HELP FOR MOTHERS.

Baby's Own Tablets Are What You Need When Little Ones Are Cross, Fretful and Sleepless.

If a child is cross, fretful and sleeps badly, the mother may feel absolutely certain that some derangement of the stomach or bowels is the cause. And she can be just as certain that Baby's Own Tablets can put her little one right. These Tablets cure all the minor ailments of little ones, such as indigestion, constipation, simple fevers, diarrhoea, worms and teething troubles. They are guaranteed to contain no opiate and can be given with absolute safety to the youngest and most feeble child. Every mother who has used them speaks of these Tablets in the warmest terms. Mrs. E. Bancroft, Deerwood, Man., says: "I have used Baby's Own Tablets for stomach and bowel troubles, for simple fevers and teething, and I think them the best medicine in the world. They always strengthen children instead of weakening them as most other medicines do."

You can get Baby's Own Tablets at any drug store, or by mail post paid at 25 cents a box by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y.

An Interesting Trapper.

George Armstrong, who lives at the First Eel River Lake is an interesting sort of man. He is a hunter, trapper and guide, and though he has only one leg he gets around as actively as the best of them. On one leg and a pair of crutches he can get away from many a two legged man in a snow shoe tramp. On his one foot he wears an ordinary large snow shoe and on the end of each crutch he fastens a small snow shoe which he makes specially for this purpose, and thus shod he covers the ground at a surprising rate of speed.

"Gents," said the clerk of the summer hotel, "you're making too much noise. Mr. Longhore, the author, is in the next room, and he says he can't write." "That so?" replied one of the roisterers: "tell him everybody knows that."—Philadelphia Press.
