

TO ADVERTISERS.

THE DISPATCH desires to impress on advertisers that changes of advertisement must be handed in not later than six o'clock on Monday to insure insertion in the issue for the current week.

LOCAL TOPICS.

LAST Friday was so dark a day that both electric light stations ran all day.

At THE Free Baptist church on Sunday evening the Rev. F. A. Currie, M. A., baptized two candidates for membership.

JOHN MILLER of Glassville left last week for a two month's trip to the Pacific Coast. During his absence his store and the post office is in charge of Roland Semple.

WHILE THE MANUFACTURERS LIFE shows an increase of 50 per cent. in surplus it shows a decrease in expense ratio. Consequently for absolutely safe insurance and large profits insure in this company.

THE Social Committee of the Young People's Union of the Baptist church arranged for a successful social on Monday evening March 30 at the home of Mrs. Lily, Broadway. There was a large attendance of young and old. An excellent program was given and refreshments served. Ten dollars was realized on church repairs. There will be another social in three or four weeks.

THE Shamrock B. B. & A. Club of St. John are having a drawing for a fine trotting mare, "Alex T." This Association held a drawing last year of the fast pacer "Baby Boy" which created much interest through the provinces, and was won by Mr. Frank McDonald of the Windsor Hotel, St. Stephen. This club had one of the best ball teams last year that ever played in the provinces, and intend to keep their reputation up the coming season.

DR. C. A. KIRKPATRICK and his wife have just returned from a trip to Philadelphia. The doctor has been for the past month in attendance at the clinics of the University of Pennsylvania and visiting a number of private offices and has spent no pains or expense to perfect himself in everything pertaining to his profession. He will soon be associated with his brother in his practice here and all work intrusted to him will be done in an up to date manner.

SOME one sends to THE DISPATCH this week an anonymous communication giving some one else a back hander on the mug. These anonymous communications can't be published in THE DISPATCH. If the writer is a man we advise him to go to his job and give him a couple of swift ones with the right on the solar plexus. If the writer is a girl we advise her to talk about him behind his back. There are more ways of getting even than writing anonymous communications.

At THE Baptist church the pastor Rev. Z. L. Fash is preaching on Sunday evenings a series of sermons to young people based upon the life of Joseph. The subjects this far have been "The Young Man in the Home," "In His First Troubles," "Thrown Upon His Own Resources," "In Business," "In Success." The next four Sunday evenings the subjects will be "In Severe Temptation," "Losing all for Principle," "Rising to Eminence," "The Transient Character of Human Fame."

FRANK MURCHIE, of Kirkland, died at his home on Sunday night, after an illness of some weeks, of appendicitis. About three weeks ago he underwent an operation from which he was apparently recovering. He leaves a wife and two children, a father and mother and several brothers and sisters. Mr. Murchie was a young man about thirty-five years of age, very highly respected, and his death is regarded as a loss to the community. The bereaved family have the sympathy of the entire community.

THE Woodstock Electric Light Company's staff have been making alterations in their wires and fixtures on Lindsay's block. These wires which formerly ran over the top outer edge of the building are now placed on the front side, making a vast improvement both in appearance and durability. Other blocks having wires hanging over the sidewalk from poles to building should be treated likewise by having three wires sufficiently large enough to supply each block instead of the numerous tributaries. This would give the hook and ladder company a show in case of fire.

At THE Annual meeting of the Woodstock Carriage Co., at the office of the Company on Tuesday afternoon last, John Kennedy, J. T. A. Dibble, D. A. Grant, H. P. Birmingham and Frank R. Shaw, M. P. P., were elected directors. At a meeting of the directors J. T. A. Dibble was chosen President, John Kennedy, Vice-Pres. and D. A. Grant, Manager and Sec'y. Treas. The directors were given permission to issue \$5000 preferred stock, a part of which has already been subscribed. The company will turn out this year 250 waggon's a number of which are already finished and sold and a large number of others are well advanced toward completion. They have orders booked from St. Stephen, St. Andrews, St. John, Grand Manan, Edmundston, Andover, Perth and other towns. They have skilled workmen in every department and are turning out good work.

THE new steel-highway bridge which the local government has constructed across the St. John river from Andover to Perth is now in use, having been thrown open last week. It was built under direction of the local government's edgineer, A. R. Wetmore.

CARE COUNTS.

The issues of life and death depend on the potency of a drug sometimes—oftener than we are apt to think. When your physician prescribes a remedy he expects certain results; if the remedy supplied be lacking in purity or strength, it may fail in its purpose.

We think of these things. We take care to see that every drug we use in prescriptions is ABSOLUTELY PURE and of Standard Potency. We are careful about the compounding also. We have had ample experience and can assure you that if you permit us to compound your prescriptions you can feel secure about them.
