LOST

On the Glassville road between Glassville corner and Wicklow, an envelope containing eighty-four dollars cash. The envelope had Mr. J. Stewart's name on it. The finder will be rewarded with ten dollars on leaving the money at either my residence in Wicklow, or T. Lynch's, Glassville, or M. Welch's, Bristol. ALBERT HUTCHINSON.

FOR SALE OR EXCHANGE
At a Bargain.

The writer wishes to sell the hotel property at Bristol formerly occupied by the late Matthew Caldwell. No reasonable offer refused or would exchange for well located farm property. A 1 reasons for selling. MANZER W. CALDWELL.

The Proposed Shorthorn Sale.

We understand that Mr. W. W. Hubbard has made arrangements with Mr. H. H. McCain to have a number of last spring's calves at the sale of stock to take place here on the 27th inst. in order that prospective buyers of the stock imported may see the result of crossing the pure bred male on our native herds. In order that buyers may not be deceived in reference to this matter it might be well to say that the yearlings sent here by Mr. McCain are those that were allowed to run on the cows all last summer, and would in no way represent what the average yearling calves would be if reared in a judicious and up-to-date manner. These animals were not raised by Mr. McCain but, purchased from a farmer in his vicinity.

I was of the impression that the C. P. Ry. was working or intending to work in unison with the dairy industry when bringing the imported stock here, but it would seem strange that they should bring stock here such as outlined above for show purposes only, with a view of showing what might be done when Shorthorn males are crossed with our native stock. How in the world can the dairy work flourish when calves are allowed to run on their dams all summer. Will Mr. Hubbard or the C. P. Ry. approve of the method any way even for beef purposes. Can we afford to sell butter fat in this expensive way? Butter fat will be worth say 18 cents per pound this season. Would it be a prudent, judicious and up-to-date system to feed it to calves when oil-cake will take its place costing only a few cents per pound. We are willing to let the dairy industry fight this movement if done fairly but not otherwise.

I am informed that the stock coming here are Dairy Shorthorns, but if people purchase them, they will in time see. The Dominion Government have a herd of so called Shorthorns, but it is strange that they had to travel over England and Scotland to find them. They are claimed to be profitable, but our farmers are not experimentalists, and it would be nonsense for them to attempt to get a herd of profitable milking Shorthorns. They are only freaks of nature and when you find one you have a Shorthorn of the dairy form, but her form does not indicate that her progeny will be of the same style.

Prof. Grisdale when stocking a farm purchased by himself as a private enterprise did not stock it with Shorthorns. He stocked it with Holsteins. Why? Because he wanted to engage in the dairying industry. He at the same time had on the farm at Ottawa these Shorthorns referred to above and if he had considered them the most profitable he no doubt would have used them. We hope that delegates coming here on the 27th will be guided by their own good judgment and allow this importation to go to sections where beef raising is a predominant feature. They should not be purchased by any one engaged in dairying.

Mr. T. W. Hodson, Dominion Live Stock Commissioner, is engaged in dairying and has his herd headed by a Shorthorn bull, but Mr. Hodson does not raise a calf and he purchases only matured cows. He sells his calves as soon as dropped to parties engaged in making veal, which is a market we in New Brunswick cannot find.

CONTRIBUTED.

A Shorthorn Show.

The purebred Shorthorns to be brought to Woodstock at the instance of the C. P. R. left Myrtle, Ontario, on the 20th inst., and should reach here on the 24th or 25th. We are assured by Agricultural Agent Hubbard that the consignment consists of one of the best lots of cattle ever brought to the province. They are all from good milking strains and excellent individuals. Fourteen of them, thirteen young bulls and one cow will be put up at auction at 1.30 p. m. on the 27th inst., the balance have been bought to fill orders as follows:—A. C. Fairweather, St. John, a cow, heifer and bull; Dr. Dundas, Hoyt Station, a two year old heifer; M. A. Smith, Blissville, a cow; C. F. McLean, Burton, a heifer calf; Wm. Shaw, Upper Woodstock, a two year old heifer; N. F. Phillips, Pembroke, a yearling heifer; T. C. Strong, Lindsay, and Geo. W. Sharp, Pembroke, two heifer calves; John H. Gieves, Harvey, a bull.

All the stock will be on exhibition here on the 26th and 27th inst. and Mr. Hubbard extends a cordial invitation to everyone interested in good stock to inspect the bunch. All visitors to the Seed Fair can also take in this show of stock. The double event should attract many to our town at this time. There will be one fare excursion rates on the C. P. R. good coming to Woodstock on the 26th and 27th and returning on the 28th.—Contributed.

Dairy Meeting at Florenceville.

