IT is reported that several large fields of potatoes in Arrostook County have had to be ploughed under, as the long period of wet weather rotted the seed. These fields will probably be sowed in buckwheat or barley. The potatoes in Carleton County are backward, but in fair condition. In Carleton County wheat is in excellent form, corn is in poor shape. It is estimated that on the whole crops will be little more than half what they were last year.

IT is up to somebody to say that the weather has been simply rotten for so long that the mind of man runneth not to the contrary. O yes, Sunday was fair and Monday good, but yesterday the rain came down in torrents, as if it hadn't rained for a year. The Bristol races were declared off and the only man who celebrated the first of July was a little darkey who got an elegant jag on floated around on a few of the side avenues in his glory. He was wet, inside and out.

THE LUMBER cut of the St. John and its tributaries is pretty well into the boom now. This year's cut was probably 125 millions and there were about 10 millions of last year's cut hung up. Of this 135 millions about 130 millions have now reached the boom. A drive passed Woodstock on Monday and there will be only one more to clean up the river. This last drive will bring in the lumber remaining in the Coffee Mill just below Grand Falls and a couple of millions that had been held in boom on the Madawaska for the purpose of sorting out the cedar.

The King is Recovering.

The general feeling of relief as a result of the favorable reports of the condition of the king, vented itself in Great Britain on Monday night by the touching off of the 3,000 bonfires throughout the United Kingdom, which were originally prepared to celebrate coronation night.

The signal to light the fires was given at 9.05 o'clock; a rocket was sent up from the top of the gigantic wheel in Earls court and burst in a cloud of stars 1,000 feet overhead. In response to this signal, bonfires rose from every elevation of any consequence from the Lizard to Orkneys.
