "Beaver Ways" and will appear in February.

THE "Monetary Times" says:—"The Manufacturers' and Temperance and General Life Assurance Co., with an income of more than a million, and with interest, income and rents more than sufficient to pay losses of this year—the Co. offers to the public an earning power which may well attract additions to its already large list of policy holders."

THE death occurred at his home at Nashwaakson on Wednesday evening July 30 of Thos Sanson, sr., leaving a widow, one son, William, and two daughters, Mrs. Alonzo Kelly of Doaktown and Mrs. Thomas Simms of Hartland, to mourn their loss. Mr. Edwin Sanson of Green Hill, Stanley, is a brother of the deceased, and three sisters survive. Mrs. Wm. Richards, Boiestown, Mrs. David Richards, Campbellton, Mrs. David Evans, Cardigan.—Ftton Gleaner.

THE DISPATCH has just received an interesting letter from Carey W. Hay, son of W. W. Hay, who is with the banking firm of Graves and Purday, Whatcom, Wash. Among other things he says:—"I was in the store of Wilson, Nobles Barr Co., the other day and on looking through their catalogue saw that they advertised the Dunbar Shingle Machine, of which they gave a large illustration. I asked Mr. Nobles where he got the machine and he said from Woodstock, N. B., Canada. I nearly fell over the counter. He said he had sold car loads of them." Mr. Dunbar left for the Pacific coast last week where a couple of large contracts in milling machinery awaits him.

A COUPLE of gentlemen from Armenia, dressed as clergymen, landed in town last week and proceeded to collect dough for the rebuilding of a church in Armenia which they said had been destroyed in the massacres. They did not seem quite sure what church they were members of, saying at one time that it was the Church of England and at another time that it was the Catholic. Mayor Belyea made up his mind that they were fakirs and give them an hour to hit the trail, which they promptly did. The people in this country are contributing to foreign missions through the medium of their own foreign missionary societies and they know where such contributions go. When an Armenian gets as far away from home as Woodstock on a collecting tour for a church we have no means of knowing who or what he is, or what will become of the money he collects. The old channels have always proved satisfactory and no one sees any need of using new and uncertain ones.

FRANK DICKINSON, of Woodstock, has been engaged by the Millinocket Base ball team, to pitch for them in the Northern Maine League for the remainder of the season. Dickinson is fast making a reputation for himself at Millinocket as he "downed" the hitherto almost invincible Houlton team twice last week. On Monday at Houlton, with Dickinson in the box for Millinocket, the score was 4 to 3 in favor of Millinocket in a ten innings game. On Friday, on the home ground, with Dickinson in the box against Houlton, Millinocket won out with a score of 12 to 5. This puts Millinocket second place in the League standing.

FACTS.

Tennyson or Longfellow could take a worthless sheet of paper, with a poem on it and make it worth \$65,000—that's genius. Carnegie can write a few words on a sheet of paper and make it worth \$25,000,000—that's capital. The United States can take 37½ grains of silver and stamp an eagle on it and make it worth 1.00—that's money. A mechanic can take raw material worth \$3.00 and carve it into ornaments worth \$5.00—that's skill. A merchant can take an article worth 50 cents and sell it for \$1.00—that's business. A well digger works ten hours a day and handles several tons of dust for \$1.25—that's labor. Your wife can buy a cloak for \$12.50 but prefers one that cost \$50.00—that's natural. The printer of this can write a cheque for \$100,000,000 but it wouldn't be worth a dime—that's rough. There are dentists who will tell you that their work and office is as good as Dr. Manzer's—that's gall. We are first class workmen and can do you a first class piece of work—that's common sense. Dr. Manzer, Dentist, Woodstock, N. B.