Last Friday evening the meeting in the hall at Florenceville under the auspices of the Carleton Creamery was well attended, notwithstanding the wretched weather. H. H. McCain, was elected chairman and John V. Kearney secretary. Addresses were delivered by Mr. McCain and Mr. Neilson, a native of Denmark, who came to this country a few years ago and who is now employed as the manager of Mr. McCain's dairy farm on the road to Wicklow, where a dairy farm will be conducted on the most improved principles. Mr. Neilson, who has had a very extensive dairying education answered many questions about the profitable feeding of dairy cows and pigs and on the raising of proper feeds and on mixed and balanced rations. Addresses were also made by N. S. Dow, manager of the Carleton Creamery, by Wilbur Taylor, Clarence Estey and other farmers. Mr. Estey's address was on his own method of feeding and on the advantage he found in weighing each cow's milk regularly and having it tested.

The meeting adjourned to meet on the last Saturday in April for the discussion of dairy and general farming matters.

THE GREAT MUSICAL EVENT.

America's Premier Contralto April 29th.

Mary Louise Clary is heard continually in the leading musical circles in the United States, and the endorsements thus received proves conclusively that our people are to have the musical treat of their lives when she makes her appearance here April 29th. After a recent concert in Pittsburg, the Daily Post of that city says: "Clary's voice is truly phenomenal for its richness and breadth. It is a question if such luscious bell like tones, ever came from a human throat before. She is fast becoming the acknowledged great contralto of her generation at least in concert and oratorio. A great contralto has never been heard in Woodstock and this fact lends more interest to the coming occasion. Don't forget the date.

Condolence.

Whereas it has pleased Almighty God to remove from our midst our beloved comrade and brother Geo. Cowan, of Rosedale.

We the members of Waterville L. O. L. No. 95 desire to place on record our deep senses of loss in the departure of one who by his many estimable qualities had endeared himself to all.

We desire also to express our heartfelt sympathy with his widowed mother and family in their sore bereavement praying that our Heavenly Father by his sustaining grace may help them to bear with Christian fortitude and resignation, the burden of sorrow which in his mysterious Providence has been laid upon them.

Signed on behalf of the Lodge,

Butter Paper, printed and unprinted in one and two pound wrappers, at this office

British Cruiser Pallas, Seizes a Venezuelan Warship.

NEW YORK, March 23.—A special cablegram to the Herald from Port of Spain, Trinidad, says: The British cruiser Pallas has seized the Venezuelan warship Restaurador on the ground that she is a pirate.

The case against the Restaurador cites that soon after she was handed over to the Venezuelan authorities by the German commander she began again acts of piracy and robbery on the high seas. It is charged that she seized the cargoes of vessels and then dismantled and abandoned the craft. A Port of Spain paper says editorially of the Restaurador's course: "Such piratical acts proved the unwisdom of the generosity of the allied powers."

The paper expresses hope that retributive justice will be swifter and more effective than on the last occasion.

Reformed Baptist Quarterly Meeting.

The Quarterly Meeting of District No. 1 including the counties of Carleton and York was held at Millville York Co., from Thursday evening 19th inst., till over Sunday 22nd. There were three services each day which were very interesting and helpful. The services on Sunday being very largely attended and the sermons very instructive and spiritually helpful. There was quite a good attendance of delegates from the churches, considering the state of the weather and the roads. The ministers present were Rev'ds J. H. Coy, G. B. Macdonald, H. C. Archer and W. B. Wiggins.

Such was the interest manifested on Sunday that Rev. J. H. Coy, the pastor of the Millville circuit considered it best to continue the special services. Rev'ds C. B. Macdonald and H. C. Archer assisting him on Monday evening.

The Coal Miners Win.

The Anthracite Coal Commission has finished its work and the victory is with the workmen.

The victory of the United Mine Workers and all of their friends consists in these facts:

First.—That the miners are to be paid by weight.

Second.—That the weight is to be honest and is to be ascertained by a representative of the miners (one of their own body), as well as heretofore by a representative of the coal operators.

Third.—The miners are to have an increase of 15 per cent. in wages.

Fourth.—Non-union men were not considered as one of the parties before the Commission.

The preceding fact is equivalent to a recognition of the United Mine Workers of America.

MRS. BAILEY, wife of station agent, H. L. Bailey, of Decec, underwent a serious surgical operation at the hospital on Wednesday last, and her friends will be glad to know that she is recovering from the effects of it nicely. The operation was performed by Drs. Griffin and Rankine, assisted by Dr. Hand.

MISS LINA SCOTT entertained a number of her young friends at a St. Patrick's party on Tuesday evening last. The usual games furnished entertainment for the evening. Luncheon was served at 11 o'clock, at which covers were laid for 15. The table decorations were green and white. All present enjoyed themselves thoroughly.
