ATTENTION is called to that very fine property on Main Street in this town which will be offered for sale at Public Auction, on Saturday the 29th day of November instant. The building contains two separate suites of rooms, one of six and the other of ten rooms, with first class bath room in each. Frost proof cellar under the building.

THE dances in Burnham's Hall, East Florenceville have commenced for the winter months. Dances commence at eight o'clock, close at half past eleven.

SAMUEL H. WADE, formerly of Woodstock, died at his home in Cambridgeport, Mass., on November 15th, of heart trouble. He leaves a widow and four sons, E. Winthrop, manager of W. & N. Bacon's gentlemen's furnishing store, Boston; J. Morrell of Port Hood, Cape Breton; Henry E., Supt. of International Correspondence schools, of Scranton, Pa., at Portland, Me., and Kenneth H., with Burge Hayes & Co., insurance, Boston.

A PUBLIC meeting was held under the auspices of Wellington L. O. L. No. 51, in the hall at Kirkland, Friday evening the 21st. David Hipwell, P. G. M., was the chief speaker of the evening. Short addresses were given by Co. M. James Forrest and Charles McKean. The meeting closed with singing God Save the King. A session of the Royal Scallot was held immediately after and five members of No. 51 were exalted. A fine supper was served up by the ladies of the True Blue Lodge.

JOHN J. TROY got a letter last week from his brother Jim who is in Vancouver. He says that Roy Nason, a Woodstocker, won the amateur championship medal, one mile race on roller skates there a few days ago. Among the men who witnessed the race were Jim, Charlie Lee, Fred Fisher and Cyrus Wright all Woodstock fellows. The letter further says that William Queen has just come out from Atlin where he had a prosperous season and will be in Woodstock this week. Jim is cook in a restaurant in Vancouver. He has a good job.

I WALKED into a jewelry store last week with a catalogue of a concern of silversmiths in my hand and asked the proprietor if he could sell goods as cheaply as the foreign concern. He opened the catalogue and at once his eye lighted on article which he kept in stock and sold ten per cent cheaper than the foreign house quoted it. He told me that in almost every case the prices in the catalogue were larger than local merchants asked for the same goods. He gave me more than one illustration of this fact. It is the custom of these houses who issue catalogues to select some minor article in every department and mark it at cost as a bait and then make up their loss on other articles. One woman tells a sad joke on herself. She sent to Montreal for some Cambric for which she paid 14cts. a yard, and she afterwards found that the very same thing was selling in Woodstock for 12cts. If people will patronize the local stores the merchants will be able to keep stocks that will compare favourably with anything offered by the catalogue houses. The local stores at present show most fair and reasonable bargains in every line of the necessities and luxuries of life, and if the money sent out of the province to swell the incomes of the departmental stores in Montreal were spent in the county our stores would be much better than they are at present.

DR. POLCHIS, the celebrated medicine man of the Indian Village below town, was arrested on Sunday because he was unable to curb the exuberance of his spirits, caused by too frequently looking upon the Scotch when it was amber.

D. W. HOEGG COMPANY'S lease of the Canning Factory premises has expired, and it is not known whether they will be able to make a trade with the owners for a renewal of the lease. The factory will shut down this week for the winter. Mr. Gilman, the manager, leaves in a few days for Portland, where he will spend the winter.

AMONG the good yearling colts in town are three sired by Baron Almatier, all owned by Gallagher Bros. Dr. Hand has a fine one by Almont Charta, Allan Smith a beauty by a son of Kremlin. This is the colt that he bought from J. T. Allen Dibblee this fall. Adolphus Grant has a Baron Almatier colt. These colts, all promising ones, are already being broken to harness by their owners. TOM PEPPERS, a bright young man of about thirty years of age will be tried at Andover this week on a charge of having obtained goods under false pretensions from Charles R. Watson. Some three years ago Mr. Peppers was working for Mr. Watson as a salesman. He had been operating in Glassville but later went to Victoria County. He sold an organ to C. C. Rogers and a sewing machine to Sam Lovely of Perth and sent to Mr. Watson for the goods, promising to send the money the day after they were received, as both sales were for spot cash. Mr. Watson shipped the goods and that was the last he saw of Mr. Peppers. The amount involved was some \$135.00. Mr. Watson learned just a short time ago that Peppers was at Oromocto and he at once dispatched Sheriff Foster with a warrant for his arrest.

The fires of life

Five-sixths of the food we eat goes to keep us warm. Death by starvation is really death by cold. If the nutrition of the body is insufficient, the body itself is consumed. Growing thin or wasting away is a process of burning up. To stop the process, increase nutrition—supply fuel. Our Emulsion of Cod Liver Oil is the remedy needed in all chronic and wasting diseases. It affords material for fuel, for growth, for increasing strength and energy. It cures throat and lung troubles.

It is better than other Emulsions because we make it at frequent intervals, so that it is always fresh.

Florenceville Bank Safe.

The big safe which was blown open by the burglars at the time of the recent robbery of the Bank of New Brunswick branch at Florenceville, Carleton Co., has been repaired and made as good as before the rough treatment. Harry Iddiols, who has had more than thirty years' experience in that business, did the work.

The safe was a seemingly hopeless wreck when Mr. Iddiols received it, but now it has no appearance of having ever been tampered with. The safe crackers at the time drilled a hole over the lock, and blew the outside doors to pieces. Then they blew off the door of the strong box, which was of three inch steel, the flanges being torn completely off. The safe will be sent back to Florenceville today. St. John Sun.
