FLORENCEVILLE.

The debating feature is becoming quite prominent in our school. On Friday the 27th of March, the subject was as nearly as the writer has the wording, "Resolved that Napoleon was a greater man than Wellington."

There was quite a number of visitors. The debate was a well fought one. There were parties in that school on that day, and no mistake, each seemed determined to win.

The research, intelligence, choice of language, power of expression, argumentation power, and brain development in such youthful contestants was remarkable. It was fascinating indeed to listen. Sometimes it was the historical facts that were noticeable, sometimes the ingenuity in getting over a hard place, sometimes the comparative unscrupulousness of the eager debaters magnifying the character of the chosen hero, sometimes the mathematical reasoning, sometimes the pose, facial expression, tone of voice, modulation or gesture, but whatever it might be there was unmistakable evidence of the great possibilities wrapped up within these youths and maidens who vigorously fought with the weapon of debate. Speeches were called for and responded to by Mrs. Holmes, Miss Mary McCain and Rev'ds. Anderson and Fiske. The judges were Rev. Mr. Smith and the principal of the school, Fred Squires.

There was a two-fold basis of judging. Mr. Smith marked his points under three heads, argument, sequence and debating power, and

AN OPEN LETTER TO MOTHERS.

We are permitted to make public the following letter, which is a fair sample of hundreds written by mothers throughout Canada praising Baby's Own Tablets:

Dunbar, Ont., March 18, 1903.

Several weeks ago my baby was very cross and ill owing to troubles common to children when teething. A correspondent highly recommended Baby's Own Tablets, saying she would use no other medicine for her baby. I sent for a box, used them according to directions and must say that I have found them the best medicine for a teething child I have ever tried. One Tablet every other day keeps my baby well and I am sure of my rest at night. I echo the words of my friend and say "they are just splendid."

Mrs. Charles Willard.

Baby's Own Tablets will cure all the minor ailments of children, and can be given with absolute safety to even a new born baby. These Tablets are the only medicine for children sold under an absolute guarantee to contain no opiate or harmful drug. Sold by druggists or sent by mail post paid at 25 cents a box by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

Judging in this way each side received sixty-five points. Mr. Squires marked under one head only, viz., argument, and his marking stood, affirmative sixty-one, negative, fifty. The teacher and scholars deserve much credit in this line of school discipline.
