There were no services here on Sunday on account of the incessant rain throughout the day.
Crops around here are suffering greatly for the lack of dry weather.

Death of Cyrus Shaw.

Cyrus M. Shaw a well known and highly respected citizen of South Wakefield died at the residence of his nephew, Nathaniel Shaw, on Saturday, June 7th, in the 80th year of his age. In his youth Mr. Shaw had been foreman of a large crew of men for the late Hon. Charles Perley. Later in life he bought a farm at Somerville where he farmed successfully for many years. For the past six years he has made his home with his nephew, Nathaniel Shaw, at whose residence he died. Mr. Shaw was a man of much more than the average intellect a great reader and a man of strong and high character and with it all a man of such kindly disposition that he was regarded with affection by all who came within the circle of his influence. The funeral took place at the old family cemetery at Victoria Corner on Monday, June 9th. The Rev. C. T. Phillips, of St. John, conducted the service.

Keep Well in Hot Weather.

Dieting is all-important in keeping cool. The best advice embraced in a cure for obesity. Eat all you need," the author says; "but don't eat truck." Fruit peels, tomato skins, strings of beans and cauliflower, ends of artichoke leaves, the fibrous parts of oranges, applecores, melon rind, cherry pits, grape stones, pie crust, crab's legs, the grisly part of clams and meat are ruck; there is no nutriment in them. Consumption of that sort of food is only putting a tax upon the system of digestion. Whatever the individual eats with a relish will do him the greatest good, but it is reasonable to cultivate a taste for seasonable foods. Meats, hot breads and fiery drinks are heat-producing, and there are other things equally satisfying that will keep the human house cool.
Fresh fruits, salads with oil and lemon juice, cold vegetables with mayonnaise sauce, all cool the blood. Cold bouillon and cold tea and coffee with lemon juice are refreshing and stimulating. Cool chocolate with whipped cream is food and drink, and there is health and strength in sterilized milk.
Dry toast or old bread with fresh butter are two other good things for the year round. Toast is half digested. Fresh eggs are better than meat, and may be made as satisfying. Serve them once with asparagus tips, tomatoes, cauliflower or chips of bacon. The kidneys strain the blood, and whatever stimulates their action is good. All the onion family and asparagus are valuable in this connection. While fruit is the most delicious hot-weather food, a dish of bad berries or a soft hearted banana is more to be feared than green apples. Beans, peas, ham, potatoes, veals, cereals, and the starches generally are too heating for summer diets. Ices and ice-cream are cooling and generally harmless. A tepid bath is the best for hot weather, as it cools the surface without stimulating the circulation.

A Phenomenal Dive.

Prof. Oscar Browning of Cambridge tells in the June Century this anecdote of the Prince Consort at Eton School, in which he took great interest:
The Prince used to bathe frequently at the master's bathing-place, and he found there, on one occasion, two of the staff whom he knew to be accomplished divers. Having a passion for statistics, which he had derived from Professor Quetelet at Brussels, he asked how long they could remain under water, and desired to witness a specimen of their ability. In the middle of the stream was a small island, covered by a willow-tree. One of the bathers, afterward a most distinguished bishop, jumped in and swam under water to this island, coming up under the

branches of the tree. After resting a few minutes, he entered the water again, and arrived panting at the steps. The Prince was gazing at his watch, and acknowledged that this was a longer dive than he had ever heard or read of.

BABY'S OWN TABLETS.

Cure All Minor Ills, and Bring Joy and Comfort to Baby and Mother.

Disease attacks the little ones through the digestive organs. Baby's Own Tablets are the best things in the world for all bowel and stomach troubles of children. They act quickly and gently, and always cure indigestion, colic, constipation and diarrhoea. They are also a great help to teething children. Mrs. Gabrielle Barnes, Six Mile Lake, Ont., says:—"Baby's Own Tablets reached me just in time as my baby was very ill with indigestion and bowel trouble, and I am happy to say the Tablets relieved him after a few doses. He is now doing splendidly with just a Tablet now and then when he is restless. I am the mother of eight children and have tried nearly all the old remedies, but have never found a medicine equal to Baby's Own Tablets."

The Tablets are guaranteed to contain no opiate or harmful drug, and crushed to a powder they can be given to the smallest, feeblest child with a certainty of good results. Sold by all druggists, or sent post paid at 25 cents a box by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y.

Thrilling Moments.

"Johnnie," called the mother: "I want you to go to the store for me." "Wait a second, maw," replied the youth, who was absorbed in a five cent volume; "Pepperhole Pete has thirty-seven Injuns to kill an' it'll only take him about two minutes."—Ohio "State Journal."

We notice by the prize list of the St. John Exhibition, that the following prizes are offered exclusively to the farmers of Carleton County:—

Mowers, Rakes, Reapers, Binders.

Warranted to be the best Machines in the market.

The Noxon Mower is the best manufactured, and its fame is known all over the world. Its superiority over all other mowers is proved by its having taken the Grand Gold Medal at the Paris Exposition. This distinction has been falsely claimed at different times by other machine firms, but little or no credence was given to the statement. The machine in question was sold by A. B. Wetmore, to a customer in Sunbury Co., in 1901.

Full line of repairs for each and every article as well as machines mentioned, kept by all our agents, among whom are G. M. MCRAE, PERTH, N. B. and D. S. JONES, BRISTOL, N. B.
