### Shaw, Cassels & Co.

Few people have any idea of the extent of the business of Shaw, Cassels & Co., whose headquarters are in Montreal. It may not be generally known but there is not the slightest doubt, that this firm are the largest sole leather tanners in the British Empire. One seldom, however, hears the statement made. Shaw, Cassels & Co., have three tanneries, one at Hawkshaw, N. B., and two in Ontario. They are the very best to be found anywhere and are exceedingly up to date and modern in every respect. They are the result of many years constant improvement. During the last three years the firm spent over \$200,000 in rearranging their plant and placing new machinery and better appliances. They are turning out a vast amount of leather. Six million pounds is the firm's export trade, and four million pounds sold in Canada, in all ten millions pounds.

Shaw, Cassels & Co's name has been, and is so distinctly connected with the sole leather trade of Canada, that it needs little to be said on the question of quality. Any class of stock turned out of their tanneries may be relied on as being exactly as represented by samples or verbal statement. This firm have recently gone into the manufacture of cut bottom stock of all classes in connection with their large tannery at Huntsville. They have adopted Canada's national emblem as the brand. Any cut soles or taps with the "Maple Leaf" stamp on them will be a sure evidence that these goods are a worthy product of the Dominion. For many years they have been most successful exporters of sole leather and are therefore in close touch with the foreign trade and know exactly what is suitable for the respective markets. The firm invite correspondence as to their cut bottom stock, and will be pleased to submit samples and prices. Address Shaw, Cassels & Co., Montreal, 2, or Hawkshaw, N. B.—The Canadian Shoe Leather Journal.

### The Industry at Upper Woodstock.

Though it was the intention of Mr. Craddock of the Upper Woodstock Wood Manufacturing Company to manufacture only for the British market, he has already received an order amounting to about 300,000 broom handles made up for shipment in February and two more to go forward in March.

The saw mill and warehouse will not be built till next spring. Mr. Craddock expects to have a couple of car loads of broom handles made up for shipment in February and two more to go forward in March.

Mr. Craddock expects his family to be here in January.

### Death of Mary Estey.

On Oct. 11, the sudden death by typhoid fever occurred at Brooklyn, N. B., of Mary Estey, youngest daughter of Mr. and Mrs. D. Newman Estey of Florenceville, N. B. The deceased was a very promising young lady and much loved and respected by her many friends at home from whom she had gone about fourteen months before her death. At the age of thirteen she followed Christ in his divine command and was baptized and united in fellowship with the Florenceville Baptist church of which she remained a faithful member until she got her dismission to unite with the Temple church at Brooklyn, N. Y. Great sympathy was felt and shown for Brother and Sister Estey and family in their greatest bereavement. The many expressions of sympathy which came from Dr. Myers, pastor of the Temple church and from other members of that church and Young People's Society gave evidence of the large and warm place the departed had won in the hearts of these people by her devoted Christian life. The remains were brought home by the youngest brother of the deceased to be interred at Florenceville. In the absence of the pastor the funeral services were conducted by Pastor Rev. Jos Cahill.

### Carleton County Court.

At the County Court last week four cases were tried:

Theodore Cain vs. G. L. Cronkhite, an action to recover the amount of a note claimed to have been paid twice. Verdict for full amount for plaintiff, \$35.00

S. S. Miller vs. J. B. Gunter, an action on account. Verdict for plaintiff for full amount \$27.00.

William Henderson vs. Wilhelmina Calder, an action on account, verdict for plaintiff for \$125.00

Wm. Currie vs. the Municipality of Victoria, on account of a ferry license, verdict for plaintiff for \$200.00.

### The Fat Stock Shows.

J. Frank Tilley returned on Saturday from a trip to Chicago and Guelph where he and W. W. Hubbard had been attending fat stock shows. They were met at Guelph by the Hon. L. P. Farris, who took in the fat stock show with them. At the Chicago show there were on exhibition, 1100 cattle, 1200 sheep, 900 pigs and 700 horses. Though the show at Chicago was larger than that at Guelph and superior in many ways, yet a large number of the prizes were carried off by Canadian exhibitors. The educational features of the Guelph show were far superior to those of the Chicago show. At Guelph the judging of the stock was accompanied by a lecture by the judge, giving reasons for the decision in each case. The judging ring was surrounded by raised seats, where large numbers of people took advantage of the opportunity to listen to the lectures. There was a main lecture room off the judging wing of the main building, with a seating capacity of 1500, where there was a lecture going on at all times, on some interesting topic of agriculture. The first two days of the show at Guelph was given over to reports of members of the Ontario Experimental Union. These reports were very interesting statements of the results of agricultural experiments made by individual farmers at home. The Chicago fair had none of these educational features. The fair at Amherst, now in progress, will have all these educational features.

Mr. Tilley says that F. E. Came of St. Andrews, N. B., took practically all the prizes in his class with his flock of South-down sheep. The only serious competition he met was from a flock owned by Mr. Drummond of Quebec.

Mr. Tilley left on Monday night for Amherst.

### A Change For the Better.

It is pleasing to note the improvement that has come about in a few years on the class of literature one finds in the barber shops. Fifteen years ago the regulation barber shop journal was the New York Police Gazette, a journal printed on pink paper and full of blood, thunder, liquor, pistols, poison, half-clad women and low browed men. The pictures were calculated to attract the attention of only the most depraved, and the text was always in rotten English. Today the Police Gazette is not to be found in a barber shop in the country and in its place one finds the best daily and weekly papers and some of the magazines.

About eighteen teams followed the remains through to the cemetery.

### What He Had to Do.

Father (left in charge)—No, you cannot have any more cake. (Very seriously): Do you know what I shall have to do if you go on making that dreadful noise?

Little Girl (sobbing)—Yes.

Father—Well, what is that?

Little Girl—Give me some more cake.

And she was quite right.
